

New Cabinets for Old

Have you an old, out of date cabinet in your kitchen? If so, we will take it in on a new Hoosier, and allow you a liberal exchange price on it.

Perhaps you have been wishing for a Hoosier, but your old cabinet was too good to throw away, and you were unable to dispose of it for what it was worth.

This offer enables you to have one of the wonderfully convenient Hoosiers without throwing away or sacrificing the old cabinet.

A Hoosier will save you many useless steps that you now take daily, and give you more time outside your kitchen. Can you afford not to investigate this opportunity, now?

Fill out the coupon below and bring it here, and we will give you a handy mixing spoon free. The signing of this coupon does not place you under any obligation. All we want is the information about your cabinet.

If you have a Hoosier mark an X in the first square. If you do not have a cabinet of any kind mark an X in that square. But if you have one of another make than the Hoosier just fill out the blanks.

KILLED IN AN AUTO ACCIDENT.

Col. Wasson Meets Death Under His Car in Oklahoma—Remains Sent to Lineville for Burial.

W. B. Wasson received a wire message last Friday informing him of the death in an automobile accident at his home near Willard, Oklahoma, of his half-brother, C. D. Wasson. The message came from relatives at Denver, Colorado, who were first notified of the fatal accident and stated that the remains would be sent here for burial. No particulars of the accident were given and neither have any been received here up to this writing, Tuesday. It was known here however, that Uarda, Col's oldest daughter, was the only relative or member of the family residing with him at the time the accident occurred. Mrs. M. E. Wasson, mother of the deceased, and his sister and her husband, Mr. and Mrs. A. Z. Stirling, of Denver, Colorado, arrived at the home of the deceased on Saturday, and after arranging for the shipment of the remains to Lineville, returned to Denver, the daughter, Uarda, accompanying them. The remains arrived here on No. 30 Monday afternoon and were awaited at the depot by a large number of people, a majority of whom were persons related to the deceased. The remains were immediately conveyed to Evergreen cemetery in the auto hearse followed by a long procession of cars carrying mourners, relatives and others, where short services were conducted by Rev. Ryan at the close of which the body was lowered to its last resting place in the family lot where rest the remains of the late, J. D. Wasson, father of the deceased. Among the nearest relatives and principal mourners at the funeral were the widow of the deceased, by a second marriage, who had spent the past few months in this vicinity, Clara, the 13 year old daughter, with her grandfather, T. F. King, of Corydon, with whom she makes her home, W. B. Wasson, of this place, and Mrs. John Jordan, of Des Moines, half-brother and half-sister of the deceased, Mrs. Tella Wasson of Williamsburg, Iowa, widow of the late Frank Wasson, and daughter, Mrs. Ruby Smith and husband of Chariton. The deceased was born and reared at Lineville and was the son of J. D. and M. E. Wasson, being survived by the mother, two sisters, Mrs. Allie Stirling and Mrs. Hazel Sinderson, who reside in Denver, Uarda, the eldest daughter, making her home with her grandmother at Denver and youngest daughter Clara, who lives with her grandfather, T. F. King, of Corydon.—Lineville Tribune.

Mother Shipton's Prophecy.

Mother Shipton's prophecy, made before any of the important discoveries and even before America was discovered by Columbus, has come true, except that part referring to the end of the world. It is as follows: Carriages without horses shall go, And accidents fill the world with woe;

Around the world thought shall fly In the twinkling of an eye. Waters shall yet more wonders do, Now strange, yet shall be true: Through hills men shall ride, And no horse nor ass be at his side. Under water men shall walk, Shall ride, shall sleep, shall talk; In the air, men shall be seen In white, in black, in green. Iron in the water shall float As easy as a wooden boat. God shall be found 'mid stone, In a land that's now unknown. Fire and water shall wonders do. England shall at last admit a Jew. And this world to an end shall come In eighteen hundred and eighty-one.

Was Looking Up Grandfather's Grave.

Two gentlemen were in our town the latter part of last week, Hyrum Bennion, from Utah, and S. O. Bennion, of Independence, Mo. The former was a gentleman about 70 years of age, who in conversation told us they were here looking up his grandfather's grave, he being buried in the old Mormon cemetery west of town. He also told us that he was born in Garden Grove when the Mormons stopped here after being driven out of Nauvoo, Ill., in the late 40's. Owing to the fact that the old cemetery has been cleared off some time ago, and the trees cut, it was impossible to locate the grave with any certainty: They wished to buy a plot of ground and erect a monument. They were well noted on the early history of Garden Grove and it was interesting to talk to them.—Garden Grove Express.

