

JOHNSON COUNTY HAS BEEN ADDED

Section in Which Iowa City, Judge Wade's Home is Located, is Annexed to Southern District.

HIS OFFICIAL RESIDENCE

Judge Wade Informs Officials Here That He Can be Reached at College Town.

Johnson county has been added to the southern district of Iowa and Iowa City will be the official residence of Judge Martin J. Wade, federal judge for this district, according to word received here today from Judge Wade. The letter was sent to Deputy Clerk Wahlgren, telling him that Judge Wade's permanent address would be Iowa City, and that he can be reached at that address.

PRIVATELY OWNED BUILDINGS BARRED

City Has Jurisdiction of Levees, Judge Hamilton Holds, in Granting Injunction.

In the district court at Fort Madison, Judge Hamilton handed down a ruling in the Herminghaus-Winters case which is taken to affect the jurisdiction of the river front at Fort Madison, says the Democrat. The case grew out of Sherman Winters' proposed construction of a public boat house at the levee shortly east of Cedar street, near the Herminghausen boat house. As the construction work was started an injunction suit was instituted, with Miss Hattie P. Herminghausen as plaintiff, and a temporary restraining order was issued by the court. Since then Winters removed the foundation timbers and constructed his house at the launch harbor.

The plaintiff claimed that the Fort Madison levee was for public uses, and that a private building could not be erected there. That contention is upheld by Judge Hamilton, and is taken to mean that the city's jurisdiction gives them the privilege of compelling owners to remove any and all privately owned boat houses from the river front within the specified levee limits should they so desire.

Uncertain. Mark Sullivan in Collier's Weekly: Democratic leaders don't know whether they are going to ask the country to elect Wilson because he kept us out of war, or because he bravely led us into war.

Illinois—Iowa—Missouri

IOWA. DES MOINES, Ia., May 24.—Des Moines' preparedness parade plans for June 3 have struck a snag. Adjutant General Guy E. Logan is balking at letting the militia march unless the paraders' ideas of preparedness coincide with his view on the subject. There is a distinct conflict of sentiment among labor union leaders against inducting a plan to have their men march in a parade with militia men because militia have been used in strike duty. Local business men are complaining because the half holiday proclaimed by the mayor for the parade is Saturday afternoon. The Chamber of Commerce refused to endorse the parade.

KNOXVILLE, Ia., May 24.—The report is being circulated around Knoxville that the inebriate hospital here will be closed some time in the next few months, and that the institution will be changed into a hospital for the insane, as the four hospitals in the state now used for that purpose are very badly overcrowded.

LENOX, Ia., May 24.—Lenox people are wrought up over a black hand letter sent Lewis Hewitt, a highly respected citizen, threatening his life. The note was couched in good English. An apparent attempt was made to burn Mr. Hewitt's barn the night following. Bloodhounds the next day traced footprints to the road where the scent was lost in automobile tracks.

DES MOINES, Ia., May 24.—Sale of new automobiles in Iowa continues without any sign of diminishing, according to the state automobile department. Cars are now being registered at the rate of 450 a day, of which about 225 are new machines. The state registration has reached 154,973. This is nearly 10,000 more cars than were operated in this state in 1915.

LANSING, Ia., May 24.—The first pearl find of the season was made by Ole Jacobson, a 12-grain pink button pearl, which he sold to Buyer Max Green. The consideration was \$50.

CLINTON, Ia., May 24.—None of the fish that were distributed over the lowlands along the upper Mississippi valley during the recent floods will be allowed to remain in the sloughs and ponds formed by the falling of the water. The Mississippi river fish commission has sent out word that crews of men, with seines, would come up the river during the coming week, to drag the sloughs and take out all of the fish left in them. These will be placed in the river.

DES MOINES, Ia., May 24.—C. A. Robbins, assistant attorney general, has ruled that an automobile hears is a delivery truck within the meaning of the law and it is not necessary to obtain a number plate if the vehicle is to move less than ten miles an hour. However, if the hears chauffeurs expect to travel faster than ten miles an hour, it is necessary to have a number plate.

