## Nebraska Letter.

GRAND ISLAND, NEB., March 6, 1908.

EDITOR REPORTER—Please find enclosed P. O. order for \$1.50 for your paper for 1908.

I have always read The Reporter first of all our papers. There are lots of new names but through The Reporter I hear of many that I knew in our younger days.

Grand Island was all excitement yesterday over the arrival of one of the touring autos that are making the race to Paris. The American car reached here a few minutes after 12 o'clock, and reports say that the other cars are several days behind.

They were well equipped and the way the wind was blowing it was well. A car from Omaha came with them, they left for Kearney at 2:35 with a number of locals trailing them.

Everything begins to look as if farming would begin.

Hay hauling has been in full blast all winter but is slowing up now. Our folks have been hauling three weeks selling at \$6.00 per ton.

I will close wishing success to The Reporter and its army of readers.
