

# HANSELL'S ANNOUNCEMENT.

On next Monday--if weather conditions are favorable--we will commence moving our stock of merchandise to the Biggs Block---Bradley-Wasson location. We are locating here for the accommodation and convenience of our patrons as much as for our own benefit. We will make this our home for all time and think we will give Leon as nice a little store as can be found in southern Iowa. We will add several new departments of needed merchandise and all our efforts will be to increase our business, be fair with our patrons and make it a pleasure to trade at Hansell's. Our present location is too small and our increased business compels us to make this change. I certainly feel grateful to all patrons and friends and wish I could thank all personally for their assistance during the past nine years. I have endeavored to do my part and our friends have certainly been good to us. I hope to see all our friends with us in our new home and ask you all to make it your home when about Leon, as we think our new location will prove to be a satisfactory change for all of us. I promise to make this the endeavor of my life for success and with your aid we will make Leon one of the best trading points in southern Iowa.

Yours for business,

## FRANK N. HANSELL

### Possum Trot.

A few of the young folks enjoyed a farewell dance at Mr. Kerrins' one evening last week.

### AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact. We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give the user entire satisfaction and completely remedy constipation. This preparation is called **REXALL ORDERLIES**. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak delicate persons and aged people as well as for the most hearty person. They come in two size packages, 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store.—The Rexall Store. Bell & Robinson.
