Mrs. Wm. Collier, 125 N. Robey St., Chicago, Ill., under date of Nov. 2, 1901, writes: "I have been troubled with indigestion and nervousness and weakness in the back for seven years. I have been to four doctors and have taken many kinds of medicine, but could not get cured. I saw your advertisement in the paper and I sent for a trial bottle. Even the trial bottle did me good, so I sent for a \$1.00 bottle of my druggist, but he had only a fifty cent bottle, so I took that, then the next time I got a \$1.00 bottle. I am very glad and proud of your medicine and I am willing for you to advertise me anywhere for your remedy."

**A Good Doctor**

Interesting Story of Miraculous cures by Prominent Iowa Practitioner—Words of Indorsement.

The statements which follow are from Iowa. They are not from some distant corner of the union. I have hundreds of testimonials from grateful patients in Iowa:

Mr. Alta Damon, of Dallas, Marion county, Iowa, paralyzed and absolutely unable to walk. After being treated by Dr. Bullard he was restored to perfect health. (Sworn affidavit four years after being cured.)

Mr. Arthur Patrick, son of S. J. Patrick, of Coon Rapids, Iowa, epileptic fits for five years, cured four years and has never had another fit. (Sworn affidavit three years after being cured.)

Mrs. E. W. Pool, of Algona, Iowa, cancer of the breast, cured four years ago without use of the knife. (Sworn affidavit four years after being cured.)

Mr. W. H. McGinnis, of Winterset, Iowa, catarrh of the bowels and peritonitis for five years, cured four years ago. (Sworn affidavit four years after being cured.)

"Dr. W. B. C. Bullard cured me of a bad case of catarrh and deafness. I also know of cures he has effected in this locality of epilepsy, tumors and catarrh of the stomach."—Mrs. Jennie Bower Coon Rapids, Iowa.

"I have suffered intensely for three years. I had tried different medicines and doctors without relief. I began treatment with Dr. Bullard about two months ago. I am now cured and have absolute relief."—Miss Marie Wolf, Harper, Iowa.

Mrs. Lily Baas, Des Moines, Iowa, cured of bronchitis and epilepsy after being pronounced incurable by a good physician.

H. A. Detwiler, of Des Moines, Iowa, cured of cancer of the face after being treated by several physicians including a "plaster" treatment, had failed.

After investigation, the well known Chicago Journal of Health says: "Dr. Bullard has probably treated a greater number of patients than were ever before treated by any one physician. His success has been phenomenal but richly merited."

Close study, honest work and much practical experience are the essentials that contribute to true success in special practice.

The Iowa state chemist analyzed medicines used by patients of Dr. Bullard and found drugs he was unable to identify. (Sworn affidavit.)

I cure chronic diseases in a short time after all other physicians have failed and guarantee the treatment, no guess work. I know. I can cure any disease I treat or I won't take the case. Consultation at the office or by mail is free. If you cannot call write me fully regarding your case.
