Captain Powell Notified by Adjutant General Logan That Company L Men Can Take Examinations.

AT LEAVENWORTH, KAN

Three Highest Who Pass Local Tests Will be Given Further Examinations on June Sixth.

Captain C. E. Powell of Company L has received a communication from Adjutant General Guy Logan at Des Moines advising him that he could select three members by examination from Company L to take the examination at Fort Leavenworth, Kansas, on June 6, for admission to the United States military academy at West Point.

Every member of Company L will be eligible to take the local examinations and the three highest will be sent to Leavenworth, there to take further examinations. The affair is competitive all the way through and only those that are qualified will be admitted to West Point. The examinations will be both physical and mental.

The candidates must be between the ages of nineteen and twenty-two years. From now on the recruiting of men for West Point from the national guard will be a yearly affair. This should be another incentive to the young men of Keokuk to join the first class military organization here, as each one has a chance of securing the best kind of an education, paid for by the government.

CITY NEWS.

The Keokuk Indians, billed to play in Fort Madison for the opening game April 27th, but unable to play on account of rain, will make another endeavor to cross bats with the Fort Madison team tomorrow, but the prospects for more rain checks are very bright.

BABY TO OCCUPY CENTER OF STAGE

Next Week Will be Devoted to Considering His Needs and Environment in Keokuk.

PROGRAM IS PREPARED

Public Meetings Will be Held and School Children Will Have Part in Observance—Baby Welfare League in Charge.

Three special programs open to the public, informal talks to the children of the Keokuk schools and the distribution of literature pertaining to the subject will mark the celebration of Baby week in Keokuk, May 15-19. The Baby Welfare League is in charge of the observance of the week in Keokuk. Various organizations of the city are assisting in a movement which has for its object the bettering of conditions surrounding the babies of Keokuk, in order that they may have a more equal chance for living.

The babies of today are the citizens of tomorrow and if good citizenship is to be made, it cannot be made from material which has been marked down instead of up. In order that his highness, the baby, may be given every opportunity in which to grow up in healthful environment, the parents and even the children will be given some idea of the handicaps and the thorns that beset the baby's path.

The official opening of Baby week in Keokuk comes Tuesday evening with the parents' meeting. It will come to a close on Friday evening with the address by Owen R. Lovejoy, general secretary of the child labor committee, and the man who is called "The Children's Statesman," because of his activities in behalf of the children, regarding labor laws.

The Warsaw Gate City

Warsaw, Ill., May 13, 1916.

Sunday, May 13, "Mothers' Day" will be observed by the Presbyterian church in morning service, and at Sunday school. Everyone is requested to wear a white flower in honor of mother.

Ed H. Hopkins is building a five room cottage for Henry Oberlies on the lot just west of the property the latter sold to Henry Linnenberger. Arthur Marsh post G. A. R. and the W. R. C. will celebrate Memorial day; the time is too short for a general observance of the day. The United States is sorely in need of a revival of patriotism; the boys of 1861 will not be with us very many years; we should honor the living and cherish the dead in these days of "unpreparedness." "Let us forget."

Rev. J. Forbes Mitchell formerly of Chicago is now located in Middleton, Conn.

There is less building in Warsaw this spring than there has been for years.

The young ladies of the Entre Nous club were entertained Wednesday afternoon by Miss Victoria Welzem. John Henry, a veteran of the civil war and an aged resident of this city died Tuesday morning at the home of his brother, Fillmore Henry in this city after an illness of several weeks with heart trouble. The deceased was in his eighty-third year and was born in Glasgow, Beaver county, Pa. March 2, 1834, and came to Warsaw December 4, 1859. Oct. 19, 1857 he was united in marriage to Cynthia Baker who passed away about twelve years ago. Five children, four daughters and one son preceded her in death. Four brothers survive, Shakerpeare and Fillmore of Warsaw, Smith of Bushnell, and William of Quincy. Mrs. Mary E. McKee and Mrs. Robert Huston, sisters, preceded him in death. Mr. Henry had been totally blind for a number of years; he was a civil war veteran and lost one eye in the service. For a time he made his home in the soldier's home in Quincy but for the past twelve years has lived with his brother Fillmore of this city. Funeral was held at residence Thursday 2 p. m., May 11, Rev. J. M. Thompson of Presbyterian church, officiating.

