Mrs. W. F. Waight has just received the announcement of the death of her eldest sister, Mrs. Ellen Woram, at her home in Colyton, Devonshire, England, which occurred on March 11st. Mrs. Woram was 71 years of age. The delay in handling foreign mails since the war is responsible for the delay in Mrs. Waight receiving the announcement. Before the war it only took a few days to get letters from England, but now it is more than a month after letters are mailed in England before they reach Leon.

A letter from Miss Cordelia Wallace, who has been teaching the past year at Palisade, Nevada, tells us not to forward The Reporter to her at Palisade after this week, as her school has closed and she is leaving for a visit at Reno and at various points in California before returning to Leon for the summer vacation. She writes they have been having stormy weather, with much snow and rain, which was badly needed, as there was not much snow in the mountains. Business there is picking up and some of the mines are unable to get all the men they can use.

Out Leeper Boulevard.

One of the finest little auto drives out of Leon is a trip out past the beautiful farm of J. E. Leeper, northeast of Leon, and it is getting to be a popular pleasure drive, and autoists will always find it in the pink of condition. Joe Leeper has taken this road under his wing and the way he grades it and drags it is something remarkable. There is going to be a keen rivalry between Joe Leeper and Charley Akes, over which one keeps the best piece of road running out of Leon. They are both enthusiastic good roads boosters and we wish everybody was half as good.
