

This should catch every eye

Extra value giving in Hart Shaffner & Marx clothes

EVERYBODY knows clothing is high priced; the worst of it is---there doesn't seem to be any relief in sight. Workers in the textile field are asking for increased wages; everything is costing more. We've felt that our duty was to keep clothing costs down as low as we possibly could; we've been doing it by having fine all-wool clothes; Hart Schaffner & Marx; clothes that save because they last longer; we've priced them very close.

Straw Hats and Oxfords at Reduced Prices

NATION FACES NEW CRISIS.

Food May Have to Be Imported from Europe.

Washington, D. C., June 1.—Decrease in agricultural production may result in this country becoming dependent on overseas food supplies, Herbert Hoover has declared to Representative Riddick, of Montana, setting forth the former food administrator's views "as to practical measures to insure better returns to the farmer for his labor and investment."

Mr. Hoover suggested the creation of a commission composed of highly trained farmers and skilled economists and financial experts to consider the causes and remedies for the situation.

Asserting that the present high prices of commodities will "sooner or later" decrease, Mr. Hoover said "this deflation must not begin on the farmer."

Shortage in production outside the United States, wild extravagance and misuse of extended credits for speculation and profiteering and nonessential production are contributing factors in the present inflated prices, he wrote. When the collapse occurs, he predicted, the intermediate dealers "will be able to pass the greater portion to the back of the farmer, no matter how carefully handled."

The burden of taxation is wrongly distributed, Mr. Hoover declared, pointing out that the excess profits tax "is an opportunity for food manufacturers and distributors to collect taxes for the government by adding them to the margin between the farmer and the market."

"The whole marketing system in many of our commodities is indirect, expensive, wasteful, obsolete, and increases the margin unduly, the letter continued. Our manufacturing industries have developed out of pace with our agriculture and labor is being drawn in thousands from the farm to the town at wages with which the farmer cannot contend."

A commission studying the whole situation, Mr. Hoover declared, "would deal with these things with that same common sense with which similar commissions of farmers meet the great economic problems of the food administration during the war with equal consideration for farmer, distributor and consumer."

J. F. Scott.

J. F. Scott, 68 years old, one of the proprietors of the new Scott Dry Goods Co., successors to Paxton & Paxton, died last night in a local hospital after an operation. Mr. Scott and his three sons, A. E. Scott, R. S. Scott and C. A. Scott, took over Paxton's store two months ago.

Mr. Scott was in the dry goods business almost fifty years. His first store operated by himself and his brother, Carter Scott at Davis City, Ia., is still being operated by Carter Scott. He and his three sons now operate stores in Blythedale, Mo., Topeka and Herington, Kansas.

Another brother, W. H. Scott operates a dry goods store in St. Joseph, Mo. Mr. Scott's death marks the second in a family of fifteen children. The death of a younger brother, Dr. Daniel Voorhees Scott, a prominent physician in Louisville, Ky., fourteen years ago, was the first.

Seven brothers survive; also six sisters, three sons, three daughters and his widow.—Topeka Daily.

Funeral services for Mr. Scott were held at the First Christian church at Blythedale and interment in New Hope cemetery.

John Hall.

John Hall was born July 16, 1846, in Ohio and died May 25, 1920, in Clarke county, Iowa, at the home of his daughter, Mrs. Joe Warrick; being at the time of his death 73 years, 10 months and 13 days. He came from Ohio when a small boy with his parents to Illinois and came to Iowa in 1879; he was married to Sarah Olive Thornton in 1874; to this union six children were born all living: Clarinda Jane Collins, A. C. Hall, Dora Alice the Parmer, David Henry Hall, Lyda Ava Warrick and Josephine Fry; all living near him. Mr. and Mrs. Hall have made their home with their children for the last few years on account of his afflictions, but was in his usual health until the last few days and did not seem serious, but death came very sudden and was a shock to all. Besides his wife and 6 children, he leaves to mourn his departure 44 grandchildren, 5 great-grandchildren, an aged brother and sister.

Funeral services were held at the home of his daughter, Mrs. Joe Warrick Tuesday, June 1st at 2 o'clock conducted by Rev. E. C. Vanderpool. Interment in the Wheelis cemetery.

A balky mule is a stubborn animal, but did you ever see a husband who was being forced by his wife to make a duty call on neighbors he didn't like?

If you'll just reconcile yourself to the idea that the other fellow has all the soft snaps, you may find one and if you don't it will be no more than you expected.

It is not hard to discover when your hostess is really sorry that you are going home.

AT SEVENTY SHE GAINS 20 POUNDS.

Tanlac Has Brought Me Health And Happiness,' Says Mrs. Mary Noble.

"I am now seventy years of age but I have actually gained twenty pounds in weight in just a few weeks time," declared Mrs. Mary Noble 914 South Seventh street, West Cedar Rapids, Iowa, a few days ago.

