I was troubled more or less for a number of years by backache, and other symptoms of kidney complaint. I at length learned of Doan's Kidney Pills and procuring a supply from L. P. Van Werden's drug store, I began their use. They acted directly upon my kidneys, stopped the ache in my back, and regulated the passages of the kidney secretions. **DEAR SIR:**  
 At this time I want to especially emphasize that our interest in your behalf does not cease when you pay your money and receive your glasses—that should be only the start.  
 This letter is an expression of our sincere desire that you call and let me make sure that your glasses are all that they should be, for complete comfort is impossible when frames or mountings become bent or otherwise out of proper adjustment. The proper attention to such important details is a service for which you have already paid.  
 I trust that you have enjoyed the good results which you sought when you favored me with your confidence by calling upon me for your glasses, but if for any reason you have any cause whatever to believe they are not what they should be, please do not hesitate to come to me at your earliest convenience. If you are satisfied that your glasses are in proper condition and give you all the comfort possible, I shall appreciate it keenly if you will bring our service to the notice of relatives and friends needing optical work.  
 I have rooms at Dr. J. O. Woodmansee's residence and will be in Leon on Saturday and Monday of each week.
