### A Stepping Stone to Wealth

Annual Incomes One Thousand to Twenty Thousand Dollars.

Splendid Business Opportunities for Ambitious Young Men and Women.

The Cedar Rapids (Iowa) Business College has published a booklet under the above title. This booklet is unique in its way, and different from anything in a printed pamphlet ever issued by a business training school.

It may be considered an endorsement of strength that a large number of successful young men and women of America whose annual earnings range from \$1,000 to \$20,000 each, give full credit to the Cedar Rapids Business College for training them for their positions. It is indeed amazing to find that this school, as noted as it is for completeness and thoroughness, has been able to take young men and women from small towns and farms where they could earn less than fifty dollars a month, train them for from twelve to fifteen months, and place them in positions where, after a few short years they are earning from one to twenty thousand dollars a year.

Such is the record of the Cedar Rapids Business College as disclosed by the letters from pupils which are published in the little booklet above referred to, and accompanied by photographs of the writers.

Probably no similar school in America can show such an array of successful students in such varied lines of employment, if viewed from their annual incomes. For the encouragement of ambitious young men and women, Mr. A. N. Palmer, President of the school, states that during the more than twenty years he has been the official head of the Cedar Rapids Business College, there never before have been so many opportunities for placing the graduates in good positions. Mr. Palmer will be pleased to send a copy of the booklet above referred to, to any interested person.

### In the Nature of a Surprise Comes The Great Pan-American Show.

We have been a long time preparing to announce the coming of a big circus to Leon, Saturday, Sept. 5th the day and date now being positively fixed for the appearance of The Great Pan-American Shows; but we are recently assured of the fact, that the shows were anything like the size and completeness which they are said to be. Reports from our correspondents in other places, and from our various exchanges along the line of which the big show is coming telling wonderful tales of the glorious and triumphant march of this magnificent and marvelous tended amusement giant. A mere newspaper notice, no matter how extended, cannot tell a tenth of the wonders which the great tents are credited with holding. There is a splendid monster Menagerie which by the way is entirely distinct and separate from the Wild Beast Show, which consists of all kinds of savage brutes exhibited in startling performances in a huge steel barred circular cage, the same as seen in European capitals. Then there is a real Roman Hippodrome, and a world of wonders, which space forbids a detailed account of here. All in all The Great Pan-American Shows are held to be a most surprising and pleasing unification of all that is new and wonderful in the great circus world, and our people may expect to be agreeably surprised at the marvelous exhibition which will be seen here.

#### REDUCED TO TWO MINUTES.

A Mile is Trotted by Lou Dillon on the Redville Track in Two Minutes.

At last the dream of horsemen has come true. It has been predicted that some trotter would clip off a mile in two minutes, and this wonderful feat was accomplished by Lou Dillon at the Redville track, near Boston. Two years ago Cresceus trotted a mile in 2:02, but the crown now goes to the new queen of the turf.

Gill Hashman, the 18 year old son of Andrew Hashman, south of town, was arrested Tuesday by Constable Markland on a warrant sworn out before Justice Hooker by Silas Mobley of the neighborhood north of the Mineral Springs, charging the boy with maliciously taking his star route mail pouch by which he receives mail by the Adel-Lineville carrier daily and throwing it over the fence into a field where it could not be found for two or three days. The boy did not deny the offense and his punishment was fixed by the justice by a fine and costs amounting to \$25. It is fortunate for the boy that the case was brought under the state law, as an action in the federal courts would no doubt have proven much more serious for him.—Lineville Tribune.

In the St. John, Wash., Journal we find the following mention of J. I. Baker, a former Leon boy now engaged in business in that city. "J. I. Baker is an important factor in our commercial interests and is well up in his line. He attends closely to business, has a way about him that makes friends as well as patrons and all who trade at his store are given splendid value and courteous attention. Mr. Baker brings keen intelligence and untiring energy to bear in all he does and has made a decided success in his enterprise. His stock of general merchandise is O. K. and no other store is able to give lower prices, quality, of course, considered. Once you begin trading with him you are very likely to remain a steady customer. Transacting all his affairs on the right commercial principles, he has many friends and is prospering. Mr. Baker is trusted implicitly by our people and his establishment is one of the old reliable standbys of our city."
