MILITIA EN ROUTE TO MEXICO TODAY
(Continued from page 1.)

While the two houses are fighting over whether to pay the dependents of family men who must leave for the front or to exempt such men from service, army officers in charge of the Mexican situation are unable to make plans.

Meantime, Chairman Hay of the house and Chamberlain of the senate military committee, each endeavored to get presidential support for his side of the controversy.

Leaders have practically agreed that if war with Mexico results, congress will remain in session despite the anxiety of members up for re-election to get home to their campaigns. Chairman Simmons of the senate finance committee believes this necessary so that troop movements may be authorized, volunteer acts passed and appropriations as called for.

The latter phase appeared of increasing importance today due to President Wilson's desire to pay for the war out of current funds. Congressional leaders had favored a bond issue of \$50,000,000 which, once issued and sold, was thought to be sufficient to pay all bills, until at least congress reconvenes next fall.

The second battalion of the Third infantry will leave at six o'clock tonight. The mobilization camp will be deserted tomorrow night when the first battalion, with regimental headquarters, machine gun and supply companies will entrain.

Insurance Not Endangered.
PEORIA, Ill., June 28.—Members of the national guard or soldiers at the front, who hold policies in the Court of Honor fraternal life insurance company, need not worry about their assessments while they are in service. Also policy holders who will be likewise taken care of. In event of loss of life, the amount of their policies will be rendered, whether or not the assessments are paid. This is the substance of a resolution passed by the organization, at a session in this city today.

All Supplies Furnished.
WASHINGTON, June 28.—The war department has met all calls for supplies for the militia, according to a statement by Secretary of War Baker today. The statement said:

The quartermaster corps has, up to the present time, met all the calls upon it for supplies in the way of clothing and equipment and with the arrangement which we now have for purchasing in order to replenish stock it is not believed there will be any difficulty, no matter how many troops are called. As far as food supplies are concerned these have been abundant in quantities and of excellent quality, and arrangements are such that the same will continue, when the large increase of troops in Texas is made, the matter being entirely handled by the department commander through the department quartermaster.

Cavalry May Not Go.
IOWA CITY, Iowa, June 28.—Iowa's only cavalry squadron, recently organized by Major Ralph P. Howell, may not go to the border for half the men have refused to take the federal oath and as Major Leonard D. Wildman, U. S. A., mustering officer, has to accept less than a squadron, there is a deadlock. The men, nearly all farmers, don't want to bind themselves for long foreign service.

Not Before Friday.
NEVADA, Mo., June 28.—Missouri troops will not leave for the border before Friday, if the early, General Clark said today. He explained that the guardsmen are all mustered into federal service, but are being delayed by the physical examinations due to the lack of a sufficient number of examining officers here.

Train equipment has been assembled and ready to carry the Missouri forces to Laredo, Texas, for many hours.

Positive Orders.
SPRINGFIELD, Ill., June 28.—Positive orders were received by Col. E. M. Lewis this afternoon to entrain the First, Second and Seventh regiments infantry for the border immediately.

here on June 19 with such a message. The whole story was declared a fake by foreign officials.

All Blame on U. S.
GALVESTON, Texas, June 28.—"Mexico will win or lose with dignity, but first it wishes to make plain to the rest of the American continent the conduct observed by the government of the United States which wishes to find a pretext for intervention."

That is part of the appeal addressed by the Carranza government to governments of Brazil, Ecuador, Salvador, Honduras, Costa Rica, Colombia, Peru, Argentina, Chile, Uruguay, Bolivia, and Nicaragua, according to an official cablegram received by the Mexican consulate here today.

The full text of correspondence has been published, throwing the blame for the Matamoros, Mazatlan and Carrizal incidents on the United States.

More's Report.
WASHINGTON, June 28.—An interview with Captain Morey, survivor of the Carrizal battle, was forwarded to the war department today. It indicates that Carranza's forces were in part responsible for the clash with Mexicans.

Inasmuch as Morey was not present at the parley between Captain Boyd and Mexican Commander Gomez, however, Secretary Baker refused to regard it as the final word of the situation.

A board of officers, he indicated, will be chosen to summarize the testimony on the battle and to gain whatever possible information can be had from surviving officers.

The Morey report was taken to President Wilson early in the day. The president held that Carranza's answer to the last demands, however, is the real determining element of the entire problem, rather than the matter of who caused the Carrizal battle.

Preparing for a Sweep.
SAN ANTONIO, Texas, June 28.—General Wood notified General Funston early today that the Massachusetts national guard had started for the border.

Preparations for distributing and maintaining the militia are being made all along the border today. Funston and his staff are believed to be arranging the troops so a sweep invasion is ordered and at the same time leave adequate protection for the border against raids.

There is a strict censorship on all news of troop movements, even the railroads of the state having adopted the policy of divulging no movements over their lines without waiting for the government to suggest secrecy. Small detachments of eastern guardsmen are known to have reached Texas, but their destinations are not known.

