When John Tibben and family were coming to town last Saturday evening in their car they caught up with a car that was on the wrong side of the road, so when he was going to pass it the driver of the front car turned his car directly in front of the Tibben car compelling Mr. Tibben to either run into the car ahead or run into a ditch and as he chose the latter his car was wrecked quite badly; one wheel being torn lose, and Mr. Tibben suffered an injury to both arms. It seems that the more accidents that happen with autos on the wrong side of the road, the more careless some drivers get.

The Merry Widow Club entertained their husbands and families at a seven o'clock dinner last Friday evening at the P. M. Christensen home. About thirty were present to enjoy the big feast afforded them. After the dinner, the evening was spent in progressive games and pleasant conversation. The day was also Mrs. George Milliman's birthday. The menu was as follows: Roast Chicken; Mashed Potatoes; Gravy; Creamed Peas; Combination Salad; Pickles; Olives; Bread; Butter; Ice Cream and Cake

Ernest Alsop, son of Mr. and Mrs. Jack Alsop, was the victim of a bad accident last Saturday afternoon. He with a number of other neighbor boys, were practicing acrobatic stunts, at the Mrs. Cannon home when he slipped from the pole and fell, falling on his arm in such a manner as to break the two bones near the wrist and dislocated his wrist. It is a dangerous break and will take some time to heal. We extend our sympathy to the little fellow.

### Enjoy the Beauty of Good Woodwork

On the outside, it's the roof design, porch, windows and doors that make the home good looking.

Inside it's the woodwork. Beautiful stairwork, colonnades and floors make the rooms more cheerful. A visitor notices them first of all, and forms his idea of your home from them.

In fact, real estate experts say that good woodwork makes a place easier to rent or sell and brings a higher figure. Yours is the gain in comfort and in cash.

Ask to see the large CURTIS catalog. It is full of woodwork suggestions.
