THE ideal method of shelving your books is in a sectional book-case. The close fitting glass doors keep out the dust, which so soon ruins fine books. And the sectional case accommodates itself to the size of your library. You can keep adding sections as you add more books. In moving, too, you can move your library by sections, instead of taking the books and the case separately. Come in and let us show you the different styles.

Astronomers at Bryn Mawr have a plan of signaling Mars with smoke, using for that purpose the great lot of left-over war materials. The trouble is that when Mars sees the smoke he'll probably think we're on fire and send down his fire department which will spoil all our books and rugs. There is a new controversy on among the scientists. An Italian says Newton's law was that all that goes up must come down, as in the case of aviators. The Italian says things that go up may come down, as in the case of food prices. It is said that the style of women's dress in Japan hasn't changed in 500 years. Well, what of it? American women intend to find a satisfactory style and keep it that long too. They just haven't found one that suits them yet.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with santonin, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, — all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By improving the blood they fortify the body against an attack of grippe or colds. Catarrh should be treated, first, as a blood disease with this alternative. Then in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.
