#### EAT WHAT YOU WANT

Science Has Now Found the True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist the result was a rigid diet list that almost meant starvation.

But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality.

Do not think the sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion will go away of themselves. The stomach must be built up and strengthened by Mi-o-na before you can be well and strong, free from suffering and distress.

The guarantee that L. P. Van Werden gives with every 50-cent box of Mi-o-na, to refund the money unless the remedy cures, shows their confidence in the treatment.
