Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not hard work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

An Axle Built to Stand the Strain

The rear axle of an automobile carries most of the load and drives the car. Its work is most severe; and it is also subjected to the strains of traveling over rough roads. So it must be strong enough to carry the weight, drive the car and resist the shocks of rough going. In this particular the Hupmobile again stands head and shoulders above the average car. Its rear axle is of the full-floating type—a type you rarely find except on cars much higher in price. In this type, the casing or housing of the axle carries the load; the axle shafts drive the car. Each part has its own work to do. Neither is forced to carry the weight and drive the car as well. And the axle is so strong and sturdy that it needs no support of truss rods, and reach rods, as most axles do. Because of its exceptionally rugged axle construction, in conjunction with its other superiorities, the Hupmobile stands up notably well in country use. Its owners know that they have nothing to fear from rough and rutty roads, because the Hupmobile axle will carry them through.

Won't you afford us a chance to demonstrate the easy riding qualities of this car?

WILLIAM M. WOOD.

Head of Woolen Trust Acquitted in Dynamite Case.

WOOD FREED IN DYNAMITE CASE

Millionaire Not Guilty of Conspiracy Charge.

Boston, June 8.—After deliberating throughout the night the jury acquitted President William M. Wood of the American Woolen company of the charge of conspiracy to injure the textile strikers at Lawrence by "planting" dynamite. A disagreement in the case of Frederick E. Atteaus was reported. Daniel J. Collins, who turned state's evidence, was found guilty on two counts and not guilty on the other four counts of the indictment. The first count charged conspiracy to injure the textile strikers and the second count conspiracy to injure unknown persons. The other counts alleged conspiracy against certain persons and a plot to damage property. The case, one of the most sensational that has grown out of a dispute between capital and labor, was considered by the jury nineteen hours. Attorney Henry F. Hulbert, counsel for Wood, immediately asked the court to direct an investigation of the published statement that an attempt had been made to influence Morris Shuman, one of the jurors.

ASSERTS TREATY WAS VIOLATED

Main Point in Japanese Note of Rejoinder.

SAY QUESTION IS POLITICAL

Mikado's Government Declares Action of California is Discrimination Against Friendly Power.

Tokio, June 7.—The rejoinder of Japan to the United States' note on the subject of the alien land ownership legislation reiterates that the bill passed by the California legislature violated the spirit of the Japanese-American treaty by discriminating against a friendly power.

It points out that even if the question is an economic one, it enters the domain of international relations and therefore becomes a political question. The note says that the California land legislation violates article I of the Japan-American treaty of 1911, which authorizes subjects or citizens of the contracting parties to own or lease houses, which are inseparable parts of real estate.

Contrary to Constitution. It also declares that the new bill violates the fourteenth amendment to the United States Constitution, requiring the state to grant equal protection under its laws to all persons within its jurisdiction.

Interest in the Japanese-American land ownership controversy is unabated in Japan and continues to be the paramount topic of conversation among all classes. Several mass meetings of protest are being arranged. Tatsuo Yamamoto, minister of agriculture and commerce, declared that the Japanese government is desirous of participating in the Panama-Pacific exposition, but owing to popular feeling it is obliged to determine public sentiment before proceeding further with its plans.

FORMS NEW CABINET RULE

President Wilson Authorizes Substitutes for Absentees.
Washington, June 8.—President Wilson apparently has established a rule that in the absence from the city of the heads of the departments assistant secretaries shall sit in their places at the cabinet table.

John Skelton Williams, assistant secretary of the treasury, attended the last cabinet meeting, and on all occasions upon which Secretary Bryan has been away thus far John Bassett Moore, counsellor of the state department, has joined the president's advisers. It is said the reason for the rule is that each cabinet officer may have a representative at the session who will report to him any subjects concerning his department which may come up for discussion during his absence.

The Pole became involved in a quarrel with an Indian in Brimley, stabbed and killed him and then fled toward a lumber camp near Wellburg. James Sutton, deputy sheriff, with two men from Brimley, went to arrest him, but the Pole, armed with a revolver, shot the three and made his escape.

