

KEOKUK'S FALL FESTIVAL STARTS WEEK FROM TODAY

Fine Line of Free Attractions Headed by Ruth Law, Air Queen, and Rollo, The Limit.

BEST EVENT OF SEASON

Thousands of People Will Visit Keokuk That Week and be Entertained by the Local Merchants.

Keokuk's fall festival, the most complete, biggest and best celebration that will be held in southeastern Iowa this season, will open here one week from today. It is the event that the people of this community have been awaiting, and will bring thousands of visitors to Keokuk next week. There is something new and novel in the way of entertainment scheduled for each day, besides the regular free acts and tent show which will be given every day in the week. No expense has been spared by the celebration committee to secure the highest class acts obtainable for the street shows, and in the big tent there will be a collection of talent all recommended by the Western Vaudeville Managers' association, and all of the acts have bookings for the leading vaudeville theatres of the country.

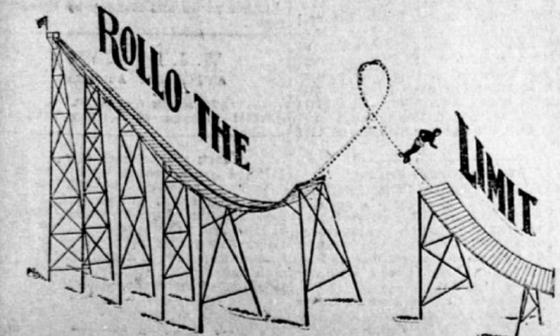

The celebration committee is busy now with the last details before the celebration opens. This week will prove a busy seven days for the various committees. The decorations will go up on Monday, and the platforms will be erected, and the concessions will arrive on Monday to be in place at the opening on Tuesday morning. From then until Saturday at midnight, the Keokuk celebration will be in full swing.

The Location of Platforms.
A platform will be erected at Third and Main streets, and one will be constructed at Twelfth and Main. On these platforms two of the free acts will be given. A third platform will be erected on Main between Sixth and seventh streets. This will be so constructed that it can be moved into the intersection of Main and Sixth streets for the public wedding. It was thought best to accommodate the big crowd which will want to see this event, to put the platform where four streets will give access to it. The run-way over which Rollo the Limit glides in his loop the loop on roller skates will be placed wherever the committee thinks it the best place.

The Air Queen.
Heading the free acts, of course, is Ruth Law, the queen of the air. Miss Law makes two flights daily in her Curtiss biplane. She loops the loop, dives out of the clouds, flies along at the speed of an express train, and suddenly drops her machine over and skates through the air, flying upside down. In her night flights she is no less spectacular. Her machine is illuminated and she flies high into the air, until she rises like a star. Then suddenly she darts downward, leaving a trail of

fire to mark her course. When she does the loop the loop up there in the darkness, circles of fire mark her course. Miss Law will make her flights from the Messenger tract, and can be seen from all points in the city. The best view of her will be had, of course, from Main street, as

AMUSEMENTS.

Wallace Reid and Cleo Ridgely at the Grand.
Founded on the old fairy tale of two children who climbed from their little cottage to the house on the hill only to discover that the golden windows were made of nothing but the sun shining on the broken window panes, and looking back they could see the same golden effect on the panes of the windows of their own little home, a splendid picture has been produced by the Lasky-Paramount people.

The story is a modern version of this old fairy story and the scenes are laid in the green fields of California and show in a striking manner how true happiness is really at one's own fireside.
Cleo Ridgely and Wallace Reid, the popular co-stars, are seen to great advantage in this picture supported by a star cast which includes James Neill, Mabel Van Buren, Jane Wolff, and Marjorie Daw. At the Grand tonight and tomorrow.

The program will also include scenes taken at the Iowa state Elks' convention at Davenport last summer. This picture contains a big flower parade, and was brought here principally to give those who so desire

she will fly directly over the heads of the celebration crowds.

Rollo the Limit.
Next to Miss Law in real daring comes Rollo the Limit. He climbs an incline on roller skates and then shoots down its seventy foot stretch and ends up with a back somersault or loop the loop landing on his feet on the platform opposite the slide. This act is considered one of the greatest of all equilibrist acts. The seventy foot incline gives terrific momentum for the whirl in the air at the end of the dive.

Equilibrist Act.
Gordon and Revini, called the greatest of all equilibrist acts, will entertain the crowds with some hand and body balancing that is unusual. Miss

Revini puts on some balancing stunts which have never before been attempted by women gymnasts.

The Comedy Crew.
Zemeter and Smith, America's greatest comedy triple bar performers will amuse the crowd with their single, double and triple, twisting, swinging somersaults to and from the triple bars. This is a cyclone of fun, according to those who have seen the act. The speed and brilliance of their work keeps the crowd absorbed and their comedy is clean cut and amusing.

Something Novel.
Among the novelty features will be the spectacular toe slide of Iko Toki. This Japanese athlete will put on something entirely new in his act, and will thrill the crowd at every performance. The Japanese athletes are always a feature at any celebration and the Keokuk committee has secured the best.

The Special Features.
Besides these acts which will be given twice daily during the week, there will be the special days, and the special features for each day. The public wedding, staged in the most elaborate manner ever attempted at any previous celebration will be one of the big features. A Keokuk couple will be married at this event. There will be a wedding party, little Dan Cupid, clothed in a smile and his quiver of arrows, will be on hand, and one of the several bands which have been contracted for will play the wedding march.

