Official Paper of City and County

Death of Thomas Riley.

A large number of our people will remember Thomas Riley, a war veteran who for several years made his home with the John A. Dreier family before their removal to Billings, Mo. His death occurred there on Sunday, Feb. 9th, and the following sketch of his life appears in the Billings Times: "Thomas Riley, aged 73 years, 3 months and 3 days, was born in county Cavear, Ireland, November 1839, and came to the United States when six years old. When quite young deceased enlisted in the cavalry service of the U. S. army and saw service during the Mormon troubles in Utah, before the Civil war, and assisted in the burial of the victims of the memorable "Mountain Meadows Massacre." At the breaking out of the rebellion in 1861, his command was ordered to Washington, and he served his country faithfully;

participated in the battles of Antietam, Gettysburg and the "Wilderness," and numerous other engagements, always as a loyal soldier true to his country. During the war he cast his first vote for Abraham Lincoln. After the surrender of General Lee at Appomattox he was mustered out of service, and enjoyed a brief vacation, visiting the large cities of Europe, and on his return to the United States, he re-enlisted in the cavalry of the Regular Army U. S. A., and served under the gallant and brave Custer, and other noted leaders, during the Indian troubles in the Northwest, until the winter of 1875, when he and a party of his troopers were caught in a blizzard, and he lost his fingers through freezing. After convalescence after the amputation of his fingers, he remained in Washington, D. C., and Chicago, Ill., visiting and living with relatives until the year 1881 when he came to Howard county, Iowa, where he purchased considerable farming lands, and while there he became acquainted with the family of John A. Dreier, and with them he resided until the year 1897, when he with them removed to Billings, Mo., where he has lived until his death, respected and honored by all who knew

him. The surviving relatives are two sisters, Mrs. E. Quinlivan of Chicago, Ill., Mrs. Thomas Hart of Schuyler, Neb., and two nephews and four nieces. Mr. John Costello and wife, of Rogers, Neb., and Miss Margaret Quinlivan of Chicago, were with him when he died.

Some Hog.

Mason City, Iowa, Feb. 14 — Farmer Howard A. McCaffree, residing in Bremer county, has butchered the largest hog in the United States. That claim was made when the hogship was living and it was never disputed. The weight was 1,140 pounds. The hog was five years old and was raised by Mr. McCaffree. The weight of the hog after he was dressed was 885 pounds.

Mothers Can Safely Buy

Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles, tastes nice, harmless, once used, always used. Mrs. Bruce Crawford, Niagara, Mo., writes: "Dr. King's New Discovery changed our boy from a pale, weak, sick boy to the picture of health." Always helps. Buy it at P. A. Clemmer's.

Accidents at Elma

Florence Enright, the seven year old daughter of Mr. and Mrs. P. J. Enright, was standing up in a high chair Wednesday evening when she lost her balance, fell forward and struck on the end of a broken chair rung which made a severe wound in her abdomen. Dr. Mulick was called immediately and dressed the wound. The child is resting as easily as could be expected.

While the two young sons of Stephen Kinney were chopping wood, the older one, Matthew, 6 years, accidentally struck his little brother, Stephen Jr., aged 5, on the foot and came near cutting his foot off, inflicting a dangerous and painful wound. Dr. J. W. Mulick attended the injured boy and who is resting as comfortably as could be hoped for with such an ugly cut.—Elma New Era.

Are You a Cold Sufferer?

Take Dr. King's New Discovery. The Best Cough, Cold, Throat and Lung medicine. Money refunded if it fails to cure you. Do not hesitate—take it at our risk. First dose helps. J. R. Wells, Floydada, Texas, writes: "Dr. King's New Discovery cured my terrible cough and cold. I gained 15 pounds." Buy it at P. A. Clemmer's.

INAUGURAL PARADE TO HAVE NO WOMEN

4,000 STUDENTS FROM VARIOUS PARTS OF COUNTRY TO PARTICIPATE.

THESE ASIDE FROM CADETS

Princeton, Johns Hopkins and Georgetown to Furnish Bulk of Undergraduates to March.

Washington, Feb. 12.—Definite announcement has just been made by the inaugural committee that there will be no college women or women representing other organizations in the inaugural parade of President Wilson.