"During the past ten years," continued Mrs. Noble, "I have suffered all the misery that goes with stomach trouble and nervousness. I had to be extremely careful about what I ate for even the lightest kind of food, such as milk toast, sometimes made me nauseated so I was unable to keep it down. Often I became almost deathly sick and I could taste my food or hours afterwards. Gas would form on my stomach and press around my heart so that it palpitated terribly and I got so short of breath I often thought I would suffocate. At night I was afraid to go to bed, for when I would be down I felt like I was going to smother. My nerves were in a wretched condition and at night I would get so restless I could not lie in bed and would have to get up and walk the floor. As a result I began to lose in weight and I kept falling off until I lost about twenty pounds and was no more than a shadow of my former self. I was almost a wreck and the little household work I could do was a drudgery and I became so discouraged I saw little pleasure in life."

"About two months ago I started taking Tanlac and it is just wonderful how it began to build me up right from the start. My appetite returned and my troubles gradually left me until today I have gained back all my lost weight and am once more enjoying splendid health. It makes no difference what I eat I can digest it properly and my heart action is normal and my breathing is free and easy. My nerves are steady, my sleep is sound and restful and every morning I get up feeling refreshed and with plenty of energy. Tanlac has given me health, strength and happiness and I know of no better way to show my gratitude than by telling others about it so they may benefit by my experience."

Tanlac is sold in Leon by E. E. Bell, in Lamoni by J. F. Jones, in Grand River by Fred Bone, in Pleasanton and vicinity by G. A. Craig.

Mrs. Elizabeth Wales.

Elizabeth A. Kehler was born at Liberty, Tioga county, Pennsylvania, December 31, 1830. She was united in marriage to Spencer Waters April 18, 1852. To this union five children were born, two of whom predeceased their mother, George A. who died when he was only 4 years of age, and Frank J. who died at Colorado Springs December 20, 1914. The other three are still living: John, of McPaul, Iowa; William T., of Leon, Iowa and Charles C. of Garden Grove, Iowa.

After their marriage Mr. and Mrs. Waters moved to White Pigeon, Michigan, and in 1856 they moved to Clinton, Iowa, then in 1860 they moved to Garden Grove where they spent the remainder of their lives. Mr. Waters however did not live long after their arrival at Garden Grove. He died the 2nd of January, 1865, leaving Mrs. Waters with four children to care for. It must have been a hard struggle for her to bring up these four little ones, yet she brought them up, and it is known that her home tasks never stopped her to go to the relief of the needy. Night and day she was ready to go where she was needed; she would put her children safe and comfortable, then she would go to the side of those who suffered.

On the 17th of June she was again united in marriage to Mr. W. H. Wales and they lived happily together for 30 years. But she was left a widow again by the death of Mr. Wales at the advanced age of 74 years, on the 22nd of August 1909.

Mrs. Wales passed away at Garden Grove, May 28th 1920, at the advanced age of 89 years, 4 months and 27 days.

She lived a long life, but she did not outlive the respect and love in which she was held in the community of Garden Grove. Her years were many, but each of them was full of noble deeds. The last years of her life were marked by the signs of age and during the last months she was confined practically to her room but through all this she never uttered a word of complaint but was satisfied that all is for the best. She is gone, but her influence remains, and it will remain a sweet smelling savor in Garden Grove. We shall miss her but yet we would not detain her knowing that she had accomplished her task and that her time of rest had come.

She was laid to rest by the side of her first husband in the Garden Grove cemetery, Sunday May 30, 1920. Rev. Jones pastor of the church, of which she had been a member for many years officiated.

A man can make or lose a fortune while two women are saying goodby to each other.

It is difficult for a young man to understand what attractions his sister has for other young men.

BREAK INTO GARAGE AND STEAL BUICK.

Thieves At Work in Osceola Get Away With Ari Jeffers Car.

Some times after midnight, it is thought about 2 o'clock Tuesday morning, thieves gained entrance to the Fredrick Moter Company garage in an unknown manner, opened the doors and drove virtually a new Buick six touring car belonging to Ari Jeffers of Murray, out of the garage and made their get-away with it. Mr. Jeffers was an over night guest at the Cliff Mullen home and only drove the car in the garage for the night. His first thought was to leave it stand in the Mullen yard but it was afterwards decided to take it to the garage. Mr. Jeffers has the car insured and while he will not be able to get full value, it's lucky for him he carried the protection he did. Various residents heard cars at about 2 o'clock, people sleeping at the Howe hotel opposite heard a car drive up and two cars drive away about that time, but thought nothing of the incident until the Fredrick brothers opened up the place Tuesday morning and found the Jeffers car missing. The Buick was the last car driven in the east door in the evening, so was the easiest taken out. The door was also opened at the Collins Frederick & Co.'s sales room but nothing is missing, however the proprietors feel the only reason, was that they would have had to move around an old car to get a new one out and the thieves

were afraid of the noise and time it would take, so got away as quickly as possible with the easiest and best they could get a hold of. This incident is about as bold a car stealing proposition as any been learned of so far in this part of the state and it shows that those who are doing the jobs are getting a little nerved all of the time.—Osceola Tribune.

Notice of Appointment of Executor.

In the District Court of the State of Iowa, in and for Decatur county.

In Probate.

In the matter of the estate of W. H. Young, Sr., deceased.

To whom it may concern:
