

DR. TRIMMER

The Chicago Specialist Will be at Leon At HOTEL LEON. THURSDAY, MAY 28th (One day only, returning every 28 days.) Office hours: 8 a. m. to 6 p. m.

DR. TRIMMER

The Regular and Reliable Specialist

I treat successfully the cases I undertake and accept no fee from those that cannot be successfully treated. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

That I have been eminently successful in all chronic diseases is proven by the satisfactory results obtained in difficult and long standing cases which had baffled the skill of many other physicians.

Being a graduate of one of the best schools of regular practice in this country, having had vast hospital experience and many years of extensive practice, I have become so proficient that I can locate and explain your trouble in a few moments. It costs no more to be under the care of an experienced physician than an inexperienced one.

I successfully treat CATARRH, Eye, Ear, Nose, Throat and Lung diseases in early cases. STOMACH, LIVER, KIDNEY, HEART, Nerve, Blood and Skin Disorders.

GALL STONES, Gravel, Rheumatism, Neuralgia and Bright's Disease in early stages. Inflammation of the Bladder and diseases of the Female Organs. Goitre or Big Neck treated scientifically.

PILES, FISTULA AND FISSURE treated without the use of the knife or detention from business.

DISEASE OF MEN

I have a special treatment which I would like to explain in person.

If you or your family have any of the above diseases call and see me at once, as a delay may be dangerous. Consultation costs you nothing and is confidential.

Address, Dr. F. M. TRIMMER, 766 Oakwood Blvd., Chicago, Ill. Dear Sir:—Since taking your treatment I am now feeling fine. Can say that you have cured me of catarrh and lung trouble, for I haven't had any lung trouble all winter, but before they hurt me all the time. Hoping many other sufferers may find relief by your treatment, I am respectfully,

Miss Clara Hart, R. F. D. 3, Seymour, Iowa.

STOMACH SUFFERERS

If You Wish To Obtain Complete and Permanent Results Try May's Wonderful Stomach Remedy One Dose Will Convince You

GERMOZONE'S Big Value is not so much in its great efficiency as a remedy for roach, canker, chicken pox and other diseases of poultry, but in its great efficiency as a remedy for the world for other poultry or stock (including pet stock), commencing with the hatching of the egg and continuing to the end of the life of the bird or animal. It is a powerful purgative and cleanses the system.

BOARD PROCEEDINGS.

Proceedings of the Board of Supervisors of Decatur County, Iowa. May Session, 1914.

ing proceedings for March 98.00 Hull, O. E., printing for county 34.00 Hill, J. H., committee work 25.50 Hutchinson, P. E., assessing Woodland township 83.44 Honnold, J. W., assessing May 4th, 1914. Board met as per adjournment. Members all present. On opening bids for concrete bridge across creek south of depot, the Iowa Bridge Company being the lowest bidder, was given the contract. Carter Scott, being the lowest bidder received contract for furnishing extra tools for concrete gang. W. H. Bronson was granted pass-way for cattle under bridge between sections 23 and 26, Grand River township. At five o'clock board adjourned until eight o'clock Tuesday morning.

W. M. FROST, Chairman.

Attest: R. E. McLAUGHLIN, Auditor.

May 5th, 1914.

Board met as per adjournment. Members all present. On motion the board adopted the following resolution: Whereas, in the judgment of the Board of Supervisors it is necessary and advisable by reason of the condition of the railroad crossings on the Cannon Ball Trail between Crown and Garden Grove at the northwest corner of Simon Goodman's farm in the northwest fourth of section 10-69-25.

Therefore, be it resolved by the Board of Supervisors of Decatur County, Iowa, that the said road be changed and altered as follows: by leaving the present traveled road at a point 460 feet south of the northwest corner of section 10-69-25 and about 75 feet south of the present railroad crossing, thence in north-eastern direction along right-of-way of C. B. & Q. R. R. until it intersects main road running east, road way to be 50 feet wide.

The County Engineer is hereby authorized to make the necessary survey and estimate, showing an itemized statement of total costs of the improvements, including the purchase of the right-of-way for road. County Auditor is hereby authorized to negotiate with the officials of the C. B. & Q. R. R. for the payment of two-thirds of the expense of said high-way change.

Board spent balance of day viewing roads. At five o'clock board adjourned.

W. M. FROST, Chairman.

Attest: R. E. McLAUGHLIN, Auditor.

THE RESERVE BOARD'S PEISON-NEL

What manner of men are these to whom President Wilson has delegated the task of making the Federal Reserve Board a vital and a living thing? The Republic has described Paul Moritz Warburg as a man who will bring to the Reserve Board an intimate acquaintance with the gigantic problems of international banking. That Richard Olney would have made the ideal head of the board was admitted from the moment his appointment was forecast, and his declination is the subject of nation-wide regret.

