MEN CONFIDE IN US!

We have been established in Des Moines for over 22 years, much longer than any other firm of specialists in Iowa. We have treated thousands of cases successfully where others have treated hundreds. We refer you to any bank in Des Moines as to our financial responsibility.

These are the things for you to consider when you decide to be treated for any special disease. Do you suppose we would have the largest practice of any specialists in the West, if we were not successful? Not a bit of it—people come to us because we have been successful and they have confidence in us.

"606" Treatment For Blood Poison

If you have Blood Poison in any form you can be cured in a short time with Professor Ehrlich's famous remedy, "606" or Salvarsan. We administer the treatment at our office without pain, danger or inconvenience to the patient. You can take the treatment and return home on the next train. Thousands of cases cured. Write for full information and booklet regarding this famous remedy.

We also treat successfully: Varicella, Hydrocele, Sexual Weakness, Nervous Disorders, Kidney Troubles, Loss of Urinary Bladder and Prostatic Trouble and Kindred Diseases.

If you are suffering with any of these, write us. All correspondence confidential. Plain envelopes used. Our 76 Book of "Things Men Ought to Know" sent free.

AIDING FLOOD SUFFERERS

Red Cross Has Army of People at Work in Ohio.

Washington, April 27.—An army of mercy under the direction of the Red Cross, numbering approximately 5,000 and having at its command nearly \$2,000,000, is working throughout the recently flooded districts in Ohio, helping impoverished plain people get back to independence.

Ernest P. Bicknell, national director of the American Red Cross, has established headquarters in Columbus, O., and from there he is directing the relief work.

PROBE OF MINE DISASTER BEGINS

Finleyville Explosion Cost Lives of Ninety-six.

Pittsburg, April 29.—Final search of the Cincinnati mine of the Pittsburg Coal company near Finleyville, Pa., where the explosion occurred last Wednesday, killing ninety-six men, was completed and the fact established that all the dead had been removed.

Official investigation into the disaster began when James E. Rodecker, chief of the state bureau of mine inspection, and a party of four district inspectors went through the workings. Three mining engineers will be named by Inspector Rodecker to make independent investigation and submit separate reports to him.

Canal Zone to Be Dry.

Panama, April 26.—By direction of Lindley M. Garrison, secretary of war, the Panama canal zone will be without saloons during the coming fiscal year. At the present time there are thirty-five saloons in the zone towns.

JAP INVESTIGATORS COMING

Political Parties to Probe California Situation.

Tokio, April 29.—The report that Viscount Kentaro Kaneko, privy councillor, is going to Sacramento in connection with the pending alien land ownership legislation is untrue, but the Selyukat—Constitutional—and Kuminto—Opposition—parties, are dispatching representatives to California to make a personal investigation of the situation.

The official view is more hopeful, owing to Secretary Bryan's mission, but public opinion still insists that the present is the most suitable moment to settle the whole American-Japanese question and thus prevent a recurrence of similar disputes.

THROWS BOYS OVER BRIDGE

Saying No One Loves Them Mother Then Follows.

Logansport, Ind., April 29.—Mrs. Nellie Paugh, thirty-six years old, threw her two sons, Donald, twelve, and Delbert, six years of age, from a bridge into Deer creek and jumped into the stream.

The mother and the younger boy were drowned, but Donald swam to shore.

Before throwing the boys off the bridge the mother told them she was doing so because no one loved them.

OPERATE AGAIN ON DUCHESS

Wife of Governor General of Canada Has Relapse.

London, April 29.—A bulletin issued by the surgeons in attendance on the Duchess of Connaught, wife of the governor general of Canada, who underwent an operation for intestinal trouble on April 10, states that intestinal obstructions have recurred and another operation is necessary.

MINORITY WEARY OF TARIFF FIGHT

House Republicans Feebly Oppose Free List.

SENATORS COMPLETE PLANS

Finance Committee of Upper House Makes Arrangements to Consider Underwood Measure After It Passes the Lower Body—Oral Hearings Will Not Take Place and Only Briefs Will Be Given Attention.

Washington, May 6.—The free list of the Underwood tariff bill, with its Democratic promises of reductions in the cost of living, furnished the grist for the legislative mills of the house. Through the sessions the Republicans, wearied by the persistence with which the Democrats rejected all amendments, made perfunctory attempts to place on the dutiable list articles the Underwood bill would admit free. There was little of a real struggle, however, and only a few minor amendments, proposed by the ways and means committee Democrats, were adopted.

While the house dragged along through the bill the senate finance committee made its plans for the consideration of the bill when it shall have passed the house. It was decided not to hold oral hearings on the various schedules, but to accept and consider any bills that might be submitted by those interested in the tariff.

