

**Chronic Sore Leg.**  
Mr. J. Richardson had a running sore on his leg for twenty years. Tried doctors and medicines without aid or any permanent good. Mr. L. S. Nunnally, druggist, Hartford, Iowa, recommended Morley's Sarsaparilla and iron to cure the cause of the sore and make it heal from the inside. A few bottles cured his leg and put him in better health than he has been in for twenty years. Ask your druggist.

**Honor to Whom Honor is Due.**

The railroads have been greatly abused as soulless corporations that were grinding the life blood out of the people. The great Galveston disaster has, however, revealed the fact that the managers of these corporations have hearts which are susceptible of being touched by the cries of distress. Their trains were placed at the disposal of all those engaged in relief work on the coast. Provisions and supplies were carried forward free of charge, committees from every section of the state were furnished transportation, and when the refugees from Galveston began to pour into Houston and it became a serious question what was to be done with them the railroads solved the problem by furnishing transportation without charge to all who wished to leave and to any point they wished to go. Grand Master Anderson informs us that for this fact Houston would have been overrun with people who had to be cared for, and that suffering and distress would have been largely increased as well as the cost of meeting conditions which would have prevailed. Bro. Anderson desires us, through these columns, to thank the different roads for the great service rendered his committee at Houston. If it were possible we would be glad to see parallel columns, in one of which should appear the acts of these railroad corporations in a time of great calamity and distress, and in the other the amount contributed by the little two-by-four demagogues who are always trying to array the prejudices of the masses against any and every kind of enterprise.—From the Texas Odd Fellow.

**The Power of the Press.**  
Is a common expression, but few realize its actual power. Great as is the influence of the press, it cannot begin to equal the power of Hostetter's Stomach Bitters over disease. The Bitters strengthens the stomach, purifies the blood, and cures dyspepsia, indigestion and constipation. It will tone up the nerves, stimulate inactive kidneys, and as an appetizer, it is unequalled. If you want to get well and keep well, use Hostetter's Stomach Bitters.

**A Remedy for the Grippe.**  
Physicians recommend KEMP'S BALSAM for patients afflicted with the grippe, as it is especially adapted for the throat and lungs. Don't wait for the first symptoms, but get a bottle today and keep it on hand for use the moment it is needed. If neglected, the grippe brings on pneumonia. KEMP'S BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists, 25c and 50c.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Cases of deafness caused by catarrh, which is nothing but an inflamed condition of the mucous lining of the Eustachian Tube. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

### EXTRA SESSION'S FATE.

It Will Depend on Speed in Senate.

TO BE DECIDED THIS WEEK.

**President McKinley Has Hundreds of Staff Appointments in the Army at His Disposal, and There Are Many Candidates for the Places to Be Filled.**

Washington, D. C., Feb. 5.—The question whether there will or will not be an extra session will probably be decided this week. This is the opinion of several of the leading senators, who say that it depends upon the progress made in the senate during the next six days in disposing of legislation. The advocates of the subsidy bill continue their outward show of confidence, and the subsidy news bureau issued a bulletin tonight saying that men like Senators Aldrich, McMillan, Fry, Hanna and Edkins still express the firm conviction that the bill will pass, and all the appropriation bills, too, and that there will be no need for an extra session. The managers of the bill expect that the opposition will wear itself out this week, although on the surface it has been a little more pronounced and intense than was anticipated at first.

**Has 300 Staff Appointments.**  
President McKinley has at his disposal more than 300 staff appointments—the finest places outside the grades of major-general and brigadier-general in the new army. But few are open to the civilian, unless he had volunteer service, and these few are in the pay corps. Under the terms of the army reorganization the president "may appoint volunteers to the vacancies existing in this branch of the service." Senators having relatives or friends desiring to enter the service have not hesitated to strongly endorse them for appointments to the pay corps, even to the exclusion of volunteers from their own districts. The president will appoint twenty-seven paymasters, two with the rank of captain. The president will promote twelve officers of the regular establishment to be assistant adjutants-general, with the rank of major.

**Chandler Strikes at Corporations.**  
Senator William E. Chandler, who has just been defeated for re-election to the senate, as he charges by a railroad corporation in his state, has introduced a bill in the senate prohibiting corporations chartered by the United States from making contributions to campaign funds.

**ARMY BILL IS NOW A LAW.**

**President Signs Important Document Shortly After Noon.**  
Washington, Feb. 5.—The president has signed the bill for the reorganization of the army, and it is now a law. The war department practically has completed its arrangements for recruiting the army under the provisions of the reorganization act. The enlistments for the month of January amounted to 2,732, an increase of 800 recruits over those secured during the previous month of December. The office is very much encouraged at this result and have no doubt of their ability to secure all the men they need. Many new recruiting stations have been established in various parts of the country.

