## TIGERS TRIMMED BY WEST K NINE

Score Was Six to Five in Close Game Played at West Keokuk Baseball Park Sunday Afternoon.

## NIP AND TUCK BATTLE

Tigers Gained Early Lead in Opening Frame, But Opponents Soon Tied Score and Won in Eighth.

The West Keokuk Athletics, fresh from their victory last week over the Moose team, continued their record by trimming the Keokuk Tigers in a stiff game, 6 to 5, at the West Keokuk ball park yesterday afternoon.

The Tigers cut loose and annexed four runs in the opening frame and it looked like a pipe for them from then on, but the staying qualities of the Athletics had not been reckoned with. By the end of the third inning the score had been tied and in the eighth frame the West Keokuk nine drilled in the run that won the game.

Following is the box score of the game:

## Greatest Blood Remedy

Gives Results When Others Fail. Nature's Remedy for the Blood.

The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood," a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character. All skin diseases and eruptions pass away, and the smooth, clear skin, glowing with health, shows that the blood is being nourished by rich, pure blood. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, all are deep-seated blood disorders, and for their treatment nothing equals S. S. S. Get S. S. S. at any drug store. ## PRE-SEASON DOPE IS NOT VERIFIED

Playing of Clubs in Two Major Leagues Has Not Run True to Predictions During the Past Week.

## GOOD TEAMS FALL DOWN

Amalgamated Whale-Cubs Are Displaying Some Old Style Chicago Baseball These Days.

NEW YORK, April 24.—Just twelve and one half per cent of the tremendous volume of pre-season dope has been verified by the playing of the clubs in the two major leagues to date.

The American, are running true to predicted form, in seventh and eighth places, but even these teams are showing slight indications of rebellion. The Athletics have pitched a pair of games in succession and are showing more ginger. Speaker has injected new vigor into the Cleveland outfit.

The Yankees are leading today, a game and one half ahead of the Red Sox. The stove league had Boston out in front nicely, with Detroit second, Chicago third and New York fourth. In the week's play however the Yanks scored but eighteen runs as against twenty for their opponents. The Yanks didn't waste any, however, and won four of the five games. They made forty-one hits, eight and one fifth to the game. Boston in the week's play made fifty-three hits for twenty-one runs, but meeting a heavy counter attack, grabbed but three of its seven games.

It looks like a free for all in the National. Pat Moran who grinned with satisfaction when the Braves were picked to beat him, is grinning more than ever with six games won and one lost, a game and one half ahead of the Braves, but St. Louis. The amalgamated Whale-Cubs are displaying some of the old style Chicago baseball and hold third place nicely. Part of Boston's dope, is of course, affected by the loss of Sherwood Masee. He was depended on to win for the club every now and then, and is out of it with an injury that may keep him on the bench a month.

Herzog's Cincinnati bunch, tied for fourth, are doing better than expected. The all-B of the Brooklyn Dodgers is "they haven't started yet." Pittsburgh is keeping out of last place, giving the Giants plenty of room. Knuff will have to play like a superhuman pretty soon or the McGrawites will be so far back they never will get up in the race.

## PLENTY OF COLOR IN EASTER PARADE

Weather Was Ideal Yesterday and Spring Flowers in Colors Not in Rainbow, Bloomed in Profusion.

## MANY ON THE STREETS

Church Services Were Largely Attended and Special Music Was Given in Every Denominational Home.

April showers, so necessary to spring flowers which are planted in gardens, but so damaging to the variety of spring flora and verdure found in milder's hat, held off long enough yesterday to allow the Easter parade to be given with all of its finery and decorations. Although there were a few clouds in the sky, part of the day, the weather man's predictions of generally fair weather came true, and everybody was happy.

Churches blossomed into veritable flower gardens in the morning services, and there was much rustling and swishing of new dresses. Many of the men, too, were self-conscious in their brand new suits which had just had the size tags cut off a few hours before.