The house Republicans attacked hundreds of items in the free list of the Underwood bill. In almost every instance they argued that the admission of the various articles free would "ruin the industry" and would not reduce the cost of living.

Majority Leader Underwood pointed out that this argument was inconsistent.

Would Benefit the Consumer.

"In order to ruin the industries," he said, "as you gentlemen seem bound to do it would be necessary to reduce the price the producers receive. This would inevitably result in a reduction to the consumer."

In order to eliminate unnecessary debate Mr. Underwood, after the free list had been half completed, obtained an agreement to pass the paragraphs which were not in controversy without debate. The disputed paragraphs then were taken up in order.

An unsuccessful effort was made by Representative Moore of Pennsylvania to have Bibles taken from the free list. He paid tribute to the Scriptures, but said he saw no reason why Bibles of foreign manufacture should be admitted free of duty for sale in this country.

Representative Stevens of Minnesota wanted harness and saddlery put on the dutiable list and Representative Gardner of Massachusetts and others sought to impose duties on boots and shoes. This brought Representative Peters of Massachusetts to his feet with a declaration that free boots and shoes would place the American shoe industry on a better basis than ever before.

CURRENCY REFORM LIKELY

Measure May Pass Present Session of Congress.

Washington, May 6.—President Wilson indicated his strong hope of currency legislation at the present session of congress. This is taken to mean that the president and those members of both houses with whom he has been conferring on the subject are rapidly reaching an agreement as to the details of a currency measure, as well as its general features.

It also indicates that not so much difficulty over the tariff is expected by the administration as has been generally believed. Currency legislation would not be so confidentially talked of, some of the leaders say, if it was felt that the senate would prove a serious stumbling block in tariff revision.

HUMANE WARDEN QUILTS JOB

Major Robert J. McClaughrey of Leavenworth Resigns.

Leavenworth, Kan., May 6.—Major Robert J. McClaughrey, for the last fourteen years warden of the federal penitentiary here and one of the best known criminologists in the United States, forwarded his resignation to the department of justice. The warden, who is seventy-four years old, said he thought he "had been on the job long enough."

Warden McClaughrey was known as "the humane warden." His instructions to his subordinates were "treat a prisoner like he was a man—make a man of him."

SENATE DEMOCRATS ALARMED.

Washington, May 6.—Alarmed by the frequent lack of a quorum in executive sessions and by the strength of Republican opposition to many of President Wilson's nominations, senate Democrats at a conference, decided to put forth efforts to preserve a working majority at all times.

EDISON LOSES LONG SUIT

Supreme Court Dismisses Infringement Action Against Goulds.

Washington, May 6.—After being in the courts thirty-seven years the suit of Thomas A. Edison and others against the Atlantic and Pacific Telegraph company and the heirs of Jay Gould, for alleged infringement of patents relating to quadruplex telegraphy, was ended when the supreme court dismissed the Edison appeal. The lower court held it was without jurisdiction to consider the case and the supreme court sustained that view.

THIRTEEN PERISH WHEN BOAT SINKS

Steamer Returning From Relief Mission to Flood Sufferers.

Natchez, Miss., May 3.—Two white men and eleven negroes were drowned and a negro boy mortally injured when the steamer Concordia struck an iron railroad bridge at Clayton, La., and sank. The boat, which left here Wednesday with relief supplies for flood sufferers, was returning with 120 persons on board.

Because of the flood the draw of the New Orleans and Northwestern railroad bridge at Clayton had been left open and when the pilot attempted to pass the boat struck a pier and sank.

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength, as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building, iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. P. A. Clemmer, Druggist, Cresco, Ia.

WASHOTINT

Washotint is a perfect, flat, sanitary, washable coating for producing on interior walls and ceilings, soft, beautiful tints that lend an artistic air to the surroundings.

It is becoming more and more the fashion to tint walls in soft flat tones, but in getting this result use Washotint, which will not spot every time water splashes on or touches it, as is the case with cold water or kalsomine paints.

The surface produced with Washotint is non-porous, non-absorbent and hard, and it is both sanitary and cleanly.

Paige Cars Come in Two Sizes

The efforts of this company are not scattered. Two chassis, the 25 and the 36, with various types of roadster, touring car, coupe and sedan bodies, are made.

There is much to be gained by concentration. Everything can then be done well—manufacturing costs can be kept down and efficiency kept up—under this system.

The Paige 25 at \$950 and the Paige 36 at \$1275, express ripe experience. Be guided in your selection of cars by the speech of Paige owners. Their experience is worth much to you.

Paige quality is standard—always has been and always will be.

Either of these two cars is well worth study.
