## Laundry Branch in Leon

When some one suggested that we take over the business of Mr. D. M. Jung, who has been doing laundry work in Leon, we made an investigation of the situation and decided it practicable to put in a branch office here. At present we are working out the details, but Leon people may be assured that we will provide the very best service possible, and bring many big-city conveniences right to your door.

We have as complete an equipment as is to be found in this part of the state, and have been under way sufficiently long to get well organized. Every class of work is given expert attention and the details carefully watched.

## Family Washings a Specialty

We have a large patronage in Lamoni and surrounding towns who send us everything that needs washing. For this service we charge only 8 cents a pound, which is cheaper than you can do it yourself, if your time and health are worth anything at all. At this rate all wearing apparel is washed, dried and starched. Flat work is washed, dried and ironed. Such washings should contain a reasonable proportion of flat pieces, large and small, as well as wearing apparel.

## Finish Work at Usual Rates

All fine shirts, collars, and similar work should be sorted out and sent in a separate bundle with the other clothes. These are given the special attention required and charged for at the regular rates for that class of work.

## Dry Cleaning of All Kinds

We will give you excellent service in dry cleaning and pressing of all kinds. By our up-to-date methods and with our equipment, not had in many shops, we do your dry cleaning and pressing so well you will wonder how you got along without it. It comes back absolutely odorless, too. Just now we are urging that all fur and heavy coats be brought in for a thorough renovating. There is nothing in this line that we cannot do well, and the charge is very reasonable for the work done. Much personal attention is given to this department.

## Have Us Call and See You

We realize that you will want to know more about us and what we offer. Leave a call at our branch office at any time and we will explain any details about our work, our methods of handling your work, and how much better it is for you to hire work of this kind done than try to do it yourself.

## Collections and Deliveries

We have arranged with Mrs. E. J. Crouse, who has been doing cleaning, pressing and repairing in Leon for several years, to manage our branch office at the old laundry building. Leave bundles of collars and shirt work, etc., there for Wednesday and Saturday deliveries. Leave phone calls any time for family bundles and our auto will call.
