## Certain-teed Paints and Varnishes

get their quality from the character of materials used in their manufacture and from the exactness with which they are mixed.

The formula of ingredients printed on the label shows honestly and unmistakably the real worth of the paint. Modern, up-to-date machinery eliminates the uncertainty of mixing by hand and insures absolute conformity to the experts' printed formula.

The price of CERTAIN-TEED Paints and Varnishes is based on the most favorable manufacturing, distributing and selling costs, plus a margin of profit smaller than is generally customary. This low price

would not be possible if we had to depend upon an exclusive paint organization to market our paints and varnishes.

CERTAIN-TEED Paints and Varnishes are guaranteed to give satisfaction. This guarantee is backed by the enormous resources of the Certain-teed Products Corporation.

Whether you do your own painting or employ a professional painter your interests will be best served if you insist upon getting CERTAIN-TEED Paints and Varnishes.

Any good dealer can sell you CERTAIN-TEED Paints and Varnishes. If he doesn't carry them in stock, he can get them for you.

## Certain-teed Roofing

For factories, office buildings, farm buildings, garages, etc., CERTAIN-TEED is the efficient roof. It costs less to buy, less to lay, and less per year of life. It is light-weight, clean, sanitary, weather-proof, and fire retardant. For residences CERTAIN-TEED Slate Roofing Shingles have all the advantages of CERTAIN-TEED Roll Roofing, plus artistic beauty. CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

If you are building, or need a new roof, it will pay you to investigate CERTAIN-TEED before deciding upon any type of roof. Sold by leading dealers all over the world.

## SATURDAY'S SNOW SETS SEASON MARK

Two and One-half Inches Fell During  
Day and Weather Records Show  
This to be Best Fall  
of the Winter.

## IT IS NOT UNUSUAL

April Has Made Some Pretty Good  
Marks for Snow in Years  
Past, as Summaries  
Show.

It remained for April, the month of showers, flowers and Easter, to break the season's record for snowfall. The instruments at the local weather office measured two and a half inches of snowfall Saturday. This is the heaviest fall for the entire winter. It commenced snowing Saturday morning at 9:15 o'clock, and with the exception of a short respite at noon snowed until after midnight. At times during the evening the storm attained the proportions of a blizzard. From 12:30 o'clock to 1:15 o'clock Saturday afternoon the storm abated, but continued again until after midnight.

It was one of the stormiest Easter eves that one can remember, although some of the weather sharks were of the opinion that one Easter day about twenty years ago was as stormy as Saturday was. Easter, however, coming as it does in March or April can not be considered any weather criterion.

The local weather records give some interesting figures for April snows. On April 17, 1912, there was a fall of six inches of snow, which melted almost as fast as it fell. On April 8, 1902, there was a fall of six inches of snow. In 1899 on April 1 and 2 there was three inches of snow fall recorded. In 1893 on April 20, 21 and 22 there was a snowfall of 2.4 inches.

The snow Saturday night was driven by a north wind and the north and northeast corners of buildings, and the north sides of trees were covered with snow yesterday morning. When the sun got its warm rays on the snow banks, however, there was little left but a nice damp place.

The temperature took a drop down to 28 last night.

## IOWA GREATER ASS'N TO HELP

Will Assist State and Nation With  
All Facilities of Organization  
—Advocate Larger  
Crops.

To help the government as may be best in recruiting armies, increasing food production and listing industrial plants available for war purposes, the Greater Iowa association through secretary Woodworth Clum has offered all of its facilities to Colonel George W. Burr of Rock Island arsenal and to the state authorities.

"During this crisis we propose to work in terms of the nation," says a letter sent out Saturday to each member of the association. "We have been working in terms of a state. The officers of the Greater Iowa association believe that in this hour of national emergency, the facilities of this organization should be made available, wherever possible, in carrying out the wishes of our national government."

In a letter to Dr. R. A. Pearson, president of Ames college and chairman of the committee appointed by the governor to bring about a greater food production in Iowa, the Greater Iowa association says:

"It is unfortunate, indeed, that the extremities of international need should constitute the force that impels us now towards a more intensified cultivation of this wonderful soil of Iowa, and yet, this is but the repetition of history; impending danger of some sort has almost always been a principal factor in changing the habits of a people. An increase of production of ten bushels of corn to the acre would mean an increase of 100,000,000 of bushels in Iowa. The same relative increase in other products in this state would be a mighty factor in alleviating the world's food shortage. We are with you and will consider it a privilege to be called upon."

"Iowa and the nation are fortunate in the adopted plans looking to greater food production and utilization, as well as conservation of our natural resources. The committee of which you are chairman will do a great work for both the state and nation and may be a far greater factor than we now suspect in the maintenance of American ideals of citizenship."

**Says England Started War.**  
[United Press Leased Wire Service.]  
LEEDS, England, April 9.—Charge that the world's war came about as the result of England's secret treaties, especially "with the corrupt government lately controlling Russia" was made by President T. W. Jowett, in opening the public session today of the twenty-fifth annual conference of the independent labor party. He reiterated the party's opposition to the war.

"If the British government had kept the nations as carefully informed preceding the war as President Wilson had, there would have been no secrets," Jowett asserted. "The Russian revolution of nine years ago would have succeeded if Britain had permitted it."

## BURY DIFFERENCE IN RECRUIT CALL

Chairmen Rawson and Reynolds of

Committees Work  
Together.

## WANT IOWA MEN TO GO

Joint Appeal is Made Which Puts  
Vital Punch into Re-  
cruiting in Iowa  
Cities.

DES MOINES, Iowa, April 9.—What is considered the vital punch was put into the campaign for 4,000 more recruits for the Iowa National guard today when Chas. A. Rawson, chairman of the republican state central committee, and Dr. J. W. Reynolds, chairman of the democratic state central committee, cast aside party differences and joined in an appeal to their 5,000 precinct and party workers all over the state to go to work and secure the needed men.

