In Staid Old Washington.

We hardly knew the Washington Democrat when it reached us last week. You know Alex Miller, the sarcastic cuss who edits the paper is eternally poking fun at The Reporter on account of the sensational items of local news which happen in Decatur county. But last week the first article on the front page of the Democrat told of three suicides in that town in one week, but Alex apologizes and says they have had more sensations in the last week than usually comes to Washington in a year.

And another thing we noticed was that the merchants of Washington seem to have had an awakening for the Democrat was crowded with local advertising, and had to issue a supplement in order to take care of all of it, and that was another sensation for Washington.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim.

If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

Coats, Suits and Skirts

We have been making these lines a study this season and think our system of keeping the new creations arriving every week is the proper thing. We are also pricing these to make sure of immediate turnover of stock and it wins. We are showing styles strictly "up-to-date" and at prices you can't duplicate even with merchants who mark their goods on the sliding scale. I want nothing but what's due us and to mark goods in Ready to Wear at prices plain we must be correct. We claim you can't match our values in Ready to Wear in southern Iowa and get the new goods. Not an old garment to show you. Nor will we have any next season to show you. (watch us).

New Garments Arriving Almost Every Day

Ladies' Coats \$5, \$7.50, \$10, \$11.50, \$12, \$12.50 up to \$27.50

New Suits \$22.50 and \$24.50

Always something new in skirts and the past two weeks has found us filling up with many new styles. Prices \$1.00, \$2.95, \$3.95, \$5.00, \$5.50, \$6.00, \$6.50 up to \$12.50.

We ask you to inspect our Ladies' Ready to Wear Department and see if we do not make good every claim we advertise. Respectfully,

FRANK N. HANSELL
