## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

Papa Says No.  
 [United Press Leased Wire Service.]  
 BERLIN, Feb. 11.—The former kaiser has forbidden his son, the former crown prince, to surrender himself to the allies, and has requested the Dutch government to prevent such procedure, the Kreuz Zeitung said today.

## BIG THREE IN LONDON

 learned semi-officially today. With the "big three" premiers in conference in London, French officials believed Lloyd-George will suggest certain changes in the Versailles pact and that Premier Millerand will agree to them if, in turn, Lloyd-George makes concessions to the French premier.

Officials pointed out that France has supported Great Britain's program consistently, even backing her in her proposition to demand surrender of the German war guilty for trial by allied tribunals.

If Lloyd-George has changed his mind in this demand, the French officials declared, Millerand will ask some changes in the treaty to give greater benefit to France.

It is generally believed, however, that Lloyd-George's home policy has forced him to consider early resumption of trade relations with Germany and Russia, which will necessitate modifications in the Versailles treaty.

## WAGE QUESTION TO PRESIDENT

(Continued from page 1.)  
 it is believed. The third member may be Warren S. Stone, head of the Locomotive Engineers, or L. E. Sheppard, head of the Conductors.

Union leaders today were not optimistic over the probability of their gaining from the president their complete demands.

Officials, however, believed they would prevent a railroad strike.

Tumulty, after his talk with Hines, was especially optimistic.

Bert M. Jewell, head of the American Federation of Labor Railway department today was named chairman of the committee of three to meet President Wilson.

Other members are J. E. Manion of the railway telegraphers, and Timothy Shea, head of the firemen and engineers.

Attorney General Palmer called on Tumulty this afternoon, but denied the railroad situation was discussed or that there was any talk of enjoining railroad employes from striking. This was made very emphatic.

Strike Quarters Opened.  
 DETROIT, Mich., Feb. 12.—Strike headquarters were opened by the Brotherhood of Maintenance of Way and Railway Shopmen in widely scattered cities today. It was announced at national headquarters here.

Among the cities were: Boston, Philadelphia, Chicago, Indianapolis, Atlanta, Houston, Kansas City, Minneapolis, Salt Lake City, Toledo, Wilkesbarre, Buffalo, Cincinnati, Monroe, La., and St. Louis.

Warning to Strikers.  
 TOPEKA, Kas., Feb. 12.—Warning has gone out to Brotherhood unions in Kansas that the state will prosecute those responsible for a railroad strike within its boundaries.

In a circular letter to officials of the maintenance of way and shop laborers' unions within Kansas, Attorney General Hopkins urged them not to stop work.

If they strike, Hopkins added, he must enforce the industrial court law, which makes illegal any tieup of necessary industries, including the railroads.

Tumulty Confers With Hines.  
 WASHINGTON, Feb. 12.—Secretary Tumulty conferred with Rail Director Hines in Hines' office early today. Tumulty obtained Hines' statement of the railroad wage controversy to lay it before the president.

Divide Into Four Systems.  
 PHILADELPHIA, Pa., Feb. 12.—Radical changes in the operation of the Pennsylvania railroad system, with a reorganization of officials affecting many of the higher officers, was announced by Samuel Rea, president of the company, to become effective when the railroads are turned back to the private owners.

The system will be divided into four regions—eastern, central, northwestern and southwestern—with each in charge of a vice president.

## Important to all Women Readers of this Paper.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.

The respective headquarters will be in Philadelphia, Pittsburgh, Chicago and St. Louis.

## JUSTIFIED IN PERSONAL LAW

Man Examined for Jury Duty in Deportation Cases Says Sometimes it is Necessary.

[By M. D. Tracy, United Press Staff Correspondent.]

TOMBSTONE, Ariz., Feb. 12.—Men sometimes are justified in taking the law into their own hands," declared C. R. Weiss, cattleman, who was being examined for jury service in the first big Bisbee kidnapping trial here.

This statement quickly drew a challenge from County Attorney French.

But Judge Pattee ruled that such a belief was insufficient grounds for challenge. This was considered one of the important rulings of the trial.

S. M. Bull caused a ripple of amusement when he was asked to tell where he lived.

"I live 100 yards from Mexico," he said.

Four jurors passed yesterday in the trial of Harry E. Wootton on a kidnapping charge. Fifty-six talesmen were examined. Fifty-six more of the third venire remain.

## LACK OF CARS HALTS BUILDING

Sand and Gravel Men Say They Need Transportation Facilities to Move Their Product.

[United Press Leased Wire Service.]  
 CHICAGO, Feb. 12.—"Give us cars," was the cry of members of the National Association of Sand and Gravel Producers in convention here today.

The acute shortage of housing facilities in all large cities could be considerably relieved if the sand and gravel producers could secure cars to move their materials, B. J. Atwood, chairman of the arrangements committee of the association said.

"Many buildings are being held up because the car shortage has prevented the contractors from securing supplies of sand and gravel," Atwood said.

## HELL, TOPIC AT REVIVAL

The Rev. Harvey J. Moore Startles Audience by Asking What Has Become of the Old Fashioned Kind.

"What has become of the old-fashioned hell?" This was the question with which the Rev. Harvey J. Moore began his sermon at the First Baptist church last night. He reminded his audience of the time which all could remember when preachers and evangelists used to depict the horrors of hell by telling us that scorching fires would literally burn our flesh without consuming it, and that this terrible torture would continue through a never ending eternity. He told of the time when as a boy he used to shudder every time he sat near a fire because the terrors of future punishment were so vividly im-

pressed upon his mind. He referred to the sermon preached by Jonathan Edwards back in New England on "Sinners in the Hands of an Angry God," in which he pictured the sinner hanging by a slender thread over a lake of fire and brimstone into which he might be dropped at any moment by a God who was angry because of his sins.

"We do not believe in this day in a hell of literal fire," Mr. Moore said, "but we do believe in hell nevertheless. We might call it by a softer, less granting word, but that would not change the fact. If we believe the words of Jesus Christ we must believe that at the judgment there will be a great separation, the workers of iniquity going away into eternal punishment, and the righteous into everlasting life. These are not my words, but they are the words of Jesus. What ever I might say you might lightly thrust aside, and none could blame you, but you need to be careful how you deal with the words of Jesus Christ. Read them for yourself, take time to think about them. Do not trifle with your own eternal welfare."

Tonight Mr. Moore will speak on subject, "Not Far From the Kingdom." "Thou art not far from the kingdom," said Jesus to one man upon a certain occasion. Basing his sermon upon this text, the preacher will describe several classes of people who are not far from the kingdom, who are not in and of it.

**Denmark Far Ahead.**  
 COPENHAGEN, Feb. 12.—Latest returns in the Schleswig plebiscite based on revised totals today gave vote as 75,023 for Denmark and 25,000 for Germany.
