Blind 17 Years Cured by Dr. Weber

The Democrat has recently heard reports of a remarkable cure effected by Dr. A. H. Weber, the Des Moines oculist who comes to the Hotel Lewis once a month, and after investigation we find the reports to be true. The cure was in the case of Mrs. Scurlock of Cherokee whose picture is given herewith. The case is an interesting one and will attract attention both from a scientific standpoint and in the interest of humanity in general.

Mrs. Scurlock has had her sight restored after seventeen years of blindness. She has a daughter 16 years of age whom she had never seen until three months ago.

Mrs. Scurlock was afflicted with cataracts which rendered her totally blind.

According to her own story she had been treated by oculists without the least benefit and gave up all hope of ever seeing again. When friends told her of Dr. Weber having cured many difficult cases of eye trouble, "I called on him," said Mrs. Scurlock, "and when he told me he could restore my sight it seemed too good to be true. He has done so to my perfect satisfaction. Dr. Weber removed the cataracts painlessly."

Mrs. Scurlock has recently called at this office and her sight seems to be as good as that of the ordinary person. She has a good reason to feel overjoyed and is unstinting in her praise of Dr. Weber and his miraculous cure.—Cherokee Democrat.

Painted Floors Save Scrubbing

Painted floors are sanitary and easy to keep clean. Bare floors absorb dirt and grime and require hours of back-breaking work with the scrub brush to keep them in condition.

You can fix your floors yourself with

Lincoln Floor Paints

They change old shabby floors into new floors that are easy to keep spotlessly clean. Ask for color samples and a copy of the Home Painting Jobs booklet, which tells you about painting, varnishing, waxing and finishing floors and all surfaces about the home.

The Garland

THINK OF IT! The best in heating and cooking appliances at a price only slightly in advance of that asked for the poorest productions masquerading under the name of "stoves."

The cooking and heating requirements of every city, town and hamlet in America have been carefully analyzed and provided for by The Michigan Stove Company.

There is a "GARLAND" Stove or Range to satisfy every heating or cooking requirement, and at the price you want to pay. It does not matter whether you live in a mansion or in a bungalow for two, or whether you must prepare meals for one or one hundred, there is a "GARLAND" Stove or Range to satisfy those requirements—over seven thousand seven hundred and seventy-seven units in all.

Your "GARLAND" is ready and waiting for you.