Former Weldon Man Now in Kansas May Have Oil Well on Farms.

Word was received from S. B. Westfall, who formerly lived near Weldon, that on Wednesday of last week oil was discovered at Douglass, Kansas, close to the farms of Mr. Westfall. The wells which have been found there bid fair to rival the great oil fields of Augusta, a few miles north. A great deal of the land around there has just recently been bought by the Ohio Oil Co., for an amount in excess of three million dollars. Most of the land for miles around Mr. Westfall's farm has already been leased.—Osceola Democrat.

Building New Bridge.

The county bridge gang came last Thursday to start work on the new concrete bridge south of Lamoni. This bridge will be 66 feet long of reinforced concrete. It will be set angling to the road in order to take care of the traffic coming from the west. This is one of the most important corners in the way of traffic and we have needed the new bridge there for many years. When completed the new bridge will be one of the best of its kind in the county.—Lamoni Chronicle.

We have a bin of Illinois lump coal in a building on the railroad right of way. We wish to vacate this building and move it to our own ground, to save transferring we offer you this coal while it lasts for threshing purposes at \$4.25 per ton. Biddison Coal and Grain Co.

100 BOYS WANTED.

To Enter Baby Beef Feeding Contest—State Organizer Here This Month.

Mr. Neal Campbell, of Grand River, state organizer will be here during the month of October to organize Decatur county for the state beef feeding contest which is being promoted by the Iowa Beef Producers' Association in co-operation with the Extension Department of the State College and the U. S. Department of Agriculture.

Valuable prizes are offered as an inducement for the boys to enter the contest. The champion baby beef raiser in the state receives a free trip to Washington, D. C., valued at \$100. Some boy in this county will receive a trip to the International Live Stock Exposition in Chicago, valued at \$35, providing twenty-five boys enter the contest from this county. A purse divided into twenty prizes was offered at the 1916 Iowa State Fair for contest calves shown there. At the Interstate Fair at Sioux City, \$200 divided into ten prizes offered. Similar prizes will probably be provided for the 1917 fairs. At many district, county and local fairs and shows, liberal prizes will be offered for exhibits of baby beef.

The educational value of this work should not be overlooked. The boy will get valuable experience in feeding and handling cattle. He will receive a year of free instruction in cattle feeding. Above all, it should serve to create an interest in the growing and feeding of beef cattle among the boys in the state.

The nature of the contest will be explained by the state organizer and county leader when this county is being organized. All boys who are interested in this work should be looking up a calf and be ready to enroll when the state organizer visits this county. The calf to be used may be a representative of any of the beef breeds, either purebred or grade and should be one dropped between Jan. 1, 1916, and Sept. 1, 1916. The feeding operation begins between Oct. 1, and Oct. 30, 1916, and it is hoped that at least one hundred boys from this county will have their calves selected and be ready to enroll in this contest.

Verdict in Ben Glaze Case Reversed and Remanded.

The Supreme Court last week reversed the judgment in the case of the State vs. Ben Glaze, in which Glaze was found guilty of embezzlement from the Burlington railroad company. This case came up in the Clarke county a couple of years ago. Glaze had worked for the Burlington railroad company for about 10 years and in January, 1913, his accounts were found to be short about \$4,000. He was indicted by the grand jury and plead not guilty.

When his case came up for trial he was found guilty and sentenced to five years in the penitentiary. The case was appealed and judgment reversed and remanded. The decision of the Supreme Court has not yet been received here, so it is not known on what grounds the decision was based.—Osceola Democrat.

Fred Newcomb Locates at Indianola.

Fred Newcomb, who for many years been engaged in the lumber business at Lamoni, arrived with his family, in Indianola last week, and expects to make his home here. Mr. Newcomb formerly resided at Corning and is a member of a family of five boys, four of whom have attend Simpson College.

Mr. Newcomb was a student here in 1894 and 1895, leaving here to engage in the lumber business at Lamoni in the spring of the latter year. He was a fine athlete both in track and foot ball, playing the quarterback position for the red and gold. He has a nephew, a son of Mr. and Mrs. Walter Newcomb, now residing in Idaho, who is a freshman at Simpson this year.—Indianola Advocate-Tribune.

Garden Grove Couple Wed at Osceola.

B. H. Singleton and Miss Lenna A. Coons, both of Garden Grove, were married here Monday by the Rev. J. H. Tice. Mr. Singleton is a farmer, and both he and his wife are 28 years old, according to the marriage license which was issued Monday morning. This marriage license was the only one which was issued this week.—Osceola Democrat.