The National Sunday School convention, in connection with the Seventh National convention of the Evangelical Y. P. S. will be held in Cleveland, Ohio, August 15 to 20. The delegates of the S. S. and Y. P. S. of this district will be elected at the S. S. and Y. P. S. district convention at Burlington in July. The delegates are to be elected by turns. President of the Y. P. S. of this district is Rev. F. Rolf, Rock Island. The delegates from Warsaw are F. Borlin and H. Satory. Delegate for the church district conference is Max Ellenberg, member of the board of trustees. J. H. Lloyd, county agent, gives notice that Dr. Hopkins, soil fertility agent of the University of Illinois, in a recent letter to the Hancock County Soil Improvement association, states that arrangements have been made for a field meeting to be held at the state experiment station field at Carthage, Ill., on June 16. Everyone is

invited to come and bring his friends. This is a fine opportunity to learn from first hands all about the proper treatment of soils for various field crops. Dr. Hopkins is the foremost authority on soil fertility. Mr. Campbell who is in charge of the experiment station will be present to explain details and assist in conducting visitors over the fields. Visitors are urged to be on hand at 1 p. m. promptly, June 16.

Word was received by relatives here that Mrs. Walter Hill, formerly of Warsaw, but of recent years a resident of California, had passed away at an advanced age and that his daughter Mrs. Emma Moon had been stricken with paralysis a few days ago. Mrs. Pearl Lockhart, of Minneapolis daughter of Mrs. Moon is with her.

"The best looking thing I ever had? And, my dear, I believe it's never going to wear out!"

"Yes, I know. It's Indian Head— isn't it?"

INDIAN HEAD

Every woman knows that Indian Head is the lovely white wash-fabric that washes and wears wonderfully, and that takes the place of linen, except that it costs much less and it does not wrinkle easily. Here are reasons enough why you should at least try Indian Head. The quality is always the same.

Splendid for children's as well as women's wear.

May we show it to you?

In addition to Indian Head, you will find here an unusually attractive line of colored and white materials for children and ladies' dresses. The prices this season are no higher than in previous seasons, yet when our present stock is sold, no doubt we will be compelled to pay advanced prices, which will then mean higher prices to you. All the new and popular weaves and colorings from 10c to 75c yd.

CADILLAC AGAIN FIRST IN TIRE-MILE CONTEST

Second Time in Two Years—Wins First Prize With 27,220 Mile Record.

For the second time in two years a Cadillac has won first prize in the annual tire mileage contest conducted by the Ajax Rubber company, Inc. The result of the contest, which covers a year's use of its tires, has just been announced by the Ajax company.

This year the first prize of \$500 goes to George C. Mathis, who secured the remarkable tire service represented in 27,220 miles. Mr. Mathis drives a Cadillac for Mrs. J. D. Jackson, of New Haven, Conn. His record is 5,200 miles better than that of last year's head winner, Garth C. Jensen, who hung up a mark of 21,985 miles, also with a Cadillac, owned by John N. Welsby, of Stevens Point, Wis. It is required that contesting mileages be sworn to by the owner of the car and also by the driver where one is employed. Mathis won a smaller prize with the same car in last year's contest, with a record of 14,400 miles. The next highest mark in the contest just closed was 25,648 miles, which brought the \$300 prize to Charles V. Finckoff, of Dayton, Ohio, who drives a Pierce-Arrow for Maurice Costello.

There were ten Cadillacs among the more important of the 208 prize winners, and eight of these Cadillacs exceeded 10,000 miles, their average being 14,733 miles. As in last year's contest, there was a larger number of Cadillacs among the winners than any other make of car.

Thus another year serves to emphasize the interesting feature which was also developed last year, namely, that the cars of lighter weight do not show strongly among the highest mileage records. Seven of the winners of the first eight prizes were drivers of cars which are generally regarded as the more substantial types, while only one of the \$100 prize winners was a light car.

Iowa Congressman Wood declared some time ago that he "snapped the amendment would be adopted at the forthcoming primaries," and regretted that he would be unable to do any active campaigning.

Congressman Townner, of the eighth is one of the most ardent suffrage advocates in the state. Last fall Congressman Townner spent considerable time in speaking for suffrage, and issued one of the strongest statements yet made public in behalf of the cause. Congressman C. W. Ramseyer of the sixth, Frank P. Woods of the tenth, C. C. Dowell of the seventh, C. A. Kennedy of the first, and W. R. Green of the ninth, are suffrage supporters.