London, June 10.—The final session of the peace conference between the delegates of the Balkan allies and those of Turkey was held at St. James palace and ended without anything being decided as to the exchange of prisoners or other matters. The delegates agreed to leave all outstanding questions to their respective governments.

BURDEN FALLS ON ROADS

Attorney General McReynolds Discusses Rate Opinion.

Washington, June 10.—Summarizing the decision of the supreme court of the United States in the Minnesota rate case Attorney General McReynolds said:

"The court holds that congress, in the interstate commerce act, has not deprived the states of the right of fixing maximum interstate rates. They still have that power. In contesting a rate fixed by the state on the ground that the rate is confiscatory the decision says that the burden of proof of confiscation falls upon the railroad. The court found that the Minneapolis and St. Louis railroad had established that the rates affecting them were confiscatory, but that the Northern Pacific and Great Northern had failed in such proof."

PITTSBURG BOARD DISMISSES HEETER

Declares Educator Guilty of Immoral Conduct.

Pittsburg, June 7.—Superintendent S. L. Heeter of the Pittsburg public schools was declared by the board of public education guilty of immorality and taking unwarranted liberties with women. By a vote of 12 to 1, two members being absent, Mr. Heeter was dismissed from the service of the board of education.

After consultation with his attorney, Clarence Bureleigh, Mr. Heeter declined to issue any statement or to discuss the case. Recently he declared that if discharged he would sue the board for the collection of the \$20,000 of his salary under his contract for a term of years. He declined to affirm or deny that he contemplated such action.

CALLED TRICK OF OPERATORS

Mine Owners Trying to Divert Attention, Says White.

Pittsburg, June 10.—The indictments charging us with conspiring with coal operators of Indiana, Ohio and Western Pennsylvania to control labor and coal shipments in violation of the Sherman anti-trust law look to me like an attempt on the part of the operators to divert attention from anything that may develop before the Kern investigating committee," said J. P. White, president of the United Mine Workers, indicted with other mine workers officials at Charleston, W. Va.

SHOT TO DEATH BY REBELS

SPANISH LADIES IN ORCHESTRA COMPANY

A Chautauqua Attraction That Will Arouse Musical Enthusiasm—First Day Number.

SPANISH COSTUMES WORN.

Unique Organization of Musical Entertainers—Six Talented Lady Artists, Rendering Classical and Popular Music Designed to Meet Critical Demands—A Strong Opening Number.

The Spanish Ladies' Orchestra is coming to Chautauqua to furnish prelude for one day. This announcement should be received with enthusiasm because of the extremely high class entertainment the orchestra renders.

The management has for years desired to secure an engagement with this company for the Chautauquas and at last has succeeded. The same company that has scored such signal successes everywhere it has appeared will be here and will render its characteristic programs, delighting the people.

It is a wonderful organization. No brief writup can adequately describe its work. This orchestra stands on a plane of excellence so far above the conventional orchestra that no mere word picture, no matter how cleverly phrased, can give more than a faint idea of its true merits. Every movement is correct, and every tone is a contribution to harmonious effects.

Veritable cloudbursts of music thrill the blood and stir the emotions. The ladies appear in Spanish costumes and present a striking appearance on the platform. They were each selected with reference to the orchestra, and in temperament as well as in instrumentation the orchestra is a harmonious whole.

Their program is designed to meet the needs of a mixed audience and is made up of a collection of both classical and popular airs. Their playing arouses great musical enthusiasm and fills the souls of the people to the very brim. No musical organization in America is more popular or better equipped for musical entertainment purposes.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness corrected. Digestion begins in the mouth. Food should be thoroughly masticated and swallowed. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Fred Lowry.

A Good Investment.

There is no better investment than a fifty cent piece in a bottle of Meritol White Liniment. Muscular and rheumatic pains, swellings, lameness and soreness of the muscles are promptly relieved. Meritol White Liniment is especially recommended as a general pain killer of unusual merit.—Fred Lowry.

Notice to Breeders.

See MAXFIELD before you breed. Will make the season as follows: Fridays and Saturdays at home; the remainder of the week at Protivin. Fee \$10 to insure a foal one week old.
