DR. TRIMMER

The Regular and Reliable Specialist

I treat successfully the cases I undertake and accept no fee from those that cannot be successfully treated. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

That I have been eminently successful in all chronic diseases is proven by the satisfactory results obtained in difficult and long standing cases which had baffled the skill of many other physicians.

Being a graduate of one of the best schools of regular practice in this country, having had vast hospital experience and many years of extensive practice, I have become so proficient that I can locate and explain your trouble in a few moments. It costs no more to be under the care of an experienced physician than an inexperienced one.

I successfully treat CATARRH, Eye, Ear, Nose, Throat and Lung diseases in early cases.

STOMACH, LIVER, KIDNEY, HEART,
Nerve, Blood and Skin Disorders.

GALL STONES,
Gravel, Rheumatism, Neuralgia and Bright's Disease in early stages. Inflammation of the Bladder and diseases of the Female Organs.

Getters or Big Neck treated scientifically.

PILES, FISTULA AND FISSURE
treated without the use of the knife or detention from business.

DISEASE OF MEN
I have a special treatment which I would like to explain in person.

If you or your family have any of the above diseases call and see me at once, as a delay may be dangerous. Consultation costs you nothing and is confidential.

Address, Dr. F. M. TRIMMER,

"White Beauty" The New Hoosier

This Should Prove to You That You Need This Hoosier

Every time you take a step you lift your entire weight. If you weigh 120 lbs. and cross your kitchen 20 times during the baking of a single one-egg cake you expend energy sufficient to lift 30 tons!

We have made hundreds of tests in average kitchens, proving that the average woman does do this. Then think of the energy you waste in getting three whole meals every day!

Come to this store and see the new Hoosier Cabinet, which groups three cupboards and a pantry around a big sliding metal table and places 400 articles—utensils and supplies—at your fingers' ends, so you can sit down while you work and save miles of steps.

You'll need only this one demonstration to prove to you that a Hoosier is worth five times the low purchase price. Come see it now.

F. S. STEWART

The Only Place in Town Where Hoosiers are Sold

You are cooking against odds without a Majestic.

Half your life is spent in fixing food—each year you and your range are companions in cooking a thousand meals.

Your range should make it easy for you to cook right always. "Majestic" is the range that takes the task out of cooking and puts pleasure into it. Dull of malleable and charcoal iron, it roasts, broils and bakes three times longer than ordinary ranges. Put together with cold-rivets, no putty used; joints

stay tight always and heat stays in, requiring less fuel to maintain uniform heat. Heat circulates evenly to all parts of oven; you never have to turn "the baking" in a Majestic. The Majestic costs less to buy because it outwears three ordinary ranges, saves in fuel and repairs and gives better results in cooking. A 15 gallon all copper reservoir heats water as quickly as a kettle on a stove top. Oven door lowers onto heavy brass; oven rack stays level, under load, when pulled out. Reservoir flush with stove top has aluminum lids. The health and happiness of your whole family is effected by the range you buy. Investigate thoroughly. Before you buy any range, come to our store and see the Majestic—we know you will want a Majestic when you see its advantages.

Don't make a mistake in buying your stove. Make your purchase of a firm that is right at home and here personally to back up a guarantee. We handle a standard article that is honestly and squarely priced. We do not take old goods in return but we sell you dependable stoves at a price that you cannot beat anywhere.

Davenport Woman Tells How She Escaped Surgeon's Knife

Mrs. S. T. Oliver Gets Back Her Health in Spite of Fears of Experts.

Mrs. S. T. Oliver, of 1226 East High Street, Davenport, Iowa, was so ill that her physicians told her she must go to a hospital.

An operation appeared necessary. Her case had been diagnosed, she says, as gall stones.

She was able to move about but little—to go any distance was torture. Mrs. Oliver was then in Miami, Florida.

took the first dose. I fell off fifty pounds, but have gained it back."