ANAMOSA, Ia., May 24.—Anamosa Masons are agitating the project of building a Masonic temple this coming year. While the plan is not complete there is every prospect of the erection of a building that will be a credit to the town, the builders and the Masonic order.

TRANS-ATLANTIC SUBMARINE LINE

Germany to Put in Fleet of Boats to Carry Mail and Express, It is Reported.

NEW YORK, May 23.—The Evening Mail today declared it has learned from a reliable source that a regular trans-Atlantic submarine service will be started between this port and Hamburg and that the first submarine liner is scheduled to arrive here on or about July 1.

"She will be armed for defense only; she will carry the German mails, parcel post, express matter, and perhaps a few passengers," the Mail declares.

The Mail says the information was learned from a shipping man arriving from Hamburg. The new submarines built for merchant service will be able to make the trip in ten days, it is declared.

"By August 3, Germany expects to have five of these super-submarines working on regular schedule," the story continues. "They will leave Hamburg and go north of Scotland or through the channel as conditions permit. It is planned to enter New York by way of Long Island sound, taking advantage of the three mile limit."

ANOTHER NAME ADDED TO LIST

Willie Bentzinger of Charleston Will Enter Boys' Acre Corn Club.

Three names were inadvertently left out of the Jackson township list of entrants to the corn club. These were Lawrence Kite, Paul Maginnis and Glenn Maginnis. Willie Bentzinger of Charleston, Charleston township, is the newest entrant to date. County Leader Evans is confident by having some ten or twelve more names to add to the list by the first of June. The continued wet weather is keeping the farmers out of the fields and delaying corn planting and all other field work.

The Price of Liberty. Elthu Root in Leslie's Weekly: We have enjoyed liberty and order so long that we have forgotten how they came. Our people assume that they came as the air comes. They have assumed that they will of their nature and by their own force continue forever without effort. Ah, no! Liberty has always been born of struggle. It has not come save through sacrifice and the blood of martyrs and the

STORM LAKE, Ia., May 24.—An endowment campaign has been commenced to raise the sum of \$150,000 for Buena Vista college. Buena Vista college now ranks as a first class college with a restriction because of the fact that the endowment is not sufficient.

ILLINOIS. DECATUR, Ill., May 24.—One of the warmest fights for the position of department commander of the Illinois G. A. R., in the history of that organization, opened here yesterday, with the arrival of a Chicago delegation of 1,000 people in two special trains. Henry O. Fulton of Chicago and W. F. Calhoun of Decatur are the opposing candidates.

PEORIA, Ill., May 24.—Funeral services in charge of the D. A. R. were held at Henry, Ill., near here today for Miss Clarissa McManners, one of only three real daughters of the American Revolution in Illinois, who died Sunday at the age of 82. Miss McManners' father, John McManners, was with Gen. George Washington at Valley Forge.

PEORIA, Ill., May 24.—Emil Miller, employe of the Iowa Elevator company, was probably fatally injured and three other men were seriously hurt yesterday when the sixth floor of the Gipp's Brewery company's malt-house collapsed and buried them in the wreckage. The injured men were working on the floor below.

MISSOURI. ST. LOUIS, Mo., May 24.—Samuel W. Van Dyne, former cashier of the Missouri Pacific railroad, who failed to make good \$76,000 which he admits he took from the company's funds, was arrested last night. At the same time E. J. English, formerly Van Dyne's assistant, in whose accounts a discrepancy of \$3,500 is alleged to have been found, also was taken into custody.

JEFFERSON CITY, Mo., May 24.—Governor Major has commissioned Lewis C. Calvert of St. Louis as first lieutenant of the medical reserve corps, national guard of Missouri, with rank from May 12, 1916.

ELDON, Mo., May 24.—Sheriff J. M. Lamb of Miller county has taken W. D. Jones to the Cole county jail for confinement until the Miller county circuit court meets in July. He is accused of a serious offense in connection with the death of a girl at Baquele, southwest of here. Dr. Bowlin was arrested as accessory.

EDINA, Mo., May 24.—Edina will remain dry as the result of yesterday's local option election at which the city was cast. Out of a total of 2,651 "drys" polled a majority of 944 votes. The last election held four years ago, at which 2,250 votes were cast, resulted in a victory for the "drys" by 500.

