DR. TRIMMER

The Regular and Reliable Specialist

I treat successfully the cases I undertake and accept no fee from those that cannot be successfully treated. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

That I have been eminently successful in all chronic diseases is proven by the satisfactory results obtained in difficult and long standing cases, which had baffled the skill of many other physicians.

Being a graduate of one of the best schools of regular practice in this country, having had vast hospital experience and many years of extensive practice, I have become so proficient that I can locate and explain your trouble in a few moments. It costs no more to be under the care of an experienced physician than an inexperienced one.

I successfully treat CATARRH, Eye, Ear, Nose, Throat and Lung diseases in early cases.

STOMACH, LIVER, KIDNEY, HEART,
Nerve, Blood and Skin Disorders.

GALL STONES,
Gravel, Rheumatism, Neuralgia and Bright's Disease in early stages. Inflammation of the Bladder and diseases of the Female Organs.
Goitre or Big Neck treated scientifically.

PILES, FISTULA AND FISSURE
treated without the use of the knife or detentum from business.

DISEASE OF MEN
I have a special treatment which I would like to explain in person.

If you or your family have any of the above diseases call and see me at once, as a delay may be dangerous. Consultation costs you nothing and is confidential.

Having been bothered with piles and fistula for several years and getting no relief after many treatments I consulted and took DR. TRIMMER'S treatment. I can now say I am entirely cured and will gladly recommend him.
(Signed) Jim Zimmerman,
