Needle Taken from Arm.
Mrs. Jake Lantz a daughter of Harlan Nickell, of the neighborhood 3 miles northwest of town, was taken to the hospital at Centerville on Wednesday night of last week where an operation was performed to extract a needle from one of her arms. The needle was sticking in the casing of a door against which Mrs. Lantz was leaning and entered her arm above the elbow and she was taken to the hospital only a few hours after it occurred. But notwithstanding the short time elapsing from the time of the accident and her arrival at the hospital, it is reported the needle was found and extracted several inches from where it entered the lady's arm and that it took several hours probing by the surgeons before the elusive needle could be located and taken out.—Lineville Tribune.