Concentration of Carranza troops

Six Reported Wiped Out.
COLUMBUS, N. M., June 28.—Six Mexicans believed to have been band which murdered William Parker and wife, are reported to have been wiped out in a fight this side of the border during the night. The report received today by a relative of Parker living here, was unverified and failed to state which of several cavalry patrols and posse killed the raiders.

Villa Story Called Fake.
MEXICO CITY, June 28.—War Minister Obregon today indignantly branded as a "fake" the report circulated in the United States yesterday that Villa had tendered his services to a national constitutional force and that the tender had been accepted.

Whole Country is Armed.
DOUGLAS, Ariz., June 28.—Colonel Padilla, reputed to be one of the swiftest cavalry leaders in Mexico, is rushing 1,000 picked rurales from Babiora to Naco, Ariz. according to reports received here today. Two Americans were reported killed at

opposite Naco, Arizona, continued to be a source of apprehension to army officers today. The Mexican forces are said to be in much larger numbers than at first reported and advices early today said there were six thousand. A Carranza army ten times that size is reported stationed at Cananea, ninety-seven miles south of Naco. The American forces are understood to be fully prepared for an attack on Naco or Bisbee.

Funston Denies Report.
SAN ANTONIO, Texas, June 28.—General Funston denied today the press report of a clash between the Eleventh cavalry and Carranza troops near Ahumada. He said if wounded Mexicans had been taken to Colonia Dublan he would have received General Pershing's report on it before this. The Mexicans concentrating south of Naco, Arizona, have been bluffing by General Davis' show of strength, Funston believes.

New York militia is expected to arrive in Brownsville tomorrow or Friday. They will be distributed along the border in that district.

Ready for War.
EL PASO, June 28.—"Mexico is prepared for war with the United States," arrivals from Chihuahua today quoted the Carranza commander of the north as saying.

"We are not courting war but if war comes, the sons of Mexico will respond to the call to arms to protect their native land with their lives."

"If the American forces move on Chihuahua and make any attempt to rescue, the twenty-five negro cavalrymen held prisoners by the defacto government, they will be lined up before the walls of the prison and executed."

"If the American forces make any attempt to attack the Carranza soldiers in the capital, they will be received by a rain of shot and shell from the defacto government troops, of which there are fully 50,000 in the state."

"I believe congress will pass a declaration of war before the end of the present week," said Congressman W. R. Smith, of El Paso, who arrived here today.

Crossed the Line.
NOGALES, Ariz., June 28.—Mexican officials in a border conference with American officers today disavowed the "invasion of the United States" by Mexican soldiers shortly after midnight. The Mexicans led by a lieutenant had penetrated 150 feet into American territory when ordered to halt by an American sentry. A score of shots were exchanged between several United States troopers and the Mexicans. There were no casualties. An order has been issued to Mexican troops below Nogales, Sonora, to make no move until the nature of the Carranza reply to President Wilson's demand is known.

Some Mexican Stories.
REDDING, [Calif.], June 28.—Redding officers expressed amazement today at the demand of Mexican Ambassador Arredondo upon the state residents of LaCruz, Chihuahua, and subjected them to maltreatment before releasing them. In addition, a column of 3,000 American soldiers, the dispatch said, enroute from San Geronimo to El Valle is committing all kinds of outrages which are attributed to Apaches forming part of the forces.

Foolhardy Americans.
WASHINGTON, June 28.—The government is redoubling its efforts to get Americans out of Mexico before possible trouble begins.

Under direction of the state, war and navy departments, strongest persuasion is being used on those who insist upon remaining in Mexico "until the last minute." Administration officials today criticized the attitude of these today, who, by remaining contrary to the advice of President Wilson, are subjecting themselves to grave dangers.

Letters have been sent by Secretary Daniels to Admiral Winslow instructing him to urge those hesitating not to wait.

The reason for many Americans refusing to go, is the strong feeling prevailing in many Mexican cities that there will be a break between Mexico and the United States.

Seventy Americans, including twenty-one detained in Guanajuato, left Mexico City for Vera Cruz in a special car yesterday, according to a message from Consul Rodgers to the state department today.

About 700 left Mexico City and 300 remain.

They fear not only that ex-Premier Venizelos will return to power, swinging Greece to the side of the allies, but that both the Roumanian and Greek armies may turn against Bulgaria, invading from opposite sides, while the Austro-Germans are busy with other fronts.

Grain Review.
CHICAGO, June 28.—Liquidation was general and bears were aggressive on the selling side in the wheat pits today with the result that July slumped to 100 1/2 and September to 103 1/2, about a cent below last night's close for each.

Corn had an easy undertone on good weather reports, July ruled around 74 1/2 and September around 72 1/2, slightly below opening levels.

Oats influenced by the wheat trend dropped 1/2 for July and 1/2 for September, after opening unchanged. July ruled around 39 1/2 and September around 35 1/2.

Provisions were weak on a break in the hog market.
