ARION STROTHER
No. 50809

State Certificate No. 1360. Renewal No. 779. Division of Horse Breeding

Arion Strother, 50809, was bred by Enoch Strother, Cresco, Iowa, and was foaled in 1909; is brown in color and of good individuality, and with the blood of high-class and fashionable trotting families necessary to make him a sire of style and speed.

His sire is Arion, 18000, record 2:07%, the only harness horse in the history of the world that ever sold for \$125,000. Arion has the champion 2-year-old trotting stallion record of 2:10% and the champion 3-year-old record of 2:10%, both made with the old-fashioned, high wheel sulky and on that basis has never been equalled.

Arion Strother, through his sire, combines the Electioneer blood with that of Nutwood, the greatest sire of producing dams, and Pilot Jr., thus making the world's greatest outcross for Wilkes mares.

Arion Strother's breeding on his sire's side is backed up by that of his dam, Dot Sprague, tracing to Princess, sire and grandsire of 224 standard performers with records so low as 2:05%. His dam's breeding combines the producing blood of the Geo. Wilkes, Gov. Sprague, Gold Dust and Hambletonian families; and can be seen at Strother's barn. Only a few approved mares will be accepted.

ARION STROTHER will make the season of 1913 at the Strother barn, Cresco, Iowa, in charge of M. J. McArthur.

FEE \$25.00 to insure a live foal. Free return privilege if mare proves not in foal. Mares sold or traded shall be considered in foal and service fee immediately due.
