STATE FAIR VISITORS

Have exceptional opportunity to call on

Dr. O. A. YOUNG

the Great Stomach Specialist.

Dr. Young has made special arrangements for the accommodation of his out of town friends and patients so that he can take care of them during the rush of State Fair week.

Last year the Doctor was compelled to turn away many people, some of them traveling hundreds of miles to see him. This year this will be avoided, as the doctor has so arranged his business that he will be enabled to see all who call and give them his best attention.

Hundreds of people are constantly calling on Dr. Young daily, most of them sufferers of stomach, liver, bowel and gallstone complaints. Many have the good fortune of securing cures at his hands, while a large number have neglected themselves so long that they have become incurable. The incurable cases are frankly informed that nothing can be done for them and their cases are refused. On the other hand, those the doctor accepts leave the office with a light heart, as they know that once the doctor takes their case for treatment, they will receive complete and permanent cure.

The reputation that Dr. Young has received as being the greatest stomach specialist, has extended throughout the entire United States, as the Doctor now has cases under treatment in nearly every state in the Union, also Canada and Mexico. He has thousands of grateful letters from cured patients; he makes no charge for consultation or examination; if he can cure you he will tell you so, if not, he will frankly tell you and refer you to treat you.

He has the largest, most beautiful and best equipped office in the United States. Even if you do not need treatment you should call and inspect his beautiful office rooms, 209-6th Avenue, Des Moines, Iowa.
