That age is no bar to Cupid's darts is demonstrated in the union of two Wright county hearts that now beat as one despite the fact that time had tinged their hair with gray. The Curtis Sash and Door company of Sioux City, after two years' investigation, has worked out a system of pensions for employes that will cost the company in the neighborhood of \$25,000 per year. This goes into a general fund.

Two or three gallant young fellows went into a restaurant at Sioux City and as the waitress started to pour a second glass of water for one of them, leaning very close, the youth made bold to steal a kiss. The county was organized in 1855 and in 1858 an election was held and the county seat moved to the present site of Goldfield. In 1867 the county seat was moved to the center of the county and located at Clarion, where it is now located.

Consumptives Helped by Tuberculosis Medicine

It is folly to believe that Consumption differs from every other disease in not requiring the use of any medicine for its treatment. For a number of years an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to Eckman's Alternative medicine for Tuberculosis, has been accumulating. Surely plenty of time to demonstrate its lasting value. You can write to any of them. Here is one:

"Gentlemen: In the winter of 1908 I had an attack of Grippe, followed by Pneumonia and later by Consumption. I grew steadily worse. In the winter of 1909 I had cough, night sweats, fever and wasted quantities of awful-looking stuff and had many hemorrhages at one time three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity, I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends."

(Sworn affidavit) ANNE F. LOUGHRAN.
 Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.
