

ABOUT CATARACTS

Experience of German University Professor.
Dr. Meyer Steing of University of Jena, Germany.

In the December number of Annals of Ophthalmology Dr. Meyer Steing of Germany states that he has discovered that EXCLUSIVELY MEDICAL TREATMENT in early stages of cataract WILL CURE. He succeeded in forty-three out of fifty-three cases by using medicine both in the eye, and also internal medicines with it. He says it should always be used the method of choice.

THIS IS THE SAME PERCENTAGE OF CURES AS IN WAITING UNTIL EYE IS BLIND and then doing an operation and in the LAST FIFTEEN YEARS I HAVE USED THE SAME MEDICAL TREATMENT as Dr. Meyer Steing reports and with the same success. FROM MY EXPERIENCE with MANY cases I prefer it to waiting for blindness. Start treatment when any dimness first appears.

Last Saturday afternoon Mrs. Lavina Jimmerson, Grandma Bramer, Rolla Bramer started for Grand River in a one horse rig. When they were within a mile of town a car came up behind them without giving any warning. Mrs. Jimmerson turned her horse out of the road. There was a small ditch on that side of the road and the car was crowding her horse so that the buggy upset, throwing Mrs. Jimmerson out, braking her right limb just above the ankle. Grandma Bramer had her face badly bruised up. As soon as Rolla could get to his feet he caught the horse or they might have been killed. As Mrs. Jimmerson's foot was caught between the buggy bed and the wheel and Grandma Bramer was also fast. The men who were in the car came back and got them and took them to Mrs. Jimmerson's home. Dr. Carr of Grand River, and Drs. Layton and Bowman of Leon made a hurry-up trip and soon had her limb set. They found it in a very bad condition. At this writing she is no better but we hope she will soon be on the road to recovery.

Harmon Bramer of Dakota came the past week to visit his parents, Mr. and Mrs. Harvey Bramer of Grand River.

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

Yours truly, W. A. ROBERTS.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

EDITOR—Please insert this letter in some conspicuous place in your paper.

LeRoy.

Tone That's where the Victrola is pre-eminent

The Victrola brings to you the pure and varied tones of every musical instrument, and the beauty and individuality of every human voice—absolutely true to life.

Such fidelity of tone was unknown before the advent of the Victrola—the first cabinet style talking-machine; and this pure and life-like tone is exclusively a Victrola feature.

"Why exclusive with the Victrola?"

Because of the patented Victrola features, which have been perfected after years of study and experiment:

"Goose-neck" sound-box tube—the flexible metal connection between the sound-box and tapering tone arm, which enables the Victor Needle to follow the record grooves with unerring accuracy.

Concealed sounding-boards and amplifying compartment of wood—provide the very limit of area of vibrating surface and sound amplifying compartment, so absolutely essential to an exact and pure tone reproduction.

Modifying doors—may be opened wide thereby giving the tone in its fullest volume; or doors may be set at any degree graduating the volume of tone to exactly suit every requirement. Closed, tight the volume is reduced to the minimum and when not in use the interior is fully protected.

Victor system of changeable needles—a perfect reproduction is possible only with a perfect point—therefore a new needle for each record is the only positive assurance of a perfect point. You also have your choice of full tone, half tone or further modification with the fibre needle.

It is the perfection of every part, and its perfect combination with all other parts, that gives the Victrola its superior tone—that makes the Victrola the greatest of all musical instruments.

There are Victrolas in great variety from \$15 to \$250. Come in any time and we will gladly demonstrate them and play any music you wish to hear. We'll explain our system of easy terms, too.
