# Varicocele Cured

PERFECTLY PERMANENTLY PAINLESSLY AND QUICKLY

INVESTIGATE BEFORE DECIDING.

Thousands of men are unconsciously afflicted with this dread and wasting disease which is of such an insidious character that it makes its healthy inroads upon the general health and nervous system without the victim being aware of the cause of the dull, heavy feeling, sluggish brain and lack of energy until he finally discovers the true cause and finds himself firmly in the grasp of VARICOCELE, which, if allowed to progress without skilled medical attention will induce other and yet more serious complications to follow. Great care should be exercised in selecting the physician to treat such cases and so-called "sure cure remedies" and "free cures" should be shunned as a pestilence. During our 31 years' special practice in diseases of this kind we have permanently cured thousands of cases of VARICOCELE without one single failure.

**OUR GUARANTEE** We positively guarantee to perfectly cure all cases of VARICOCELE, HYDROCELE, LOST VIGOR, GONORRHEA, SYPHILIS (if curable) and all other private diseases. Send for our FREE BOOK FOR MEN ONLY, containing much valuable information and advice.

### A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by L. Van Werden.

When a splinter has been driven deep into the hand it can be extracted without pain by steam. Nearly fill a wide mouthed bottle with hot water, place the injured part over the mouth and press it slightly. The suction produced will draw the flesh down and in a minute the steam will extract the splinter and inflammation together. Try it once.

### Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by L. Van Werden.

For political enthusiasts in the recent campaign, Dr. Layton of Leon, heads the procession, bearing the banner of the Chinese Empire. All day last Monday he worked in Van Wert for the success of Judges Parrish and Towner. The day after the election he discovered they had no opposition. This was the way it was told to us anyway.—Van Wert Record.

It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boeches German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. The case against the Adams Express Company, involving the C. O. D. packages of liquor seized here recently, and originally set for last Monday, was continued until December 11 by consent of parties. County Attorney Olsen appeared for the estate and V. R. McGinnis, of Leon, for the Adams Express Company. The causes of the continuance are likely about two in number: The County Attorney was busy at Leon, and the Company wished to await the outcome of several similar cases pending an appeal to the District Court, and likely to be heard at this term in Leon.—Lamoni Patriot.

Four boys of the high school had what they thought was a bright idea, Tuesday, and sneaked into the belfry during recess to smoke and tie the bell clapper so that school could not be called. Miss Jones, their teacher, was told where they were, and she locked them in until the principal and members of the board could be called and the young men were held prisoners. We have not heard what punishment will be given them, but they will no doubt have a chance to repent, and perhaps conclude that their prank was not as bright a one as they had thought it would be.—Lamoni Chronicle.
