

KEOKUK STUDENT LEADS AT BROWN

Marshall N. Fulton, Honor Graduate of Keokuk High is Taking Prominent Place in Eastern University.

ADDRESSES NEW CLASS

He is Speaker at Annual Welcoming of Freshies and Occupies Many Positions of Importance in School.

Marshall N. Fulton of Keokuk, Thursday evening addressed the freshman class of Brown university at Providence, at a reception tendered the new men by the Brown Christian association. Fulton, who is president of the association, is one of the most prominent members of his class, being an associate editor of the Brown Daily Herald, a member of the college athletic board, and president of his class. He is also a member of the Cammarran club, the student governing body, membership in which constitutes one of the highest honors attainable. Fulton belongs to the Alpha Delta Phi fraternity. He prepared for college at the Keokuk high school.

The Brown Christian association, besides being a religious organization, plays a large part in the daily life of the college. Its activities are under the supervision of a general secretary. Among its many functions is the operation of an employment bureau for students. Last year 242 positions were filled. Volunteer study groups, led by prominent men of the city, are fostered by the association to promote the study and discussion of topics of general interest. In the field of social welfare work the association takes a prominent place. Many undergraduate members annually lead classes at the Federal Hill settlement house; ten boys' clubs were conducted last year; and frequent deputations of student speakers were sent to the local churches.

HARVEST HOME DAY SERVICES

Sunday, October 12, Will Be Observed as Such by Methodist Protestants With Program of Interest.

Sunday, October 12, will be observed as Harvest Home day by the First Methodist Protestant church, corner of Twelfth and Exchange streets, S. C. Benninger, pastor. Rocking chairs will be provided in the front of the church for the older members of the congregation, and all who are in the autumn of life will be brought to and taken from the church in automobiles.

The church will be decorated with autumn leaves and corn stalks, and with ears of corn with the husks attached. Another important part of the decorations will be fresh and canned vegetables of all kinds, fresh and canned fruits, butters and jellies. After the autumn day services the fruits and vegetables will be given to the Benevolent Union Home.

Jap Princes Coming. (By United Press.) TOKYO. (By mail.)—Prince Kitashirakawa, Prince Asaka and Prince Higashi-Kuni, all three brothers-in-law of the emperor of Japan, and majors in the Japanese army, will go to America, England and France next fall or early next year for the purpose of military inspection, according to reports in the Japanese papers. The imperial princes expect to stay abroad for about three years. Prince Yi, Jr., of Korea is also said to be planning a trip abroad.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails. There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-budding." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, "Gets-It" means a quick certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. An easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Sold in Keokuk and recommended as the world's best corn remedy by Engelhardt & Co., and Wilkinson & Co.

CARNAHAN GAINS TWENTY POUNDS

Although 69 Years of Age He Works Like He Did Thirty Years Ago —Tanlac Builds Him Up.

"If I had not found Tanlac I don't believe I would be alive today," said J. W. Carnahan of 1414 Third street, South, Cedar Rapids, Iowa, in relating his remarkable experience with the medicine, recently. "Last October," he continued, "I went to Nitro, West Virginia, to work in the ammunition plant and as they were paying extra good wages I got greedy, overworked myself and broke down. Until that time I had never suffered from any serious illness, but now my stomach was all out of order and I was so run down that I couldn't work without just playing out completely. I never wanted anything to eat and what little I did force down gave me trouble.

"I have never had much faith in medicines, especially the advertised kinds, and never took two dollars worth in all my life. But after reading what others said Tanlac had done for them I got a bottle and it certainly is wonderful how quickly the right medicine will get a person to eat and what little I did force down gave me trouble. I began to straighten right up. The medicine has put me in shape to where I have actually gained twenty pounds in weight, and, although I am sixty-nine years old I can do as much work as I could thirty years ago.

