

# PLAIN DEALER

FRIDAY, MAY 30, 1913

BY MEAD PUBLISHING CO

Official Paper of City and County

Issued on Friday of Each Week.

## HIGH SCHOOL NOTES.

"Why Live in the Lowlands When the Highlands are Calling?"—Senior Class Motto.

Decorah vs. Cresco, Thursday afternoon at 3:15.

This is examination week for all but the Seniors, who have already passed their finals.

At the present writing the annuals have not arrived, considerable delay having arisen over the making of the cuts. Word has been received, however, that they will be shipped the fore part of this week, and it is hoped that they will be here in time for delivery before school is out.

The children of the public schools will furnish the flowers for Decoration day this year, a special collection having been recently taken to secure cut flowers for the living soldiers. They will be presented by twenty-four little girls at the soldier's monument if the weather permits, otherwise at the M. E. church. The children have shown a great deal of enthusiasm over this opportunity to express their love for the boys in blue.

The Music Fest given by the high school band last Wednesday night was a success in every way, and brought forth words of praise on every hand. When it is taken into consideration that the band has been organized only about two months, their playing is remarkable and the people of Cresco as well as the pupils of the high school are proud of them.

Cresco journeyed to Decorah last Friday for the first game of the season with our old rivals, and came home with another victory by a score of six to four. Decorah showed unusual improvement, while Cresco did not play up to their usual standard, being affected perhaps by over confidence. Decorah comes here for a return game next Thursday afternoon, and if the weather is favorable we hope to have a record breaking crowd out for this last game of the season. Cresco has had another successful season so far, having lost only one game and that by a single score in eleven innings. If we can defeat Decorah again next Thursday we can well feel proud of the season's work.

The annual picnic given by the high school faculty to the Seniors occurred last Saturday afternoon at Vernon. After partaking of a bounteous repast, the rest of the

time was spent on a trip up the river. Mr. Tiss was discovered by Mr. Wells doing a snake dance with one of the row boats about a mile up the river, and Wells says it was hard to tell whether he was going or coming, as he had the rear of a clinker-bottomed boat faced upstream. After Wells got him straightened out Tiss said he wondered what made that boat pull so hard and how he couldn't keep it going straight. Without further mishap the crowd of merry-makers started for home about 7:30, only to be caught in one of the usual downpours that have appeared upon the scene every day this month, but without which no picnic would be a complete success.

The Methodist church was packed to its utmost capacity Sunday night to hear the Baccalaureate sermon delivered by Rev. B. W. Soper. In spite of the rainy weather about fifty people were unable to gain admission to the church and were obliged to return to their homes. Rev. Soper was assisted by Revs. Shaffer and Gammons and music was furnished by a splendid double quartet. Rev. Soper took as his text the 27th verse of the 1st Philippians: "Only let your manner of life be worthy of the gospel of Christ." In addition to this he quoted Juvenal, the Roman satirist, as follows: "The only true nobility is that of a virtuous character." The subject of his address was "Character Building" and contained a wealth of excellent advice both to the graduating class and to those fortunate enough to hear it. The speaker brought out the fact that character building begins at the cradle and builds on a foundation of faith, virtue, knowledge, patience and brotherly kindness. To attain complete success, one must have three kinds of faith: faith in God, faith in your fellow-man, and faith in yourself. Virtue implies not only nobility of character but manly strength and courage. Gladstone was an eminent example of a man towering above all others because of this quality in his character. Knowledge is another cornerstone in the foundation of character, but knowledge without moral courage is a dangerous weapon. Patience and perseverance are also necessary in character building, as the class had proven by pressing on toward the goal of their ambitions, while others of their classmates had fallen by the wayside. Brotherly kindness is also an essential part of character building, and by this is meant an appreciation of the rights of others. In this life we often misjudge each other and our efforts are underestimated, but the Heavenly Father looks at our deeds through the eyes of love and if we always strive to please Him all will be well.

Rev. Soper is at all times a pleasing speaker, but under the inspiration of his splendid audience he seemed fairly to outdo himself, and all who had the privilege of hearing him agree that it was a masterly effort.

The class day exercises were held in the high school assembly room Monday afternoon, the program being carried out as already published. The graduates were greeted by a packed house and the audience seemed well pleased with the orations, readings, music and so forth, as given by the members of the class.

## State Sunday School Convention.

The 48th annual convention of the Iowa State Sunday School Association will convene at Burlington, June 3, 4, and 5, 1913, with what promises to be a record breaking attendance from the 5,000 protestant schools of the state.

Special trains will carry delegations from Black Hawk, Poik and Mahaska Counties. Much interest is being manifested in the Monster Parade which is planned for Tuesday, June 3rd, at 7:30 p. m. Thousands of men and women will be in line with floats, banners and brass bands.

The Burlington Commercial Club has planned a free boat ride for all the visiting delegates on Wednesday afternoon.

The program announces an unusual array of talent, including the names of such persons as Rev. J. W. Williamson D. D., pastor of Third Baptist Church, St. Louis; Prof. Walter S. Athearn, Des Moines; J. H. Engle, General Secretary of the Kansas Sunday School Association; W. C. Pearce, Adult Superintendent of the International Sunday School Association; Hugh Cork, General Secretary of Illinois Sunday School Association; Prof. W. E. M. Hackelmann, Musical Director, Indianapolis, Indiana; Mrs. G. P. Baity, Noted Junior Worker, Kansas City, Missouri; and a host of Iowa Sunday School specialists.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

**A Progressive Century.**  
The twentieth century has given us a satisfactory treatment for rheumatism. The American Drug and Press Association, of which we are members, are manufacturing a preparation called Meritol Rheumatism Powders, from a formula adopted by them after medical experts had pronounced it one of great merit. Give Meritol Rheumatism Powders a trial. They are guaranteed.—Fred Lowry Exclusive Agent.