During the afternoon Old Sol smiled warmly on the Easter parade on Keokuk's streets. Along the avenue especially and in Rand park, there was a procession of colors, hues and shades which would have put a rainbow to shame and which surely never came from the seven primary colors. And yet the dye-makers insist on telling us that there is a shortage in coloring matter.

Special Church Services. The churches of Keokuk as usual observed Easter in fitting fashion. There were special services in all of the churches. The choirs of the different institutions sang Easter anthems and the sermons were all along the text of the resurrection.

In the First Congregational church yesterday, members of Damascus Commandery, Knight Templars, attended divine worship. The Rev. Dr. Frank G. Beardsley preached the sermon. In the afternoon the knights went to Fort Madison for their tri-city services there with knights from Burlington, Fort Madison and Carthage.

## TOURNAMENT HERE NEXT SATURDAY

Keokuk, Quincy and Burlington Volley Ball Teams to Engage in Triangular Battle on April 29.

## BANQUET IN EVENING

Visiting Players and Members of the Local Team Will be Guests at This Event—Speakers From Three Cities.

A volley ball tournament between teams from Burlington, Quincy and Keokuk, is being planned for this coming Saturday, to be started at the local Young Men's Christian association. Teams from Quincy and Burlington will arrive here early on Saturday afternoon and the first game will be played in the gym at 3:00 o'clock. Two contests will be staged in the afternoon and one at night, the latter at 8:00 o'clock. The schedule has not been decided on as yet.

A business man's banquet will be served at the Y. M. C. A. to the visitors and the local players from 6:00 until 8:00 p. m. Speakers from all three cities will be on the program and a six piece orchestra will play. The games will be open to the public. Several weeks ago Keokuk, Hannibal and Quincy volley ball teams played at Quincy which resulted in a tie. Keokuk has a strong team and hopes to carry away the honors on Saturday afternoon and night.

Fight Against Pool Halls. CEDAR FALLS, Iowa, April 24.—The city council chamber will be the storm center tonight in the fight being waged by the ministers against pool halls. They demand that they be closed and that the city go into the business for itself with a municipal pool hall, run on moral lines. The Methodists stood out against any pool halls for a time, but are understood to have been won over by the idea of putting the question up to the voters at a special election, probably at the time of the June primaries. Two pool hall men have considered the proposition so likely to carry that they have sold out their business and left the city.

Playing Blind. NEW YORK, April 24.—Billie Burke made an audience of 5,400 "play blind" at the Hippodrome that they might feel the woe of stricken soldiers. The benefit for the blind war relief fund netted \$20,000.

## TO HOLD SECOND ANNUAL BANQUET

Girl Membership of Young Women's Christian Association Will Gather Tuesday Night.

## INTERESTING PROGRAM

Many Toasts Will Be Responded to—Mrs. T. R. Board, President of Y Board, to Speak.

The second annual meeting and banquet of the girl membership of the Young Women's Christian Association will be held at the association building tomorrow evening. The meeting will be under the auspices of the girls' council. The menu prepared for the occasion is a splendid one and will be served in the cafe, and the program promises to be one of exceptional interest.

Miss Meta Kummer, president of the girls' council, will be toastmaster of the evening and a number of toasts on the subject, "Why I Like the Association," will be responded to. Miss Miriam Wescott will speak from the standpoint of the high school girl; Hazel Morgan as a business gymnasium girl; Helen Brickley as an upstreamer; Florence O'Brien as a member of the Geneva club and Mildred French as a grammar school girl.

The members of the association heard the present way today and Mrs. T. R. Board, will deliver a message. Miss Martha Hornish, chairman of the debt fund committee, will also give a talk. Seven new members of the girls' council will be elected. The cafe will be extensively decorated and a six piece orchestra will play during the banquet hour.

Too Much Giggling. CHICAGO, April 24.—Dr. George B. Hassen's patience gave way today and he asked the police to stop five sisters in the flat above from giggling. The giggles bother his patients he says.

Stand for Patriotism. Washington Star: The D. A. R. insists on reminders of those old revolutionary days when mothers frankly raised their boys to be soldiers.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## SEARS GIVES TALK ON KEOKUK PLANT

General Superintendent of Mississippi River Power Company, Appeared Before Indiana Engineers Last Week.

