

A Good Thing to Know

The place where
The Best Line of
Monuments on the
market are obtain-
able. Those that
show Originality
and the Best of
Material and
Workmanship.

That is what people
want now days. Something that is last-
ing at reasonable prices, pleasing to the
eye and yet modest.

I have been building monuments for the last 20
years and have built my reputation on Quality and
Dollar's Worth for Dollar Spent. There is no monu-
ment too large and none too small for me to handle.
I will appreciate your order be it for either the largest
monument or the smallest marker. I ask a share of
your trade and will give you honest work at prices
that are astonishing. My stock is complete and is
the largest that has ever been carried in Cresco. The
next time you are in town call at my shop and look
them over. I have no agents, and would be pleased—
if it is not convenient for you to call—if you would
drop me a card and I will call on you. You can
always save money by buying of me and be assured of
the very best work. Now is the best time to buy
your work for fall delivery before the rush.

Asking a share of your orders,
