### A BABY BURNED TO DEATH.

#### A Heart-Rending Accident.

The young child of Mr. and Mrs. Earnest Grissamore on the John Baker farm north of Iliia, was burned to death on last Saturday about 4 o'clock, p. m. Mr. Grissamore had come to Lineville that day to deliver some hogs and the mother and little children, Willis three years old and Bennie the baby, a little over thirteen months of age were alone at the home. A bunch of calves in the barn lot not far from the house had not been watered that day and Mrs. Grissamore not expecting her husband home until late, went out to pump water for them, first carefully arranging the room, closing the draft of the stove and letting the good-natured dog, of which the children were fond, into the room to amuse them during her absence. After pumping a sufficient supply of water she returned to the house by the back way and passing through the kitchen looked into the sitting-room to assure herself that the children were all right. They were playing with the dog and having a jolly time, and Mrs. Grissamore glanced out of the window noticed that the calves were straying away from the pump and she closed the door and went out again to drive them back to the barn lot. She is confident that she could not have been away from the house more than three or four minutes, but when she returned and opened the door of the sitting room it was filled with smoke so dense and suffocating that not an object in the room could be distinguished by the terrified mother. She heard no sound but rushed into the room to rescue her children. Blinded and almost stifled by the smoke she groped about the room and finally hearing a slight movement, found her oldest child and carrying him to the door and placing him outside turned to the room in search of the other. Near the floor the smoke was less dense and dropping upon her hands and knees she pursued her frantic search for the baby.

Upon the floor between the stove and the wall of the room she found him with every shred of clothing burned from his little body and apparently dead. She clasped him in her arms and wrapping him in her dress and apron to extinguish the remaining sparks of fire rushed out doors and screamed for help. The nearest neighbor was John Miller, nearly half a mile away, but he and others heard her cries and hurried to the scene. Before they arrived Mrs. Grissamore again rushed into the room and dragged out the mattress and clothing of a couch which was blazing up to the up to the ceiling and thus saved the house from destruction by the fire. The baby however, was beyond all help. Although physicians were hastily summoned by phone, their services were not needed, as the little one died in its mother's arms before they reached the scene and in little more than half an hour after the accident.

Mrs. Grissamore is a daughter of Mr. W. B. Wasson, of this place, and the baby was named for its grandfather. He was a bright little fellow and his distressing and pitiful death has touched every heart with sorrow and sympathy for the young parents and the large circle of relatives who admired and loved him.

How the fire originated cannot be determined, but it is supposed that the older child caused it by lighting paper from the stove, the draft being found open after the fire, and the little fellow in his baby way says that he did. The funeral took place on Monday with short services at the house and the burial was at Evergreen Cemetery in Lineville.—Lineville Tribune.

**Danger of Pneumonia.** A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. For sale by L. P. Van Werden.

Tuesday night, after the By Joe company had concluded its entertainment, Jehu Sylvester, who was in charge of the hall for the G. A. R. post, and the show manager had finished making an equitable division of the receipt, and were having a social chat when a little boy, a member of the show, playfully snapped a toy pistol in Mr. Sylvester's face, an explosion followed and as result, Jehu is laid up at home with an eye so badly lacerated, Dr. Wailles, the attending physician, has but little hopes of saving its sight. The pistol which did the damage contained nothing but a blank shell and as the little boy had repeatedly tried to fire it he had no thought that it might eventually explode. Once again is the lesson pressed home: There is no weapon so dangerous as the unloaded one, barring the toy pistol.—Davis City Lariat.

**A Severe Cold For Three Months** The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me. Refuse substitutes. For sale by L. P. Van Werden.

A most interesting series of meetings is in progress at the Christian church. The meetings so far have been well attended in spite of the severe weather. Rev. H. H. Hubbell, of Leon, arrived Thursday evening and is assisting Rev. Fisher. Rev. Hubbell is a pleasing speaker and a man who believes in the gospel of Christ as God's power to save men. So far there have been four additions to the church and the interest is increasing each evening. Mr. Orville Johnson is conducting the singing with the skill of a professional singing evangelist. Last evening Rev. Hubbell spoke to a crowded house on "Jesus as the Christ of Prophecy," one of a series of sermons on the Divinity of Christ. The second sermon of the series will be delivered tonight on "The Witnesses of Jesus."—Clarinda Herald.

And arrange a new plan.  
The boys' plans have all failed,  
And the boys are on the alert.

### Claimed He Was Held Up.

On Monday night a fellow who claimed that he was on his way from Leon to Hiteman, came down town and informed the officers that he had been held up and robbed of ten dollars by a couple of colored men near the depot. Officers Beck and Waynick soon had the blacks in charge, and notwithstanding their vigorous protest the entire outfit was landed in jail. Just before the arrest, one of the negroes dropped an ugly knife, which officer Beck at once appropriated.

Tuesday, the accused degenerate sons of Ham were brought before Mayor Bowen for a preliminary examination and were turned loose because of lack of evidence to convict.

It seems that Mr. Rhea came up on the south branch about 10:00 p. m. and fell in with the colored boys and the trio proceeded to fill up on levy products, and—and—but the reader can draw his own conclusions.—Chariton Leader.
