 John F. Rumley.  
 All records were broken at the Idle Hour theatre Monday night when "Uncle Tom's Cabin" was presented in moving pictures, and the play is just as big a drawing card in silent pictures as in the real theatrical production. In fact many people prefer not to hear Uncle Tom, Little Eva and Marks.  
 A. E. Ellis, who owns a mighty fine farm three miles west of Leon on the Leon and Decatur road, is fixing things up in fine shape. He has erected a fine iron fence along the front of the residence with an ornamental gate, over which appears the name of the farm, "Ellis Acres." The improvement adds greatly to the appearance of the place.  
 Wm. Crichton & Son are moving their hardware store from the Millwright building across the street to the opera house block, where they will have the double store room on the corner. Lew Gillham, who occupied the corner room with his grocery stock, last week bought the O. H. Stoner grocery at the northwest corner of the square and has consolidated the two stocks.  
 The open season for prairie chickens began last Wednesday and a quartet of Leon sportsmen, Henry Minor, Harry Long, F. G. Hume and Dr. F. G. Hume, enjoyed a great day's shooting down by Togo that day, bringing home with them 27 prairie chickens. The law allows each hunter to only kill eight chickens in a day, and they wanted to be on the safe side or would have probably gone the limit.  
 H. E. Timmons and Jim Ausman last week completed the work of painting the house and buildings on Clyde Marvin's farm 12 miles southeast of Leon. The boys thought the farm ought to have a name, and when Clyde went out to inspect their work he found they had named the farm "Pleasant View Stock Farm," and a neat sign was up so that the people in passing could know what farm it was. And Clyde didn't kick a bit. Every farmer should give his farm a name and put the name and owner up in a conspicuous place, so that people in passing can tell whose farm it is.

No old stock, everything right up to the minute. Keller & Pryor.  
 The members of the Priscilla Club and invited guests met at the home of Mrs. J. T. Harris Tuesday afternoon, about fifty guests being present. A pleasant afternoon was spent with music and contests of various kinds, the music being furnished by Mrs. W. R. West, Mrs. F. A. Wagoner and Misses Mida and Mabel Bradley. Dainty refreshments were served.  
 F. D. Peet, president of the State National Bank at Iowa Falls, has brought suit against the Iowa Telephone company. While Mr. Peet was absent from the city last spring, the defendant trimmed and destroyed a number of trees along his property. Of course, the telephone folks will claim that this was necessary in order that they might be able to string their wires and conduct their business. But Mr. Peet holds otherwise and asks \$250 damages. The case will be watched with interest, and if the plaintiff is given a verdict, no doubt many similar suits will be brought in other towns. For what does it avail a man to believe in the city beautiful and to prove his faith by planting and nursing fine trees, if a telephone company can come along and hack and butcher them into hideous wrecks, that are worse than useless.

 A message was received yesterday from Des Moines, stating that E. C. Poe was dead in that city and his body would be brought to Leon for interment today. The deceased was employed as a car checker and was killed while coupling cars. He was a brother-in-law of John Culp, of this city.  
 The railroad commission has ordered the Burlington road to open its car doors on the south side, when stops are made at Chariton, that being the side next to the station. The business men of the town have been trying to get the company to do it for several years, but without success.  
 Superintendent W. A. Card and assistant superintendent R. F. Ledford, of the C. B. & Q. R. R. with headquarters at St. Joe, Mo., were over night visitors in this city Monday, looking after some business matters, but we did not hear them expressing any opinion as to when the Burlington was going to build a freight depot at Leon.

**"Red" Peck returned Monday from Osceola**, where he pitched two games for the Osceola team, one against Liberty on Saturday which Osceola won by a score of 9 to 6, and the second game on Sunday with Creston. "Red" pitched a shut-out game Sunday, not allowing the fast Creston team to score, the score being 9 to 0 in favor of Osceola.  
 Dr. B. L. Eiker is one of the most dignified men in his profession, but Dr. lost all his dignity and was sporting around like a school boy last Sunday, all on account of the arrival of a bouncing boy at their home to keep company with their little daughter. The youngster weighed exactly eight pounds and a half at birth and has been named James Hendrickson Eiker.  
 Misses Nina Bowman, Freda Ferren, Nancie Kemp and Marjorie Shular entertained a large number of their schoolmates at a reception held at the assembly rooms of the library last evening in honor of a number of their former classmates who will leave the coming week to attend college at various places. Delicious refreshments were served, and it was an enjoyable evening for all.  
 Miss Marie Goodman celebrated her 18th birthday Wednesday, Sept. 1st, at her home on north Church street by inviting a number of her girl friends. The afternoon was spent in games and contests, two prizes, carried off by Freda Ferren, a hand painted china salt and pepper shaker, and by Nina Bowman, a hand painted hair receiver. Delicious refreshments were served during the afternoon on hand painted china, all Miss Marie's own work. She is a talented artist and is sure turning out a lot of fine work. She received several nice presents, the most important one being a generous check from her father. The girls returned to their homes telling Miss Marie that they had had a jolly good time.  
 Last Wednesday Harmon McKinley and Frank Chastain drove to Farmington, Iowa, in the McKinley car visiting over night and the next day with Mr. McKinley's father. On Friday they drove to Kookuk taking in the sights at the dam. After dinner they drove over the famous drive up the banks of the Mississippi to Ft. Madison. Here they took in the prison, returning to Farmington in the evening, and then on home Saturday. Mr. McKinley's brother, Frank McKinley from Oklahoma, drove home with them for a short visit. While away Frank Chastain visited a Shetland pony farm, purchasing the four year old Shetland stallion Major. He is black and white spotted and he weighs 300 pounds. He came through by express arriving Saturday evening. The boys found the roads in fine shape all along the Wabonsie Trail, adding much to the pleasures of the trip.

While returning from the state fair at Des Moines last Thursday in the big Bowsher Cadillac, Uncle Bob Bowsher was painfully cut and bruised when the car struck a rough railroad crossing near Van Wert and he was thrown up against the top of the car. He has been confined to his bed ever since, and is under the care of a physician.

If frost holds off Mr. Wagoner expects to have fresh cherries about Thanksgiving.
