

THURSDAY, FRIDAY and SATURDAY of This Week, we are showing some unusually pretty Easter models in Ladies' and Misses' Suits and Coats.

We earnestly urge that you visit this department on at least one of these days. Even though you have no intention of making a selection at this time, you will not feel that your time is wasted.

The beauty and quiet elegance of these garments will certainly appeal to women of refined taste.

You are welcome, and if you do not make a selection there is no harm done.

HURST BROS., Leon, Iowa.

Number 7007, the illustration on the right, is a loose fitting coat of heavy blue serge, 54 inches long. Made in the usual faultless Palmer way.

Price \$10.50

Chairman.

Attest:
R. E. McLAUGHLIN,
Auditor.

A FAIR OFFER.

Your Money Back if You're Not Satisfied.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, yet gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping, or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Leon only at our store. 13 tablets 10 cents; 36 tablets 25 cents; 80 tablets 50 cents. Sold only at our store—The Rexall Store. Bell & Robinson.

Council Proceedings.

Leon, Iowa, March 7, 1912.

Council met in regular session with Mayor Harvey presiding, and councilmen Gardner, Varga, Cash, Akes and Ogilvie present.

J. L. Mitchell, 8 1/2 hours work 16.30
A. E. Mullin, labor 6.30
John Stanford, labor52
Wm. Crawford, labor 1.92
Jas. F. Harvey, paid for labor and express 1.75
I. Pullin, labor 1.57
Fred Russell, labor 1.92
A. Russell, labor 2.10
Geo. Jenkins, labor52
Ward Potts, labor 3.67
W. J. Clymer, labor 6.70
Caster & Martin, coal 2.25
Crichton & Son, smoke stack 1.25
W. M. Owens, shoveling snow at cemetery 2.07
C. N. Kinney, water analysis 10.00
C. N. Muller Mfg. Co., goose-neck 3.24
Louis Elwell, work 11.02
J. F. Harvey, paid E. W. Teale75

On motion the claim of Leon Commercial Club for \$125, money advanced for preliminary survey for water works was allowed.

The fire department was allowed the sum of not to exceed \$30 for the installation of fire signal system and fire signal cards.

C. M. Akes and Morris Gardner were elected as members of the waterworks committee.

The following judges and clerks were appointed for the city election, March 25th.

First Ward:
Judges—C. M. Akes, S. Varga, J. Statzel.

Clerks—W. J. Sullivan, C. W. Robinson.

Second Ward:
Judges—Win Cash, J. L. Harvey, S. C. Penniwell.

Clerks—Geo. E. Hurst, M. A. Gam-mill.

Third Ward:
Judges—Geo. Ogilvie, M. Gardner, G. W. Sears.

Clerks—S. G. Mitchell, W. J. Springer.

HERE IS A REMEDY THAT WILL CURE SKIN AND SCALP AFFECTIONS.

And We Can Prove It.

The Bell & Robinson drug store says to every person be it man, woman or child who has an irritated, tender, inflamed, itching SKIN or SCALP, you need not suffer another day. "We have a refined preparation that acts instantly and will bring you swift and sure results."

One warm bath with ZEMO SOAP and one application of ZEMO and you will not suffer another moment and you will soon see a cure in sight.

ZEMO and ZEMO SOAP are proven cures for every form of skin or scalp affection. They are sold by one leading druggist in every city or town in America and in Leon by Bell & Robinson.

Roscoe Conklin Mitchell, formerly press agent for Dr. Frederick A. Cook, for some months titular discoverer of the north pole, has been engaged as manager of the publicity campaign of Col. Theodore Roosevelt.

We make haste to rebuke those whose unliking lips would allege the deadly parallel and form the ribald jest. No two things could be more widely unlike than Roscoe's present venture and the one in which he was engaged some two years since. Then he was helping advertise a man who had been snowed under in the Arctic night. Now he is linked with the fortunes of one who is headed toward that experience and not away from it. All innocently, he was then assisting one who was trying to make mankind believe that he had gone where he hadn't. Now he is helping a person who is trying to persuade his fellow-citizens that he is going where he isn't. There is, between Dr. Cook and Theodore Roosevelt, all the difference between a strabismic recollection of the past and a shrewd vision of the future.

Reporter for Sale Here.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cause out of ear caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Address: Dr. J. C. Hall, Little Rock, Ark.

To be sold, mainly, for constipation.

Whether a miss is as good as a mile depends upon the miss.

Huge Waste in Corn Crop.

D. Clem Deaver, emigration expert of the Burlington Route, has addressed a strong appeal to the farmers of the country to build silos and by ending waste add substantially to the profit from their corn crop. Mr. Deaver is recognized as one of the greatest agricultural authorities in the country, and his counsel is invariably based on experience and observation covering a wide latitude. Here is his counsel to the farmers:

By D. Clem Deaver.
Think of it! Sane, sensible men—by the hundreds and by the thousands—are working hard almost the year round, raising and caring for a highly valuable crop—and then deliberately wasting from 30 per cent to 40 per cent of the gross results of their labor.

It's the corn crop.

And that they're making a good, solid bunch of profits.

It's hard to believe, but it's true. There is no other business on the face of the earth that will give a profit after wasting 30 to 40 per cent of the possible income—but corn raising will.

The whole trouble is that a large

percentage of farmers either won't or don't build silos. They aren't cutting the corn after the season and storing it away as a rich fodder to increase their incomes the year round.

Profit From One Acre.

Just for instance: One acre of good Illinois or Iowa corn land will produce 12 tons of corn silage. This same 12 tons of rich feed, with hay, will feed 2 milk cows for 10 months. If properly cared for otherwise, these cows will bring their owner anywhere from \$150 to \$190 from the sale of cream alone, during the 10 months, to say nothing of the two calves that can be raised, nor considering the value of the skimmed milk for pig or chicken feed. And it might be said right here that no other business will return such quick and handsome profits as feeding skimmed milk to pigs and chickens.

This same 12 tons of rich corn silage with hay will put 2,400 pounds weight on 50 lambs in 125 days—which at 7 cents per pound, would be worth \$168.

Feeding it to 4 steers, 153 days, fitting them to top the market, would easily increase their market value \$170.00.

Another fact to be taken into consideration by cattle feeders is that it is not at all necessary to run hogs with cattle to insure a safe margin of profit when feeding corn silage. In this way all danger of loss from hog cholera is eliminated.

How to Stop Waste.
All waste from the feed lot should be carefully returned to the acre that grew the corn—thus preventing loss of soil fertility.

These are some of the things that can be done to stop one of the biggest wastes on the farm. When you stop to consider that the entire 12 tons of corn silage can be put in the silo at the cost of only \$25, you get an idea of what a tremendous saving it means. Ten acres of corn silage would accomplish just ten times as much.

There are innumerable other ways and methods of getting more money out of a farm—but considering the huge saving accomplished by a silo, a splendid slogan for the farmers of today would be:

"Farmers! Build Silos! Don't Wait! Do It Now!"

Whether a miss is as good as a mile depends upon the miss.

Died in California.

A letter was received Saturday by G. W. Hutchinson from his sister, residing at Vasalia, Calif., conveying to him the sad intelligence of the death of her husband, Harvey Dye, which occurred on Saturday, Feb. 24.

The cause of death was stomach and kidney trouble from which he suffered for several years. His age was about sixty years and he was born and reared in Woodland township.

He moved with his wife to Vasalia nearly forty years ago. He leaves a widow and two grown children.
