### That Football Game.

Last Saturday promptly at 2:30 p. m. the High School football eleven of Atlantic, and the Exira eleven were lined up and proceeded to play one of the neatest, cleanest and hottest contested games that has ever been played on the gridiron in this city. Our boys were beaten by a score of 23 to 0, but are not ashamed of their defeat for they had no amateurs to play against but fine well drilled young gentlemen who were onto their business. The visitors were well mannered gentlemanly young men and as such were treated by their antagonists. No casualties of a serious consequence marred the play. The band was out and varied the monotony if any existed by playing various inspiring renditions. The following was the line up:

## Want to talk a little

About the Round Oak Heating Stoves not much to say, because everyone knows they are the only Oak that will successfully burn hard and soft coal. They are tight, made right, it's a stove put up for service, it's made to do you good and then we have the Round Oak Steel Range, it's a good one. See these goods before you buy. Radiant Estate Base Burners have won a reputation by satisfying the most exacting. They are quick starters, never go out and with its new ventilator base it stands without an equal. We can convince you it's what you are looking for.

Our line of Wood Heaters, all kinds of Oak Stoves and Cooks, Steel Ranges, Etc., is the most complete and our prices, well they will make your pocketbook happy.

For anything in Hardware and Furniture, if you are looking for new up-to-date Goods, see me.

## Don't You Feel Chilly

OF COURSE YOU DO.

Better get one of our air tight stoves to put up in your house now and it will keep your house warm and comfortable until the cold blasts of winter are upon us and then you will want a hard coal stove and we have the best on the market and they are fuel savers and none can equal them in heating capacity. We also have a nice line of soft coal heaters. Come in and look at our line.

If you are figuring on a furnace let us make you prices as we will be able to furnish you one that will do your work of heating to perfection.

## The Central Life

### A LEADING WESTERN LIFE INSURANCE COMPANY

Why should an Iowa man send his money east for Life Insurance when he can place it in The Central Life of Des Moines, and get a better policy at less expense.

The following are some of the reasons why The Central Life is Best for policy holders:

1. The Central Life shows the lowest death rate of any company in the United States, therefore the highest class of business.
2. The Central Life has the largest percentage of assets to liability to policy holders, therefore stands first in the point of ability to fulfill its obligations.
3. The Central Life being a Central Western Company makes the largest interest earnings, therefore it has made and will make the largest accumulations for policy holders.
4. The Central Life deposits with the Insurance Department of the State of Iowa approved securities sufficient to guarantee every policy holder against loss therefore a Government Bond cannot be more safe.
5. The Central Life issues a line of policies which guarantee liberal advantages to the policy holder, therefore a very convenient form of assets.
6. The Central Life policy holders have found the company entirely satisfactory and recommend it by the strongest endorsements to their friends.