The industrial and fraternal parade will be another splendid feature. There will be decorated floats by local manufacturing concerns and the fraternal organizations will have decorated floats in the parade.

Political days are being arranged for by the committee.
Another big feature and one which will be of interest in three counties will be club day. The boys' corn club and the girls' canning club members will display their work of the summer and the judges will make their awards. This takes place on October 4.

The Tent Shows.
In the tent which will be erected there will be a high class vaudeville show embodying the best acts obtainable. Liberati's band and eight opera singers, thirty-eight people in all, will be one feature of the bill. The three Toki Japs in their balancing stunts will be another. Ramza and Arno in their laughable burlesque acrobatic stunt, Blondon Zebra and Man Friday will furnish the comedy for the tent show. The six Morocco Arabs in their balancing, pyramid building and dances will be another good feature. The three Weber girls in their polite novelty acrobatic work will be another of the big events in the tent.
Other acts are being considered for both free and paid attractions.

WARSAW, Ill., Sept. 26.—The funeral of Miss Anna Elizabeth Roth who passed away Saturday morning, occurred Monday afternoon at 2:30 o'clock from the German M. E. church of which she was for many years a consistent member, her pastor, Rev. K. F. Krughoff officiating. Miss Roth was the daughter of John and Christina Roth, pioneers of the Warsaw neighborhood. She became a milliner and for many years conducted one of the best known millinery stores in Hancock county. She was an able and conscientious business woman who gained the respect and confidence of the business world as well as that of a wide circle of friends and personal acquaintances, by whom she is sincerely and regretfully mourned. Miss Roth had always been a robust woman, but when she was first taken ill an operation was found necessary, and for a time she seemed well again, but the illness and operation broke down her remarkable physique, and for years she had been an invalid, a number of times death seeming very near, and for the past eighteen months she has been bedfast. She suffered intensely and for some time it was realized that her recovery was impossible; as well as she had been for a week previously, and just when the least expected, the grim reaper death called to claim his own. The deceased is survived by four sisters, Miss Katherine Roth and Mrs. Geo. J. Risto, of Warsaw; Mrs. Fred Loesch and Mrs. Wm. Wagner, of Belleville, Ill., and two brothers, Chas. Roth, of Wichita, Kan., and John Roth of Caney, Kan.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

A Medicine of Merit.
The great sale of Lydia E. Pinkham's Vegetable Compound all over this land is the result of genuine merit. The reason is that this good old fashioned root and herb medicine actually helps those suffering from the ailments peculiar to women. If it did not, would not the women of America have found it out in forty years, so that few of them would buy?—Advertisement.

CALLED FOR POLITICAL AID

Two Kahoka Citizens Summoned to Assist the Democratic Party.

KAHOKA, Mo., Sept. 25.—Colonels W. L. Berkeheimer and N. T. Cherry of this city, have received orders to report for duty at the front—not on the Mexican border, but in an effort to stem the tide toward a republican victory in the grand old state of Missouri. The call to arms comes from the democratic state committee, and the "colonels" are permitted to choose their own fighting ground. Just why the "powers that be" should call these old time warriors for service in the trenches and on the firing line when there are countless other Clark county "colonels", namely, S. S. Ball, J. S. Tall, "Mose" Dawson, Ben E. Turner, et al, younger and better able to withstand the trials of a vigorous campaign, is the puzzling question. It is really none of our affair, but we suggest that if these two old campaigners are compelled to "report for duty" that they be permitted to take charge of the "home guards" and confine their operations to the territory embraced in the boundary lines of Clark county.

The picnic given under the auspices of St. Michael's Catholic church of this city at the fair ground Saturday drew a large crowd and proved to be a most enjoyable occasion. A feature of the occasion was to have

Are You Prepared?

Did you insure your health this summer?
Did you "cut loose" from your daily routine and give yourself a thorough physical and mental overhauling and toning up?
Did you take a good vacation?
If not, hadn't you better do your full duty to yourself and take a vacation this fall? The autumn months are perfectly delightful in the mountains out west—Colorado—Utah—Wyoming—Montana. A camping trip's just the thing. The weather is very dependable, the fishing and hunting good—these combined with the scenic attractions and tonic atmosphere make camp life positively ideal.
Think this over—it's worth while; then, come in and I'll help you plan your trip.

been addresses by representatives of both political parties. Hon. Berryman Henwood of Hannibal, was present and represented the republican party. He gave a splendid address and was given close attention by a large and appreciative audience. Hon. Ed. S. Brown of Edina, republican candidate for congress, was also here and was invited to make an address. His remarks were brief, but to the point. He made a fine impression. Mr. Brown measures up to what a congressman should be and will poll a large vote in this county. The democratic state committee failed to send a speaker.

Mr. and Mrs. E. Hitt Stewart left last week for a western trip, the objective point being Los Vegas, N. M., where the former will attend a meeting of the national A. H. T. A.
Judge E. L. Christy was called to Thomas, Oklahoma, last Friday evening by a telegram announcing the serious illness of his brother E. B. Christy. For more than a quarter of a century Mr. Christy was engaged in the newspaper business in Kahoka. His many friends hope his illness will prove not as serious as reported.

Hon. Berryman Henwood of Hannibal, delivered an address at Wayland Saturday evening before a large audience. Mr. Henwood is a prominent Hannibal attorney and is sent out by the republican state committee.