# LOBBY FIGHTING THE TARIFF BILL

President Declares Special Interests Are Busy.

## USING MONEY WITHOUT LIMIT

Newspapers Filled With Paid Advertisements Intended to Mislead the Public Judgment.

Washington, May 27.—President Wilson told correspondents that he believed the most extraordinary lobby ever gathered by special interests to overcome legislation was now mustered at the Capitol against the tariff bill.

The president said he had no doubt that a few so called lobbyists were there on legitimate errands, but that the great majority were occupied in a systematic misrepresentation of facts. While the president believes that the "lobby" opposition is concentrated against free sugar and free wool he is not apprehensive that it will be successful.

The president made it clear that he believed scientific business methods and efficiency would overcome tariff cuts and that Louisiana would not only be able to continue in the sugar industry, but would do so profitably.

The president later issued the following statement:

"I think that the public ought to know the extraordinary exertions being made by the lobby in Washington to gain recognition for certain alterations of the tariff bill. Washington has seldom seen so numerous, so industrious or so insidious a lobby.

"Money Without Limit."  
"The newspapers are being filled with paid advertisements calculated to mislead the judgment not only of public men, but also the public opinion of the country itself. There is every evidence that money without limit is being spent to sustain this lobby and to create an appearance of a pressure of public opinion antagonistic to some of the chief items of the tariff bill.

"It is of serious interest to the country that the people at large should have no lobby and be voiceless in these matters, while great bodies of astute men seek to create an artificial opinion and to overcome the interests of the public for their private profit.

"The government in all its branches ought to be relieved from this intolerable burden and this constant interruption to the calm progress of debate."

Darwin P. Kingsley, president of the New York Life Insurance company, appeared before the senate finance subcommittee, working on the income tax section of the Underwood tariff bill, to discuss provisions relating to insurance companies.

# WOMAN COULD NOT WALK

She Was So Ill—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Pentwater, Mich.—"A year ago I was very weak and the doctor said I had a serious displacement. I had backache and bearing down pains so bad that I could not sit in a chair or walk across the floor and I was in severe pain all the time. I felt discouraged as I had taken everything I could think of and was no better. I began taking Lydia E. Pinkham's Vegetable Compound and now I am strong and healthy."—Mrs. ALICE DARLING, R.F.D. No. 2, Box 77, Pentwater, Mich.

Read What Another Woman says: Peoria, Ill.—"I had such backaches that I could hardly stand on my feet. I would feel like crying out lots of times, and had such a heavy feeling in my right side. I had such terrible dull headaches every day and they would make me feel so drowsy and sleepy all the time, yet I could not sleep at night.

"After I had taken Lydia E. Pinkham's Vegetable Compound a week I began to improve. My backache was less and that heavy feeling in my side went away. I continued to take the Compound and am cured.

"You may publish this if you wish."—Miss CLARA L. GAUWRTZ, R.R. No. 4, Box 62, Peoria, Ill.

Such letters prove the value of Lydia E. Pinkham's Vegetable Compound for women's ills. Why don't you try it?

**Peevish Children Suffer With Worms**  
Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms.  
Among the common symptoms of the presence of round worms are nervousness,—which often leads to epileptiform attacks;—dizziness, vertigo, capricious appetite, restless sleep, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite.  
Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects, will be the improved conditions of the person using it.  
Millions of parents have praised this medicine for more than eighty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son Philadelphia, Pa.  
**Chamberlain's Cough Remedy**  
Cures Colds, Croup and Whooping Cough.

# Are Your Crops Protected Against Hail ?

They may be destroyed in 15 minutes. If you are not protected, why not? Because some stranger fooled you once? There has been an agent in the northeast part of the county fooling the farmers this spring. He found the farmers wanted insurance, in the MUTUAL HAILSTORM INSURANCE ASSN., the company I am writing in, so he claimed he had the same company—the company that paid J. J. Johnson's loss last year. He told them he was taking Smith's place, and got some insurance that way; but when the policies came back they were in the Farmers' Mutual, the Rutledge Co., (the same old thing they were stung in some years ago) instead of the Mutual Hailstorm Insurance Assn., C. V. Stanley, Secretary, which I write for. But these policies have nearly all been sent back cancelled, and written in the Mutual Hailstorm. This man got their money under false pretenses and he had no license to write for the company he put them in and was violating the law. Any one whom he worked in this way if they will let me know I will see that they get out of it.

I write your application, leave you a copy of it and don't ask you to pay any money till you receive your policy and examine it, or if you choose, take it to a banker or attorney and if they find a flaw in it telephone me and I will come and take it up at my expense. We insure growing crops, corn and fodder, wheat, oats, barley, rye, flax, timothy, clover, buckwheat, beans, peas, broom corn, sorghum, and tame grasses; but no horticultural stuff; and do not go outside of the state of Iowa. We pay for what is lost at the price on the market the day of adjustment. We have one assessment a year, in October, and the assessments have averaged less than 3 per cent since the company was organized in 1899; but the assessment cannot exceed 4 per cent any year.

JAMES N. SMITH, Local Agent, Bonair, Iowa.