Committee Prefers No Women. This decision was reached, it was stated, because the committee preferred that no women take part in the pageant. Mrs. Elmer Black, of Chicago, had requested that the American women's peace congress be allowed to participate in the parade. At least 4,000 students from college in various part of the country aside from those who will form part of the military section, will be represented in the parade. Most of these will come from Princeton, Johns Hopkins and Georgetown universities. Harvard, Yale, Cornell, Columbia, University of Pennsylvania still have the matter under consideration and according to the intercollegiate committee, probably will send large delegations.

ELECTORAL VOTE IS COUNTED

Final Step in the Election of Wilson and Marshall Taken by Congress in Joint Session.

Washington, Feb. 12. — Woodrow Wilson and Thomas R. Marshall are now formally elected president and vice-president of the United States, in accordance with the provisions of the Constitution.

The last move in carrying out the will of the people registered at the polls on November 3, 1912, was staged in the house of representatives, where members of both house and the senate met in joint session shortly after one o'clock. Here Senator Bacon of Georgia, president pro tem of the senate, and Secretary Bennett of the senate, opened the sealed envelopes containing the certificates showing the electoral ballot cast in each state. The vote was counted by Senators Dillingham of Vermont, chairman of the senate committee of privileges and elections, and Paynter of Kentucky, ranking Democratic member of that committee, who acted in conjunction with Representatives W. W. Rucker of Missouri, chairman of the house committee on the election of the president and vice-president, and Olin H. Young of Michigan, the ranking Republican member of that committee.

The total electoral vote was announced as follows: Wilson, 435; Taft 5; Roosevelt, 88.

200 PERSONS ARE HOMELESS

\$300,000 Fire in Chicago Apartment House Caused Much Suffering.

Chicago, Feb. 12.—Nearly 200 persons were made homeless as the result of a fire which for more than four hours swept the Ingram and Kail apartment buildings at East Sixtieth street and Washington avenue, facing the Midway Plaisance, entailing a loss of \$300,000.

Hazardous flights and thrilling rescues of women, children and invalids featured the progress of the flames. No lives are known to have been lost and the number of injured, chiefly firemen, was considered surprisingly small, in view of the fact that more than 500 firemen were called out and that unusual risks were taken. Only five firemen were hurt, none seriously, by being caught under a falling wall.

Pair Escaping From Prison Arrested.

Chicago, Feb. 12.—Alexander Olsen and Jonathan Nelson, who escaped last May from the penitentiary at Deer Lodge, Mont., have just been arrested here and are being held pending the arrival of a deputy warden from the prison. Daniel Edwards, who served a sentence in the same institution, recognized the men on the street and notified the police. There is a reward for their capture.

Nine Jurors Chosen for Snead Trial.

Vernon, Tex., Feb. 12.—Nine jurors have been obtained for the trial of J. B. Snead, charged with killing Al G. Boyce, Jr., at Amarillo, Sept. 14, 1912. Fifty-nine of a special venire were examined. An additional venire of 50 men was ordered.

See Keepers Meet in Cincinnati.

Cincinnati, Feb. 12.—For the first time in its history, the National Bee Keepers' association is holding a delegate convention, the first session being called to order this afternoon in the Grand hotel by President George W. York of Sandpoint, Idaho. The experiment is expected to result in the accomplishment of more business and in the incorporation of the association. Routine affairs occupied the afternoon, and tonight the main address will be delivered by Wesley Foster of Boulder, Colo.

Staver Motor Cars

The Complete Line Of Staver Cars.

- STAVES "45," 5-passenger Touring Car. Price\$1875
- STAVES "55," 5-passenger Touring Car. Price\$2250
- STAVES "65," 6-cylinder, 6-passenger Touring Car. Price.....\$2750

Compare These 50 Staver Points with the Specifications of any other Car obtainable at the price.

Run a STAVES "45"—our latest creation—alongside any average Car selling for half as much again. Compare part for part, detail for detail, from top to tires, from radiator to tail lights. Compare motors, transmissions, wheels, bodies. Compare the accessibility, ease of control, appearance.
You will be convinced that the STAVES "45" is not to be equalled by any car on the market within hundreds of dollars of its price. Here's the proof. Duplicate the 50 STAVES points in the left-hand column with equivalent points in any other car at its price. Emphatically you can't do it!

