PLENTY OF GOOD THINGS TO EAT

This is What the Keokuk Retailers' League Will Have at Carthage on Tuesday Evening, June 13.

BIG CROWD IS EXPECTED

Number of Carthage People Have Been Invited to Meet With the Local Men and to Make Talks.

The members of the Keokuk Retailers' league are going to have a feast of good things to eat at the June meeting at Carthage on Tuesday evening, June 13. Any of the members who are troubled with dyspepsia should arrange to be busy somewhere that evening. A copy of the menu was received today and it makes the mouth water to read the list of good things that the merchants are going to have.

If any member can read this menu and then forget to telephone Secretary Fulton that he will be on the first automobile, he is liable to be court-martialed out of the organization. Here is the menu:

- Chicken en Casserole
- Gravy
- Hot Biscuits
- Creamed New Potatoes
- Peas in Timbales
- Fruit Salad
- Nut Bread Sandwiches
- Strawberries
- Ice Cream
- Cake
- Coffee

The Carthage women are evidently going to outdo the societies in the other towns where the retailers have been entertained, judging from this list of good things.

"O-oh Skinnay, believe me, I'm a goin', aren't you?" will be the battle cry of the retailers and it is expected that sixty-five or seventy members will respond to the call. If the weather is good and if the sky quits weeping long enough in advance to allow the roads to dry up a bit, the automobile procession to the neighboring city of Carthage will look like an American army train in Mexico.

Some of the Carthage merchants will be invited to meet with the local leaguers and there may be talks by some of the prominent Carthage people. The Carthage trip promises to be an unusually good one and the merchants are asked to let the secretary know at once that they are going.

FRANCE

PARIS, June 9.—Admission that the Germans in their attacks of late yesterday penetrated a French trench in Callette woods, on the east bank of the Meuse, is made in the official communique of the French war office today. Elsewhere attacks were repulsed.

Germans are continuing their attacks on a two kilometer front, east and west of Thiaumont farm, says the statement, which characterizes them as being of the utmost violence.

On the west bank, two small attacks on Hill 304 were repulsed. At all points, the German losses were heavy.

KEY TO VERDUN.

LONDON, June 9.—With Fort Vaux "key to Verdun," in their hands, the Germans have shifted their heavy artillery attacks to the west bank of the Meuse and late yesterday bombarded Hill 304 and the region of Chateauvert, with violence, Paris dispatches announce. Chateauvert is a point on the Chattancourt Charney ridge and is just south of Cumiers. The French defenses on the east bank have not been neglected by the Germans. They are carrying on intermittent artillery attacks with occasionally infantry rushes on the positions near Thiaumont farm. They were unable to gain ground.

RUSSIA

LONDON, June 9.—Lemberg, the great fortress and city of northeast Austria, about 150 miles from the front east of Brody, is the immediate goal of the onrushing Russian Bear, in the belief of the London correspondents at the front. Lemberg is about 100 miles from and almost directly east of Przemyel, the scene of some of the fiercest eastern front fighting early in the war.

According to Petrograd dispatches, the five Austrian armies along the front are in full retreat in the realization that they could not hold their positions against the artillery attacks of the Russians—the greatest of the war on the eastern front. Petrograd now claims fifty thousand Austrian prisoners and sets the Austrian

casualties of the present offensive, five days old, at nearly 200,000. The greatest gain for the Russians is at Lutak, the third corner of the Volhynian triangle of fortresses. At this point the Russians drove the Austrians back twenty-five miles without halt.

ENGLAND

LONDON, June 9.—Rescue of twelve men who were on the Hampshire, Lord Kitchener's death ship, when the raft they clung to was washed ashore, today spurred search for bodies and other possible survivors. The announcement that twelve men had been rescued was made by the admiralty.

The Hampshire, according to a despatch from Aberdeen, Scotland, sank in deep water, two miles from the coast west of the Orkney Islands.

Two Mexicans Hanged. DEMING, N. M., June 9.—Francisco Alver and Juan Sanchez, convicted of first degree murder for their part in the Columbus raid, were legally executed by hanging in the jail here today. Neither Mexican exhibited the slightest emotion and were calm to the end.

Late Market Quotations

Long Commission Co. Grain Letter. [Furnished by Long Commission Co., 403 Main St., Telephone No. 100.] CHICAGO, June 9.—Wheat—Yesterday's government report had more effect on the trade than is usually the case. The trade has been surrounded with bearish news, especially, from abroad and had come to regard the situation as hopelessly heavy. The selling of recent dates has been absorbed by liberal buying, some of which is credited to foreign account. The result today was a market well supplied with buying orders and little for sale, except on resting orders from commission houses, and by mid-day prices were about 2 1/2 cents higher and the undertone was strong. Outside markets were also firm, especially those in the northwest. Spring wheat conditions are the lowest with four exceptions in fifty years. The usual June breaks may be expected and investors should take advantage of them to buy the deferred deliveries.

Corn—Although the weather outlook is better for corn, that market sympathized with the strength in wheat and advanced easily. Cash demands report as very good and sales from store during past few days have been liberal. Good weather for the growing crop will be necessary to check the advancing tendencies.

Oats—Bullish interpretation was placed on the government report on oats and commission houses had busy cash demand exists. Crop reports are generally favorable. Clearances continue to be fair, while country offerings have dropped off to some extent.

Crop Estimates. Estimate 28 million bushels of wheat in country elevators and 25 million to 30 million in farmers and two or three millions in transit west of Winnipeg, so that there will yet be inspection of over 60 million bushels of old wheat. Looks like a 250 million bushel of wheat prospect this year. Our receipts will keep up till September 1st on old wheat. Car supply inadequate.—Winnipeg, Canada Ticker.