What of the six members who have accepted? Who are they and what capabilities do they bring to the powerful directing body? Harry A. Wheeler is of the middle west. He is a Chicago banker, familiar with the banking problems of the great stretch of country in and tributary to the Mississippi valley. He helped organize the United States Chamber of Commerce and served as its president. He is one of the thinking bankers who have attempted to make use of the consular reports and the vast amount of trade and commercial statistics gathered by all government bureaus having to do with commerce, by directing this information into channels where it will be of use to the merchant and the banker.

The new south is represented by W. P. G. Harding of Birmingham. He comes from the Pittsburgh of the south, from the very heart of the southern industrial district. As a leading banker he will bring to the Reserve board a knowledge of its rapidly developing section's commercial and financial conditions.

The economist is represented by Dr. Adolph Miller of San Francisco. Dr. Miller is Flood Professor of Economics and Commerce in the University of California. For thirty years of his forty-eight years he has been a student of finance and is reckoned as an international authority on that and kindred subjects.

Three bankers and an economist comprise that part of the Federal Reserve Board now certain. The Atlantic seaboard, the middle west, the far west and the south have representatives in these four appointees. The ex-officio members are Comptroller of the Currency John Skelton Williams and Secretary of the Treasury William G. McAdoo.

Comptroller Williams is a railroad president and an officiating director in numerous banks and trust companies. He is best known as the head of the southern seaboard railways. Southern financial circles have known him since 1886 as a member of a Richmond banking firm.

When the country at large first heard of William Gibbs McAdoo he was boring tunnels under New York. He is a Georgian by birth and a New Yorker by adoption. McAdoo is a type of the lawyer-capitalist evolved by the great building and engineering undertakings of the last two decades. His record as Secretary of the Treasury has made him anything but an unknown quantity in the financial affairs of the nation.

As the board now stands, it will be made up of a lawyer-capitalist, three bankers, a railway president and an economist, with the seventh member yet to be named. The personnel of the board, so far as named, guarantees the success of our gigantic currency experiment.—St. Louis Republic.

WILSON'S DAUGHTER MARRIED TO McADOO.

President's Youngest Child Becomes Bride of Secretary of Treasurer.

Washington, D. C., May 7.—Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson, became the bride tonight of William Gibbs McAdoo, the secretary of the treasury, in the historic blue room of the White House.

Less than 100 persons, and but few officials, heard the low toned voice of the Rev. Sylvester W. Beach, pastor of the First Presbyterian church of Princeton, N. J., where the Wilson family has worshipped for years, as he united in marriage a member of the cabinet and the daughter of the president.

It was a simple ceremony, brief, but solemn, the radiant faces of the bride and groom reflecting the happiness of the hour. For the president and Mrs. Wilson, it was a touching moment, as they gave away a daughter for the second time within a year.

Around them stood their relatives and friends—a small group—for it was a family affair, much the same kind of home wedding one would see in any American household, although the historic interior of the White House with its masses of lilies and ferns, the uniformed aides, and the presence of members of the cabinet and the vice-president preserved for the function an official aspect. It was in contrast, nevertheless, to the wedding of last November.

There were no uniformed diplomats, no members of the senate or house or the supreme court. This was the wish of the bride and groom, and except for an afternoon of gaiety among the young folks with the busy anticipation that always precedes a wedding, the day and evening moved by quietly and quickly.

The ceremony started at 6 o'clock and lasted but fifteen minutes. The reception was brief, the wedding supper was followed by a brief dance and at 8 o'clock the bride and groom had left, all the wedding guests had departed and the White House resumed its normal appearance—interrupted but a few hours.

Another thing—when a baby was born, the ceremony was a joyous one.

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription was put up in liquid form was called

DR. PIERCE'S Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid. The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alterative extract—as thousands have testified. Send 51 one-cent stamps to pay cost of mailing only by a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, clothbound. ADDRESS DR. R. V. PIERCE, BUFFALO, N. Y.

National Vacuum Washer

The Most Simple Device and Only Proper System for Washing Clothes

Why You Should Use National Vacuum Washer Because, it washes much quicker, does it much cleaner and with a great deal less work to the operator.

Why Does it Wash Quicker Because, the rapid action of the dasher driving the hot water and suds through the soiled clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from any fabric that can be cleaned with soap and water.

Why Does it Wash Cleaner Because, by the vacuum principle the dirt is all forced OUT instead of rubbing part of it into the fabric.

Why With Less Work to the Operator Because, by the vacuum principle it requires only power to handle the water, not the clothes. This eliminates the wear on the fabric and makes the machine run much easier.

In order to fully appreciate the real value of the National Vacuum Washer you must give it a trial