Staver "45" In a Class by Itself

- 1—MOTOR—T-head, cast en bloc.
- 2—BORE—4 1/2 inches, stroke 5 inches.
- 3—HORSE POWER—S. A. E., 32.4—actual brake test, 49.6.
- 4—VALVES—2 inch nickel steel—carbon free.
- 5—ENGINE SUSPENSION—Sub frame construction, preventing twists reaching motor or affecting bearings.
- 6—PUMP—Centrifugal, connected direct to motor—no attention required.
- 7—CARBURETOR—Rayfield, with dash adjustment
- 8—MAGNETO—New Remy type, Model R. D. X.—Condenser across points, eliminating point adjusting.
- 9—RADIATOR—True honeycomb type, trunnion and bracket support, corners reinforced; 27 inches high, 26 inches wide, 3/4 inches thick; 33 per cent excess circulation—overheating impossible.
- 10—LUBRICATION—Patent constant level splash, with dash gauge.
- 11—FUEL ECONOMY—One quart oil to 100 miles; one gallon gasoline to 18 miles, average road travel.
- 12—CLUTCH—Multiple disc, 38 saw blade steel disc, housed, running in oil. Adjustable throwout.
- 13—TRANSMISSION—60 H. P. capacity, chrome nickel gears, Rhineland imperted annular ball bearings.
- 14—TRANSMISSION SHAFT—Nickel steel ground to size; square driving ends for universal couplings.
- 15—SPEEDS—3 forward and reverse.
- 16—CONTROL—All levers in center; short travel.
- 17—DRIVE—Left hand.
- 18—PEDALS—Control pedals adjustable to suit driver.
- 19—STEERING WHEEL—18 inches corrugated fine walnut finish.
- 20—WHEEL BASE—118 inches.
- 21—FRAME—4 inches side members; 3/4 inches flanges; 30 carbon steel.
- 22—FRONT AXLE—"I" team, drop forged and heat treated.
- 23—TIE RODS AND STEERING MEMBERS—Extra strong and safe.
- 24—REAR AXLE—Construction perfect, full floating. Pressed steel housing, dust proof.
- 25—BRAKES—14 inch drums, 4 inches wide; internal expanding.
- 26—BRAKE EQUALIZERS—Drop forged connections; perfect equalization, reducing skidding 90 per cent and increasing tire mileage.
- 27—FRONT SPRINGS—37 inches long, 2 inches wide; semi elliptic.
- 28—REAR SPRINGS—52 inches long, 2 inches wide; 1/2 elliptic.
- 29—DOUBLE SPRING SHACKLES—Single piece, drop forged loop preventing spring breakage or spring reversing.

Any Other Car Under Comparison

- 1 Nearly every one of the
- 2 STAVES specifications set
- 3 down in the left-hand column
- 4 might be reduced in size, shape
- 5 or material, thus enabling a
- 6 manufacturer to reduce the list
- 7 price of his car to a catchy
- 8 figure.
- 9 Competitors' specifications, if written in this column,
- 11 might read well from numbers one
- 12 to eight, or possibly to twelve
- 13 or twenty-five.
- 14 Then what happens? The
- 15 usual skipping process takes place.
- 16 It may crop out in an undersized
- 17 engine, cheap wheel, tire, axle or
- 18 frame. You may pick the flaw in
- 19 an overweighted car due to the use
- 20 of cheap material and poor workman-
- 21 ship.
- 22 There are a hundred ways
- 23 by which quality and workmanship
- 24 may be left out of a car, and gaudy
- 25 finish and big discounts to the dealer
- 26 substituted. The consumer
- 27 induced to buy a car on the
- 28 strength of its outward appearance
- 29 pays the penalty.

Next week we will give you the balance of the fifty reasons.

CHAS. D. NICHOLS, CHAS. C. NICHOLS and HAROLD H. NICHOLS of Cresco, Distributing Agents for Howard, Winneshiek and Chickasaw Counties.

We will give a personal demonstration of our car to any prospective buyer within this territory. Selling agents wanted in every town in the said territory. Address the above agents or the home office of