"Today I shoveled dirt over a nine foot wall for five hours, unloaded cement for two hours, then started unloading lumber, and came home feeling all O. K. I can eat just anything I want and lots of it and then get hungry between meals, and nothing eat gives me the least trouble. I want to emphasize the fact that I have not had an ache nor a pain since right soon after I commenced taking Tanlac. I simply feel like years have been added to my life. I expect to always keep a bottle of Tanlac on hand. It beats anything in the way of medicine I have ever seen or heard of and I recommend it to all my friends when I hear them complaining or not feeling well."

Here is another instance of the remarkable reconstructive powers of Tanlac. Mr. Carnahan is only one of many thousands who have taken it with the same wonderful results. Tanlac proved of great benefit to him because it contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food. Tanlac has been very successful in overcoming nervousness and sleeplessness, not from a quieting effect on the nerves, for it has no such effect, but by strengthening the nerves and bringing back the normal state of health through its effect on the appetite and nutrition of the body.

Tanlac is sold in Keokuk by Wilkinson & Co., and by the leading druggist in every town.—Advertisement.

SALEM.

Following a month's visit with his parents, Mr. and Mrs. J. T. Ingram, Arthur Ingram, wife and children, Harriet and Kenneth, left for their home at Arvada, Wyoming, Tuesday.

The Federation of Women's clubs of the first district, will convene at Salem Tuesday, Oct. 7. An excellent program is being prepared.

Mrs. Eve Billingsly and daughter, Grace, of Hillsboro, enjoyed a visit last week with the former's daughter, Mrs. Bert Edwards and family.

Othel James and wife, of Minneapolis, Minnesota, were guests Tuesday and Wednesday of H. G. Stevens and family, and greeted many friends here Mr. James' former home.

Charles Carlisle returned from Marshalltown, Friday. He reports his father-in-law, Mr. Briggs, very poorly.

John Goldsmith purchased of Charles Carlisle, the building on the east side of the park, where the Parvin shoe store has been.

Arthur A. J. Ingram family spent last week with the former's sister, Mrs. T. B. Sater and family at Denville.

Mr. and Mrs. Parvin are preparing to spend the winter with relatives in Kansas City.

Mrs. Rawhouser, of Columbus City, arrived Thursday, for an extended visit with her son, Dr. C. D. Rawhouser and family.

AMERICAN LEGION SUNDAY OBSERVED

November Ninth, is Day Set Aside for This—Clergymen Will Preach Appropriate Sermons in Churches.

ASKED BY OFFICIALS

Men at National Headquarters are Urging Ministers All Over the Country to Co-operate With This Movement.

Clergymen throughout the United States will be requested to devote part of the whole of their sermons to the ideals for which the American Legion stands, on Sunday, November 9. The national executive committee of the American Legion asks that this, the day preceding the opening of the national convention in Minneapolis, be observed as American Legion Sunday.

An official request from national headquarters urging the co-operation of the 190,000 clergymen in America through the state branches and local posts of the American Legion, says: "The American Legion is an established fact. It is the concrete realization of that some sort of organization after the war which was talked of in every cantonment in America, on board every ship of the navy and in every unit and section of the A. E. F. It is the crystallization of the wish of every soldier, sailor and marine to organize after the war. 'In union there is strength,' and in this particular union will be found the bulwark of Americanism.

"The legion has grown and its spirit has spread because it is worthy. In every test at the outset it repelled selfishness, narrowness, partisanship, and clung tenaciously to the underlying theme—democracy. In every test it has withstood the temptation of exploitation for its members at the expense of the country at large. In no instance has it sought anything that was not just and equitable and in the best interests of all America. It is now, always has been and will continue to be non-partisan and non-political in the accepted sense of those terms.

"But while it is non-political, it has and always will have policies, in that it reflects the will and opinions of the majority of its members, whose sanity, unselfishness and patriotism may be depended upon in questions affecting national or international integrity and adjustment."

DILAPIDATED FINANCES

Gigantic Combination of Capital is Planned to Back Business Revival in Stricken Europe.

