## The College of Commerce, Waterloo Is the School for You.

If you will send for our 1913 catalog, just off the press, you will  
say, as we say, that it is one of the most beautiful catalogs ever  
issued by a business college.

A woman from Dyarville called the other day to enroll her daughter  
for the opening of the Fall Term, September 8, and she said it  
was the best catalog they had received.

As this catalog of ours compares with other school catalogs so  
our school compares with other business colleges.

Do you know that sixty-eight graduates out of our 1913 class of  
117 graduates live in Waterloo, where our school is best known?

Think of it—sixty-eight graduates from Waterloo alone. Why  
this is three graduates more than any other business college in this  
territory had in its entire 1913 graduating class. That is quite a  
record, isn't it?

Speaking of records, do you know that we hold the Amateur  
Typewriter Championship of the Middle West, the Brown Trophy,  
and the Remington and Smith-Premier Typewriter student Cham-  
pionships of the world?

Can you realize now why we have such a great demand for our  
graduates, and why you are so absolutely sure of a splendid business  
education and a good office position if you enroll in this school?

The tuition is only \$10.00 a month. Our special proposition will  
give you free books—write for it.
