This water power effects a big saving in fuel, power machinery, etc. And what the makers of Zephyr Flour save in this way all goes into making the flour better. The consumer thus gets the benefit. That's one reason why Zephyr Flour is so widely known as the water power flour. It is also known as the only guaranteed flour. You'll find the guaranty printed on every sack in the form shown in this advertisement.

Zephyr Flour

The Zephyr Flour Guaranty means that we return your money in full if the flour fails to please you in every way. We ask you to make the test with a 48-pound sack. Use the flour down to the middle of the sack. If it hasn't proved to you that it is everything you require of a flour—that it makes the finest bread and pastry, why just tell the grocer to take the rest of the sack. He will do so and will refund the full price of the sack, charging you nothing for the 24 pounds you have used. Begin your test today. Zephyr Flour is handled by the following:

We Guarantee every sack of Zephyr Flour. It will satisfy you and it will produce as many loaves of bread per sack as any flour, or your grocer will refund your money.

The Quality of the Fresh Green Fruit

will be reproduced in the **Properly Finished, Evaporated Product.** Any kind of a **Green Peach** can be converted in a dried one, but in order to secure the **highest quality** in the evaporated you must have a like quality in the green, for evaporation does not improve or instill a flavor not always embodied in the fruit. Solways, Lemon Clings, Crawford and White Heath all are good but do not compare in quality of flavor with a Muir. This makes the most tender and sweet meated peach known in the dried fruit market.

- Peaches, Dried.** Extra large, thick meat and very sweet, pound... 12 1/2c
 - Peaches, Dried.** Same as the above only smaller, pound... 10c
 - Apricots, Dried.** This is a fruit, retaining all the snappy flavor. Cooks perfectly and sells for... 12 1/2c
 - Prunes.** A very large, sweet plum from Santa Clara Valley, averages 40 to 50 to the pound... 12 1/2c
 - Prunes.** Same as above but smaller. Will run about 125 to the pound. Only... 6c
 - Raisins.** Large Muscatels, well cured and very meaty, pound... 10c
