

ALL HIS FRIENDS WERE SURPRISED.

Many Of Them Start Taking Tanlac When They See How It Helped Des Moines Man.

"My friends were all surprised when they saw what Tanlac did for me, and now several of them have started taking it and are getting fine results," said H. W. Olsen, for fifteen years an employe of the Cutler Plumbing Co., living at 1256 East 23rd street, Des Moines, Iowa.

"I was in an awful fix before I began taking Tanlac," he continued, "and it looked like I was down and out. My kidneys were all out of order and my back hurt so bad that if I stooped over I could hardly straighten up again. At times I was so dizzy I could not see and would have to catch hold of the nearest thing to keep from falling. My stomach was so upset that it was almost impossible for me to eat anything that agreed with me. My appetite left me and I hardly ate enough to keep alive. Nerve was all that pulled me through, for everything I did was forced, for I felt so weak and worn-out. I had to force myself to do my work."

"A friend of mine recommended Tanlac to me and after the first few doses I commenced to feel better. Well, sir, Tanlac has now made a clean sweep of my troubles and I am in the best kind of health. My kidneys and back are both in fine condition and I can bend over and straighten up without any trouble whatever. And eat? Why I can hardly get enough to satisfy me and everything agrees with me perfectly. The dizziness has left me and I am never troubled in any way at all now. My strength has come back and I am feeling like my old self again. No, Sir, I can't say too much for Tanlac."

Tanlac is sold in Leon by E. E. Bell, in Lamoni by J. F. Jones, in Grand River by Fred Bone, in Pleasanton and vicinity by G. A. Craig.

What a lot of argument there used to be about a woman driving an automobile

TODAY she can "make a train" or fix a tire as well as anybody.

As soon as a luxury becomes a necessity the point of view changes.

Two or three years ago you would have listened to more varying opinions about tires than you could shake a stick at. Mileages, construction, treads and whatnot.

It's different now. Tire users are working towards a unanimous feeling.

You express it one way—the man down the street another. But sifted down it amounts to this:

That the only way to settle

your tire problem is to get a tire of known value and stick to it.

We recommend and sell U. S. Tires because their value is known.

There's no guess about it.

It was the U. S. quality policy which led to the perfection of the straight-side automobile tire, the pneumatic truck tire—two of the greatest additions to tire value that have ever been made.

As representatives of the oldest and largest rubber concern in the world, we are in a position to tell you something about tire values. Come in some day and talk to us.

For ordinary country roads—The U. S. Chain or Usco. For front wheels—The U. S. Plain. For best results—everywhere—U. S. Royal Cords.

"ONCE UPON A TIME"

Twenty children—boys and girls—squatted on the slope of a little knoll, made themselves comfortable and turned to the Lady in the Gypsy Dress.

"Once upon a time—" she began. The children gave her their undivided attention.

"There was a very wise King". You could have heard a pin drop.

"He had several handsome sons. The King wanted to teach them Wisdom".

The Tale went on. The Lady in the Gypsy Dress told the youngsters how the King showed his sons the object lesson of the bundle of sticks.

First, he caused one to break a single stick. It snapped easily. But, when bidden to break a bundle of sticks, the sons bent their efforts in vain. One stick alone, the Lady told the children, broke easily, but, all of the sticks together resisted the best efforts of the strong youths.

Underlying the Tale, as the Lady told it, there was a message—the message of Community Service.

Individually, men and women may accomplish little. Organized, intelligently trained in the methods of Community Service, they can unite their fellows in one happy purpose—the creation of a real community spirit.

Community Service is seeking to show American communities the way to greater happiness and content. It seeks to solve their leisure time problems, to break down the barriers of selfishness and social prejudice, to make all elements of the community meet in a common cause—

The Good of the Community.