**VOTE AGAINST PENSION COURT.**

**G. A. E. Appeal Measure Before the Congressional Committee.**  
Washington, Feb. 4.—The bill for a pension Court of Appeals, which has attracted considerable attention as a G. A. R. measure, met a reverse in the house committee on invalid pensions, whereby on a vote of 6 to 7 a motion to report it was defeated.

**ARTHUR BARNARD RETURNS.**

**Has Been Distressed by Love Affairs, Not Money Matters.**  
Chicago, Feb. 4.—Arthur J. Barnard, teller of the Zion bank, who disappeared a week ago, has returned. Dowling sent out a statement in the afternoon stating that Barnard would be reinstated.

**Druggist Destroys His Liquor.**

**Hiawatha, Kas., Feb. 4.—E. J. Eicholtz, a local druggist, made public his determination to destroy all the liquor in his store. In the afternoon he emptied a barrel of whisky into the sewer, and announced that later he will publicly destroy the remainder of his supply of liquors, including several barrels of wines and whiskies. The affair will be made one of rejoicing, the local ministers and the public having been invited to attend. The druggist has concluded that to sell liquor for any purpose is wrong.**

**A POST OF VAST POWER.**

**Grave Responsibility That Rests with the British Foreign Office.**  
The man who keeps the British empire in line with the rest of the civilized nations stands paramount among the world's statesmen. On him, more than any other man, perhaps, depends the peace of millions. In his keeping are the interests of one-quarter of the human race. No empire has so many vulnerable points as his; no man's acts so nearly affect the empire's safety.

### SALOON MEN ARE WARNED.

**Mrs. Nation Serves Notice on Jointkeepers to Quit.**

Topeka, Kas., Feb. 4.—Mrs. Nation declares her intention to rid this city of "jointkeepers," and has notified the keepers of such places that they must close their places or she will take radical measures to force them out of business. She says she is tired of moral suasion, and intends to resort to extreme measures to stop the liquor traffic in Kansas. Yesterday she dictated the following letter to the saloonkeepers here:

"To the Jointkeepers of Topeka—My Dear Hell-Bound Sinners: I have tried to see and talk to you, but you do not wish to see one of your best friends. I want you to appoint a meeting with me at any place you shall name, and I shall be more than glad to talk to you. Your master, the devil, has you under his thumb, and you, poor scoundrels, do just what he wants to do and he makes you believe that there is no escape.

"Don't believe him. Listen to me, your friend. Get out of these hell holes I came to see and talk to you, but you are murdering. Do not delay, for he, that often being reproved, hardeneth his neck, shall suddenly be destroyed, and that without remedy. We invite you to join us in the destruction of the machinery hell has set up here on earth to literally devour humanity, for that is the beginning continuance and ending of your work. Should you do as I request you will be safe and happy, otherwise you shall utterly perish. For if any man fall on this stone he shall be broken; but if this stone fall on him it will grind him to powder."

**"MRS. CARRIE NATION."**  
If no heed is taken of this warning, it is the intention of the temperance workers to form in companies and parade the streets, with a standard bearing the flag in the lead. Mrs. Nation is having no trouble in obtaining volunteers to assist her in her "joint-smashing" crusade. An organization of forty-six women has already been formed. In order to create sentiment favorable to Mrs. Nation's plans, a mass meeting of temperance workers has been called at which Mrs. Nation will speak.

**Wipe Out Fifteen Saloons.**

**St. Joseph, Mo., Feb. 5.—All the saloons in Hiawatha, Kan., some fifteen in number, were wiped out by an infuriated number of temperance workers, and all of the proprietors except one were compelled to leave town in order to escape the wrath of the mob of men, women and children. Revival services have been in progress there for two weeks, and in that time there have been more than 400 conversions. H. A. Eicholtz, a druggist who for years has been one of the most flagrant violators of the prohibition law, was among the converts. With the aid of two evangelists and a host of temperance people he publicly destroyed more than \$1,000 worth of his own liquor. He also took the lead in ridding the town of the other dram shops. The furniture as well as the stock of the places was destroyed.**

**RUBBER GOODS DROP DOWN.**

**Trust Cuts Prices Eighteen Per Cent.—Footwear Will Be Cheaper.**  
Cleveland, Ohio, Feb. 4.—The price of rubber boots and shoes made by the United States Rubber company, alias the trust, has been cut. Circulars mailed to jobbers contained the information that the new discount will make the reduction in price about 18 per cent.

The independent manufacturers say that the combination has cut the price in an effort to swamp them. This is denied at Chicago by General Agent Allen of the trust. He says: "We cut our price because the outside manufacturers have been underselling us. We aren't going to unload \$7,000,000 worth of old stock on our jobbers, as the independents say, either. "Of course, we carry some goods from year to year and probably some of the old stock will be sold on the new discount, but new stock will go with it."

To persons not connected with either the trust or the independents the best word in the transaction is that rubber boots and shoes will cost less money.

