Resolution.

Whereas, the mother of our esteemed sister Archess Mullinix has been called from this life to join the great silent majority in the world above, and whereas we desire to express to Archess Mullinix our sympathy and to offer to her our condolence in her sad bereavement. Therefore, be it resolved by Leon Homestead No. 145, B. A. Y., that we, realizing the loss sustained by Archess Mullinix and feeling a measure of that great loss ourselves, do hereby extend to our bereaved sister and her family our sympathy and the hope that the high regard we all had for the deceased mother may in a measure soften the great sorrow by which our sister is afflicted. Be it further resolved that a copy of the above resolutions be published and a copy spread upon the official records of the lodge and a copy be handed Archess Mullinix. (Signed),

Is the Farmer Independent.

EDITOR REPORTER—Will you allow me a few remarks in your paper. I am a subscriber. I have been reading of the independence of the farmer. Is the farmer independent? Not very. We take our produce to market; does the merchant pay our price? No sir. We go to the dealer when we have the cash and he supplies our needs, at our own price? No sir. We hire help when we can get them to help during a busy season—at our price? No sir. We sell, buy and hire and the other fellow sets the price. Now is the farmer independent? Many times within my own independence have I observed the price of hogs, cattle, grain and hay fly to extremes. When the farmer has corn to sell "whiz" the price is off. Same with hogs etc., but when he has to buy it invariably is at a higher price. What has the farmer to do with the price of anything he has for market? What has he to say in price he pays for machinery, wire, nails, flour and groceries? Thus he pays the dealer's price regardless of his independence. If the taxes are high he pays them, he must be so independent. If the roads are bad he drags them so Mr. dealer can ride out in his auto for an airing.

I began work for myself thirty-four years ago and have had pretty hard times now and then, but always found time to vote my sentiments for my party's candidate on the National ticket. But when we vote for county or township I'll vote for the man. There and only there the farmer is independent, is it not so? You perhaps will say what party does he belong to. Well I voted for the immortal Teddy and then proceeded to drag the roads. Well gentle reader I am an independent farmer and I always drag roads. J. E. MACREY.

Luckiest Man in Arkansas

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my greatest fortune to the world's greatest medicine, Dr. King's New Discovery for consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At L. P. Van Worden druggist, 50c and \$1.00. Trial bottle free.

Henry Dillon and family departed last week for Cushing, Oklahoma, where they will occupy a large farm near that place over the line in the Indian Territory, having leased it for five years. Mrs. Dillon and the youngest children departed on No. 29 Thursday evening and Henry and one of his sons left the following day with a car load of farming, household goods and stock. He rented his farm in Morgan township to Jas. C. Duncan for the ensuing year, having sold all of his stock and personal property except what he took with him, at his sale on Tuesday of last week. We wish them every success in their new home.—Lineville Tribune.
