

Dain Vertical Lift Mower

ITS compensating gears and cutter bar re-aligning device are successful examples of the wonderful inventive genius of Mr. Joseph Dain. The gears are so mounted in relation to each other, that perfect balance and true mesh are permanently insured, and the crank shaft is relieved of all cutting power. That is why the DAIN MOWER runs lightly and cuts where others fail.

It is the only mower you can re-align, yourself, right in the field with your wrench. This practical adjustment for maintaining the cutter bar in line with the pitman means added efficiency and extra years of service.

A REAL VERTICAL LIFT

Notice the spade-handle on the lever. Easy to grasp, no twisting. One movement of one lever raises the bar, knife throws in and out of gear automatically as bar is raised and lowered. The large-coil, flexible spring floats the cutter bar, does practically all the work in lifting with the foot at corners and helps in raising the bar vertically.

Dain makes the best hay tools. They have been specializing on them for over a quarter of a century. Learn all about this greatest of all mowers, and about the entire line of Dain Hay Tools, Loaders, Side Delivery Rakes, Presses, etc., by inspecting the same which you can see at

Mrs. John Howard is preparing to leave for Dubuque to reside, and on Tuesday afternoon a number of neighbors and friends gathered at her home to give her a farewell party. A picnic supper was served and a general good time enjoyed by all participants.

The well-known Clydesdale Stallion Dale, No. 12277, will make the season beginning April 15th, 1913, in Cresco and vicinity, with headquarters at White's barn. Fee, \$15 to insure a foal one week old.

J. F. McIntire, Manager.
Well improved 160 acre farm 3 miles from Cresco; also a well located 200 acres with fine buildings. Both are good farms with no waste land. Price for either \$85 per acre. For further information see JAS. H. DALEY, 38ct Vernon Springs Road, Cresco, Ia.

Mrs. Joseph Weakland recently marketed at Schley a load of 101 dozen of eggs gathered in 16 days from 140 hens, and still had 17 dozen left at home. Malek Bros. paid her \$16.16 for the load. We believe Mrs. Weakland's success with poultry is approached by but few Howard County women.

FOR SALE OR RENT—400 acre grain and stock farm on Sec. 27-100-13, 2 1/2 miles south of Chester railroad station and 4 1/2 miles west of Lime Springs. Is watered with springs and spring brook. For terms apply to owner on place or write JOHN CRAY, Lime Springs, R. D. No. 2, Box 11, Howard Co., Ia. 32ct.

I want to show you one of the biggest stallions and jacks in Iowa. We have six stallions at White's livery barn for the season of 1913, among them a 2200 lb. blue roan Belgian and the first prize Percheron at the late short course. Our horses are all pure bred and not a blemish on the bunch. M. P. Lydon, Cresco, Iowa. Phone 99.

A large proportion of the population of the city was at the new depot Sunday evening, the evening passenger being the first train to stop there. The new depot is certainly all that can be asked for, as it is commodious, clean, well lighted and convenient. The new building necessitates an extra telegraph operator, three being on duty at the new depot during the 24 hours of the day, as Mr. White and Charles McNally are located at the old depot where the freight and express business will be transacted.

Miss Etta Doolittle closed a very successful nine month term of school in Dist. 5, Deer Creek Township, Friday, May 23rd, by inviting the patrons and friends of the school to a picnic dinner. Miss Doolittle is a teacher of rare ability and her ability was appreciated by the patrons of her school to such an extent that they induced her to teach one month of private school at the close of her regular eight-month term. The patrons of Dist. 5 are anxious for Miss Doolittle to teach their school the coming year. Work well done is a joy forever. A PATRON OF THE SCHOOL—The Northwood (Iowa) Anchor, Wednesday, May 23, 1913.

Children Cry FOR FLETCHER'S CASTORIA

ARION STROTHER

No. 50809

State Certificate No. 1360.

Renewal No. 779.

Division of Horse Breeding

Arion Strother, 50809, was bred by Enoch Strother, Cresco, Iowa, and was foaled in 1909; is brown in color and of good individuality, and with the blood of high-class and fashionable trotting families necessary to make him a sire of style and speed.

His sire is Arion, 18000, record 2:07 3/4, the only harness horse in the history of the world that ever sold for \$125,000. Arion has the champion 2-year-old trotting stallion record of 2:10 3/4, and the champion 3-year-old record of 2:10 1/2, both made with the old-fashioned, high wheel sulky and on that basis has never been equalled.

Arion Strother, through his sire, combines the Electioneer blood with that of Nutwood, the greatest sire of producing dams, and Pilot Jr., thus making the world's greatest outcross for Wilkes mares.

Arion Strother's breeding on his sire's side is backed up by that of his dam, Dot Sprague, tracing to Princeps, sire and grandsire of 224 standard performers with records so low as 2:05 3/4. His dam's breeding combines the producing blood of the Geo. Wilkes, Gov. Sprague, Gold Dust and Hambletonian families; and can be seen at Strother's barn. Only a few approved mares will be accepted.

ARION STROTHER will make the season of 1913 at the Strother barn, Cresco, Iowa, in charge of M. J. McArthur.

FEE \$25.00 to insure a live foal. Free return privilege if mare proves not in foal. Mares sold or traded shall be considered in foal and service fee immediately due.

"MAIL ORDER" Cream Separators

When you buy a cream separator you want the best machine you can get for the money, don't you?

Well, then, just listen to this proposition:

Before you order a "mail order" separator write to the concern and tell them that you want to try their machine out against a De Laval, with the privilege of sending their machine back if you decide that the De Laval is better worth what we ask you for it than their machine is worth what they ask.

That's absolutely fair, isn't it?

We'll be glad to furnish you a De Laval for such a trial any time you like and let you be the judge.

We are glad to make this offer because we know that the De Laval will give you better service and cost you less in the long run than any other machine you can buy, no matter what the price.

If you already have a mail order separator, or any other for that matter, which isn't giving satisfaction, we have an exchange offer that we believe will interest you.

Before you buy a Cream Separator see and try a DE LAVAL
