I Can Make It Warm for You

You will keep snug and warm out in the coldest of weather in a fur overcoat made from your own horse or cow hide by the Globe Tanning Company, Des Moines, Iowa. We are agents for this locality and have the complete price list, and samples of linings to show you. I've taken the Globe agency because they are good tanners, use the best of care and materials in the manufacture of fur coats and robes—and stand behind their agents on every job turned out.

Fur overcoats for men and women, fur robes, fur caps, mittens, I can order any of them for you to be made from the skins you furnish yourself. Come in and see the Globe Catalog.

Building Your Wealth

A bank works for you night and day, week after week, adding cents to your dollars. Little by little the amounts grow till each addition is a respectable sum.

Where does the gain come from? Not from your pocket. Nor from ours. It is the result of production. Money placed in a bank is given an opportunity to work and to produce.

Thus a bank builds your wealth.

Start with a small deposit if you will. Add to it when you can—regularly if you can do so. It will not be long till you can fairly see it grow.