Never before in the history of Iowa has such a movement been started and the effect of using the two powerful political machines in the same campaign to uphold the honor of Iowa as a loyal and patriotic state of the union will be watched with interest, all over the land.

Every one of the 5,000 precincts and other workers in the state is directed to secure from the poll books in his precinct the names of young men who would make good soldiers and personally solicit these men to enlist in the national guard, and defend their country from a foreign foe.

Chairman Rawson signed the joint letter at the state house Saturday afternoon and Dr. J. W. Reynolds approved the communication over the telephone from his home in Creston and authorized the use of his signature.

**Letter to Workers.**  
The joint letter to party workers follows:

Des Moines, Iowa, April 9, 1917. To Party Workers: The undersigned, chairmen of the democratic and republican state central committees of Iowa, cast aside party differences in this hour of the nation's need and join hands in an effort to secure 4,000 more recruits for the Iowa national guard in the shortest possible time.

The United States is at war with the imperial government of Germany and Iowa must do her part and do it with an energy and united effort which will attract the applauding attention of the rest of the nation.

When the call came for troops in '61 the response was prompt and immediate. When the country asked for volunteers in '98 our young men rallied to the colors and fought in Cuba and the Philippines.

Now that the nation is at war with one of the greatest military powers in the world, Iowa must again respond with a willingness and promptness, a wholehearted loyalty ready for sacrifice, that will be an object lesson and inspiration to the people of the other states in the union.

Iowa with a population of 700,000 in '61 sent 78,000 men to the civil war. Iowa today with over 2,000,000 people can send a proportionate number if need be.

The first call is for 4,000 men to fill the ranks of the Iowa national guard, our first line troops, needed at once. Let the call be answered instantly.

Party workers of the republican and democratic parties who receive this letter are earnestly directed to use their best efforts to secure the men quickly. Go over the poll books in your precinct and secure from

## BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth  
of Pinkham's Compound  
Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

# The FLAVOR LASTS

SOME endurance in this WRIGLEY flavor!  
It lasts—l-a-s-t-s—L-A-S-T-S!

Speaking of endurance—two athletes walked an all-day race. One took light foods and liquids—the other took WRIGLEY'S.

The WRIGLEY boy came in at sun-down and said: "Let's go to the firemen's ball tonight"—or words to that effect.

The other boy went to bed.

WRIGLEY'S helps endurance. It makes a long day short. It sweetens, soothes and satisfies. It aids appetite and digestion.

That's a good deal for a nickel to buy.

them the names of the young men who would make good soldiers and see that they are personally solicited to enlist. Explain to them their duty to their country and the necessity of their response to their country's call. Co-operate with the party workers of other parties in this movement and assist the mayor of your city and his advisers in awakening public sentiment.

In case you desire information of any sort or wish to make suggestions to help the cause, communicate direct with the adjutant general of Iowa, Des Moines, who has full charge of this work and to who we have offered our services for this recruiting work.

Very truly yours,  
J. W. REYNOLDS,

## MISS DUNLAP IS ELECTED

Principal of Garfield School Here  
was Chosen Secretary of South-  
eastern Iowa Teachers'  
Association.

Miss Elizabeth Dunlap of Keokuk was elected secretary of the Southeastern Iowa Teachers' association last week at the meeting held in Fort Madison. The Fort Madison Democrat says of the election of officers: President—County Superintendent E. D. Bradley of Muscatine. Vice president—W. J. Sampson of Burlington.

Treasurer—Superintendent J. L. Packer of West Liberty. Secretary—Miss Elizabeth Dunlap. Chairman of the executive committee—O. P. Florer of Oskaloosa. Superintendent F. A. Welch of this city was appointed member from this district to the state appropriation committee.

Reports from various committees were read and approved. The next meeting place has not been designated as yet, but will be selected at a meeting of the executive committee to be held some time in the near future.

**Sunday's Description.**  
[United Press Leased Wire Service.]  
NEW YORK, April 9.—Here's Billy

Sunday's famous description of Herodias in his story of how Herod gave an oath to Herodias that she might have anything she asked in return for her dance, when she demanded and got the head of John the Baptist:

"Why she didn't have on enough clothes to flag a hand car and she pirouetted around before that bunch of souses with her leg out like a quarter to twelve, until the old buck, Herod, said: 'Sit, you're a peach and you can have anything you want.'"

## GUARDSMEN DON'T DESERT

Figures Show That Fewer Men In  
State Troops Take French  
Leave Than in Regular  
Army.

Des Moines Register: Representative McKellar of Tennessee has presented figures to the house committee on military affairs showing that desertions are much greater in the regular army than in the national guard. As one of the principal arguments against the national guard, a year ago, was its undependability in the event of a call to federal service, Mr. McKellar has rendered a real service in analyzing the desertions. His tables for the month of guard mobilization follows:

Regular Army.			
Month.	Strength.	Desertions.	Per cent.
July	32,060	197	.47
August	46,873	275	.60
September	44,773	259	.56
October	45,736	291	.64
November	47,318	247	.52

**National Guard**  
July ..... 103,355 119 .12  
August ..... 105,080 123 .12  
September ..... 120,165 138 .14  
October ..... 95,835 232 .27  
November ..... 84,362 219 .33

This favorable showing on the part of the national guard is rendered more striking because the regulars enlisted for exactly the kind of service they are performing, while the guardsmen were humbugged into police duty when they thought they were going south on a serious call for the national defense.

## CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderrine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderrine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.

## LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

WHEN CONSTIPATED OR BILIOUS  
GIVE "CALIFORNIA SYRUP  
OF FIGS."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