JOPLIN, Mo., May 24.—Helen Havens, 9 years old, yesterday attempted to demonstrate before several playmates her ability to climb trees. She climbed to the topmost branch of a big tree in a yard at her home, when a branch gave way and she fell to the ground and died within less than two hours from concussion of the brain.

devotion of mankind. And it is not to be preserved except by jealous watchfulness and stern determination always to be free. That eternal vigilance is the price of liberty is so much a truism that it has lost its meaning, but it is an eternal truth.

A Notable Concession. New York World: That a subcommittee of the Methodist general conference should recommend the removal of the prohibition against card playing, dancing and theatre going by Methodists is a notable concession to the modern spirit. The liberalizing tendencies of the day cannot be withstood.

THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement. Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:—

Worcester, Mass.—"I suffered from female ills, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health."—Mrs. BERT GARVEY, 20 Hecker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

ARGUE ICE CREAM LAW ON OCT. 1

Manufacturers Object to High Standard in Iowa and Ask for Ruling.

W. B. Barney, dairy and food commissioner, yesterday was informed that the arguments before the United States supreme court testing the Iowa law establishing a standard of 12 percent for ice cream, will be heard on Oct. 1. The Iowa supreme court held the law to be constitutional. Ice cream manufacturers of the country appealed the case to the United States court.

In the meantime the state department intends to require Iowa ice cream manufacturers to comply with the law. The state commissioner yesterday sent information for filing to Indianapolis, Lone Tree, Ottumwa, Rake and Burlington, charging dealers with putting out ice cream below standard. In several cases the cream ran 6 percent butter-fat instead of 12 percent.

The state department also sent information to Keokuk and Davenport, charging two dealers in each place with selling canned beans unfit for food. The beans are part of shipments into Iowa from Michigan. Coloring matter had been used to make the beans appear to be wholesome.

Natural or Forced? St. Louis Globe-Democrat: Are people, generally speaking, agreeable because they try to be, or because they can't help it? More Luck. Webster City Journal: The Navy league is after Henry Ford for \$100,000 libel. The league charges that

Mr. Ford published statements in an advertisement "of a libelous and defamatory character." Maybe he did, but we imagine that even the libel suit will only prove additional excellent advertising for Mr. Ford and the little old Ford car.

Mitchell Republican: Can the United States do with Carranza's support what it was unable to do without such support?

THE REASON FOR IT

In driving out the impurities by strengthening each organ of the body to do its work properly is the reason why Father John's Medicine is the best remedy ever prescribed for building up the system if you are run down.

No nerve deadening drugs or temporary stimulants to weaken the system and expose you to serious and fatal disease—all pure nourishment.

FATHER JOHN'S MEDICINE PURE AND WHOLESALE FOOD. NO ALCOHOL OR DANGEROUS DRUGS.

"It was a pleasant dinner on the terrace, with the twilight drawing round the soft curtains, the lamps glowing everywhere in the tropical cordons like little moons, and the glimmering of romances spinning everywhere along the walks. And there was music. The dancing was beginning a little distance away."

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Deep Fat Frying with CRISCO For Frying—For Shortening For Cake Making

Without exception, cooking authorities agree that deep frying not only is more healthful but more economical than shallow frying.

You can fry many foods in deep-fat which you now fry in the pan or skillet.

With Crisco there is no smoke in the kitchen because Crisco reaches frying point without smoking. Test for proper heat with a bit of the food you are about to cook.

Use plenty of Crisco—about 3 lbs. on an average, so that the heat will not be reduced when the raw food is added bit by bit. There practically is no absorption if plenty of Crisco is used and the temperature kept high.

There is a great saving, because of the small amount absorbed and because you may use the same Crisco over and over. In fact, you can fry fish, onions and potatoes all in the same Crisco. Strain out the food particles after each frying.

A crisp, brown crust forms almost instantly. Then the inside bakes instead of soaks. Because of this fact and Crisco's vegetable origin, fried foods now are most wholesome.