**Favorable to Winter Wheat.**

**Washington, D. C., Feb. 4.—The crop division of the weather bureau reports that the weather conditions during January were generally favorable for winter wheat, although adverse reports were received from Kansas, Missouri and Texas of lack of moisture, and from Kentucky, West Virginia, Pennsylvania and Maryland of injury by alternate freezing and thawing and lack of snow protection. At the close of the month the condition of wheat was about the average in most sections, excepting Michigan, Kentucky and Tennessee, notwithstanding continued reports of damage to the early sown by Hessian fly, in some portions of Kansas, Missouri, Arkansas, Illinois, Indiana, Ohio and Virginia. The crop is suffering from drought in Texas and Western Kansas, and needs rain in some districts of Missouri.**

**Conference About Injunction.**

**Cincinnati, Ohio, Feb. 4.—It is now said that upon the return of one of the attorneys in charge of the proceedings to enjoin the Jeffries-Rublin fight there will be a conference to determine upon what day to apply to Judge Hollister for a temporary injunction. Notice will be given the other attorneys that they can be heard in opposition if they desire to argue the question.**

The words he speaks, the things he does, may rebound for good or evil long after he has gone and his name is forgotten. It is, indeed, hardly an exaggeration to say that the British foreign office is the guardian of the peace of the world. An indiscreet word, a careless act, and there is not a corner of the earth, however remote, where some powder magazine might not explode. It is not a thing to be lightly talked of, this guiding of the great British machine, which may set every fourth man in the world at war against his three neighbors.

Those who reprove us are more valuable as friends than those who flatter us.

**PRESIDENT OF PRESIDENTS.**

**A Distinguished Lady Intends, Mrs. Mary E. Poole, of Whiting, Ind.**  
Whiting, Ind., Feb. 4, 1901.—(Special.)—The Presidents of the Ladies of the Grand Army of the Republic have an association composed exclusively of the Presidents of the different State Associations. This Presidents' Association chooses a President, and to this very high and distinguished position Mrs. Mary E. Poole of this place has been elected. Mrs. Poole is thoroughly deserving of this great honor. Her devotion to the interests of the Association is very marked, and her experience with the old soldiers of the G. A. R. is wide. Mrs. Poole is never slow to take advantage of anything that may benefit the veterans, and her zeal has resulted in much that is good to these grand old men. She writes of her experiences: "Honor to whom honor is due, and having seen the numerous cures effected through the use of Dods' Kidney Pills, I gladly endorse them as being particularly effective to cure that dreaded disease of so many of our old soldiers, Bright's Disease and Kidney Disorders of different kinds. Kidney Disease soon poisons the entire system, and as a result the vital organs are attacked, and I have found that no remedy so surely, completely and quickly finds the weak spot and heals it as Dods' Kidney Pills."

"I have used them myself in slight attacks of biliousness and indigestion, and usually find that from three to four pills do the work."

Such evidence from a lady of so much distinction and experience should convince any sufferer from Kidney Trouble that Dods' Kidney Pills is the remedy that never fails. 50c a box, six boxes for \$2.50. Buy them from your local druggist if you can. If he can't supply you send to the Dods Medicine Co., Buffalo, N. Y.

## THE NERVES OF WOMEN

"I am so nervous and wretched." "I feel as if I should fly." How familiar these expressions are! Little things annoy you and make you irritable. You can't sleep, you are unfit for ordinary duties, and are subject to dizziness.

That bearing-down sensation helps to make you feel miserable.

You have backache and pains low down in the side, pain in top of head, later on at the base of the brain.

Such a condition points unerringly to serious uterine trouble.

If you had written to Mrs. Pinkham when you first experienced impaired vitality, you would have been spared these hours of awful suffering.

Happiness will be gone out of your life forever, my sister, unless you act promptly. Procure Lydia E. Pinkham's Vegetable Compound at once. It is absolutely sure to help you. Then write to Mrs. Pinkham, at Lynn, Mass., if there is anything about your case you do not understand.

You need not be afraid to tell her the things you could not explain to the doctor—your letter is seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

**Mrs. Valentine Tells of Happy Results Accomplished by Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—It is with pleasure that I add my testimony to your list, hoping it may induce others to avail themselves of the benefit of your valuable remedy. Before taking Lydia E. Pinkham's Vegetable Compound, I felt very bad, was terribly nervous and tired, had sick headaches, no appetite, gnawing pain in stomach, pain in my back and right side, and so weak I could scarcely stand. I was not able to do anything. Had sharp pains all through my body. Before I had taken half a bottle of your medicine, I found myself improving. I continued its use until I had taken four bottles, and felt so well that I did not need to take any more. I am like a new person, and your medicine shall always have my praise."—Mrs. V. P. VALENTINE, 666 Ferry Avenue, Camden, N. J.

**\$500 REWARD**  
Owing to the fact that some skeptical people have from time to time questioned the genuineness of the original letters we are constantly publishing, we have deposited with the National City Bank of New York, \$500,000, which will be paid to any person who can show that the above testimonial is not genuine. The reward will be published before obtaining the letter. Address: LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.