NEW YORK, Sept. 30.—That Europe's dilapidated finances should be bolstered up as a business proposition, good for the American people, rather than as an act of charity, is the consensus of opinion among leading banking houses of Wall street.

To ascertain the attitude of financial men towards Europe's situation, a number of financial men were asked for their opinions regarding European trade. The opinion was unanimous that goods should be sent to Europe on long-time credit, until enough goods are produced on the other side of the Atlantic to even up trade balances.

Financial men deny that an embargo on goods going to Europe would reduce prices in the United States, though they agree that American prices are soaring because of the cost of living in Europe. They contend that prices will not drop here until they have come down in the most important European countries, regardless of the surplus supplies which would pile up here if an embargo were placed.

As proof of their assertions, the Wall street economists point to the embargo in certain goods, such as sugar, for example, enormous quantities of which are ready to be shipped. Some goods are already in ships, which cannot be sailed. Exporters who have bought these goods for shipment are simply holding onto them.

On the other hand, it is pointed out that conditions cannot become per-

DO AWAY WITH INDIGESTION

How to Purify a Sour, Distressed Stomach in a Few Minutes.

Let us talk plain English; let us call a spade a spade. Your food ferments and your stomach isn't strong enough to digest the food you put into it, so the food sours and forms poisonous gases, and when it does leave your stomach it has not furnished proper nourishment to the blood, and has left the stomach in a filthy condition.

Take Mi-o-na stomach tablets if you want to change your filthy stomach to a healthy, clean, purified one.

If Mi-o-na fails to relieve your indigestion, rid you of dizziness, biliousness and sick headache your dealer will cheerfully refund your money. If you want to make your stomach so strong that it will digest a hearty meal without that drowsy, all tired out feeling, take Mi-o-na; it should give you prompt relief. For sale by all leading druggists.

manently stable in one part of the world until Europe is settled. Shipments of food and materials to Europe which will enable that continent to re-establish normal living conditions, ordinarily less expensive than those of America, will result in an influx of goods to America at reduced rates. This would bring American costs down permanently.

Bankers also point out the advantage of buying credit in Europe at this time when America would receive enormous prices for goods. The credit would remain credit, since Europe has no gold to pay, until it is paid back in goods manufactured in Europe. These goods would be sold to Americans at much reduced prices, if European conditions become normal and stabilized, and American capital would benefit by the drop.

So confident are some bankers of the advantage of putting Europe on its feet that they propose an enormous combination, to be made up of all the larger financial institutions of America. This organization could finance all countries according to their needs, and could see that the smaller nations get on their feet.

The leaders of this plan say that under a competitive system, credit for the larger and stronger countries would be furnished by the stronger banks in America, at normal rates of interest. Weaker countries, being less secure investments, would be forced to pay high rates which they cannot afford. In addition they would probably have to go to weaker banks. This arrangement would be bad for both debtors and creditors, it is held, and might cause an unstable condition of the money market for some time.

That Wall street and other New York financial interests are not doubtful of Europe's ability to "come back" is shown by the way bankers are preparing to lend credit. Many are speculating in foreign exchange while the dollar buys so many French francs or German marks, placing the money on deposit in Paris or Berlin at interest, and waiting until Europe's money climbs nearer normal, when prospects are considered good by many for doubling on the speculation.

John Wagner Has One Which Has Over Thirty-seven Tomatoes on It and They All Weigh Half Pound or More. John Wagner, of 815 North Thirtieth street, should have the blue ribbon for tomato growing. He has a number of plants in his yard which are literally loaded down with fruit

of the Ponderosa type, and the tomatoes are almost thicker than the leaves. On one vine alone, he counted thirty-seven tomatoes not one of which would weigh less than a half pound. And he failed to count them all, too, as he had already picked some. The plants are staked up on one pole this year, usually he has used three for this purpose, making a frame, but this year he tied to a single stake.