## LECTURE ILLUSTRATED

Announcements of Talk Were in Form of Four Page Folder, With Pictures of Plant and Generator Room.

C. A. Sears, general superintendent of the Mississippi River Power company's plant here, spoke before the Indianapolis Layette Branch of the American Institute of Electrical Engineers at Indianapolis on Friday. "The Largest Hydro-Electric Plant in the World," was his subject. The announcements of Mr. Sears' talk are in the shape of a four page folder, on the front of which is a cut of the big power house and there is a view of generator room on the inside pages. "The speaker was personally in charge of the installation of the equipment and is therefore qualified to speak of the methods employed in accomplishing a work of such magnitude and overcoming the difficulties encountered," the announcement sets out.

"The plant of the Mississippi River Power company at Keokuk is the largest of its kind in the world, having an ultimate capacity of 200,000 kilowatts." The lecture by Mr. Sears was illustrated with lantern slides covering all of the important details of construction and installation. Mr. Sears has been engaged in the general construction and operation of steam and hydraulic plants for the Stone and Webster corporation since 1901 as superintendent of construction and later of operation of the Puget Sound Electric railway; superintendent of electrical and hydraulic construction and later superintendent of operation of the Puget Sound Power company, with its hydraulic plant at Electron, Wash.; superintendent of construction of the Snowquale hydro-electric installation at White River, Wash.; superintendent of electrical construction and now general superintendent of the Mississippi River Power Co.

## FT. MADISON LODGE INVITING OTHERS

Lee County Odd Fellows are Asked to Help Them Celebrate Ninety-Seventh Anniversary.

One of the important events of the week will be the celebration by the Ft. Madison Odd Fellows, who will commemorate the ninety-seventh anniversary of the founding of the order on Thursday evening, the celebration to be held at the Baptist church at Ft. Madison, says the Democrat. Invitations have been extended local Odd Fellows, Rebekahs, Odd Fellows of Lee and Hancock counties and from the number of acceptances received there will be an unusually large number attend the function, which will also be attended by some of the state officers. One of the features of the celebration will be the presentation of a veteran's jewel to George Rollet, who is a pioneer member of the lodge. The presentation will be made by Grand Master Sweeney, who will also give the main address of the evening, "Odd Fellowship." Following an interesting program which is being arranged by the committee in charge, a luncheon will be served those present.

## THIRD OF STUDENT BODY ARE WOMEN

Men Lead in Law and Medicine, but Fair Sex has Long End in Music.

The first detailed figures issued on the enrollment at the state university for the academic year 1915-16 show that the total number, 3,829, includes 2,005 men and 1,234 women, exclusive of all duplicates. In the college of liberal arts, men and women are almost exactly equal in numbers. In the nurses' training school and the library training school women hold undisputed possession. In the college of applied science all the students are men. In law, medicine, homeopathic medicine, dentistry, pharmacy and the graduate college, the men far outnumber the women, but in music women are in the lead. The figures for the separate colleges and schools are as follows: Liberal arts, 947 men, 946 women; law, 15 men, 1 woman; medicine, 155 men, 2 women; homeopathic medicine, 9

## Victor supremacy

Before the Victor was offered to the American public, the public only knew music as it was produced on music boxes and cylinder records.

With the invention of the Victor and its disc records, there gradually followed a musical awakening of the American people, for here was music reproduced in exact accord with the artist's interpretation.

And, when the Victor Company, through the lavish expenditure of millions of dollars and the combined efforts of its research and experimental departments, introduced the Victrola to the public, there was immediately established a new standard by which other instruments of like character were measured.

Since this time the gradual decline of the old cylinder types of phonographs and records, has prompted other manufacturers to acknowledge the superiority of the Victrola, but lacking the exclusive Victrola features which are patented and which no one dares to infringe.

A genuine Victrola costs no more than other instruments that only look like a Victrola.

Victrolas \$15 to \$300. Easy terms, if desired. Come in and we will gladly play any music you wish to hear.
