BRAKES

Both FOUR and SIX are equipped with the same big Safety-Insuring Brakes. They act on a 15 inch drum with 2 1/2 inch facing—more brake area per pound of weight than you find on other cars.

With four years' experience on the same basic design, with 250,000 cars in the hands of owners, Studebaker has perfected its system of brakes exactly as it has perfected and refined every other part of the car—into a perfect, smooth-working mechanism.

Leverages have been scientifically worked out, so that a touch of the Brake Pedal, or on the Emergency Brake lever, exerts great pressure on the Brake surfaces.

The Brakes are simply but perfectly equalized, so that the pressure on both wheels is exactly the same. No slipping of one wheel; no tendency to skid, due to unequal brake pressure; the instant stopping of the car in a straight line—thus your safety is insured to the maximum.

In short—good brakes on your car is perhaps really one of the most vital and necessary things in SAFE DRIVING.

The Potato.

Twinkle, twinkle, little spud,
As among the clouds you strut;
You are doubtless feeling gay,
Chasing round the milky way;
You have reached to such a height,
You are surely out of sight,
Like a diamond you seem
In your price—and that's no dream.
Twinkle on another twink,
But you'll drive us all to drink;
As we chase for needless chink,
You are sailing rather high;
As you wink your shriveled eye,
Up there somewhere in the sky,
Little tuber, on my word,
As a flyer you're a bird.
Spud so mighty, though so small,
You make diggers of all us—
Farmers dig you with a hoe,
While we have to dig for dough.
If you keep on I'll be bound,
You'll bring bullion pound for pound,
You'll fulfil the adage old,
That you're worth your weight in gold.
Tuber, since the coop you flew,
We have only longed for you;
That our fireside you forsook,
Broke our heart and pocketbook.
Never felt how we could live
Till you left and went above;
Never felt how dear you were
Till we paid four dollars per.
Small potato, please come back,
In our lives there's such a lack,
For your presence we so pine,
That our stomachs hit our spine.
We are tired of eating greens,
Stewed prunes, sauerkraut and beans;
'Tis for you alone we yearn,
Darling tater, please return.

Bloodhounds Called to Davis City.

Last Wednesday night J. F. Parker had his corn crib down by the depot broken open and some corn stolen. It had not been the first time the crib had been broken open and corn taken and James decided to find out who had been helping themselves.
Thursday morning he sent for Alva Thomas of Creston and his bloodhounds. They arrived by auto about noon and were taken to the crib. The dogs started out in pursuit of the corn thieves going to the west of the stock yards and then along the railroad west as far as Wm. Wells' and then turned up the alley to the east of Mr. Wells' and then turned at the first alley and stopped where they lost the scent.
They were then taken back to the crib and started over again and followed the same trail as far, only from this point they went on west to the main road and then north to the Lindsey corner and then turned and went east as far as the Frank Githens barn gate where they lost the trail completely.
It is supposed the trail was too old but in the future dogs will be brought here earlier.—Davis City News.

No Flags on Apparel.

Federal and state laws forbid the use of the flag, or a representation of it, as an advertising device to enhance the sale of a commodity. The flag is a symbol and not an ornament. To put the flag on collars and cuffs, neckties, shoes and stockings is an unpatriotic utilization of the emblem for personal decoration. The objection to the display of the flag embroidered or otherwise worked on articles of clothing is that exhibited in the stores, this display is manifestly to promote sales of such articles. Flag handkerchiefs or flags worked on stockings are in the worst taste and a degradation of the national emblem.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 35c and \$1 a bottle at the drug store. 38-18

Let Outdoors Inside

Screen your house-keep your porch, and use the better grades of fixtures, for it pays. Nothing is so annoying as screens that don't screen. We have everything required and would like to figure with you on good screens.
