MEN CONFIDE IN US!

We have been established in Des Moines for over 22 years, much longer than any other firm of specialists in Iowa. We have treated thousands of cases successfully where others have treated hundreds. We refer you to any bank in Des Moines as to our financial responsibility.

These are the things for you to consider when you decide to be treated for any special disease. Do you suppose you would have the largest practice of any specialists in the West. If we were not successful? Not a bit of it—people come to us because we have been successful and they have confidence in us.

"606" Treatment For Blood Poison

If you have Blood Poison in any form you can be cured in a short time with Professor Ehrlich's famous remedy, "606" or Salvarsan. We administer the treatment at our office without pain, danger or loss of business. You can take the treatment and return home on the next train. Thousands of cases cured. Write for full information and booklet regarding this famous remedy.

We also treat successfully: Varicella, Hydrocele, Sexual Weakness, Nervous Disorders, Kidney Trouble, Bladder and Prostatic Trouble and Kindred Diseases.

If you are suffering with any of these, write us. All correspondence confidential. Plain envelopes used. Our 76 Book of "What Men Ought to Know" sent free.

Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alternative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified that they have lived, that all who have this dread disease should investigate and try it. It should stop the slight sweats, reduce fever, promote appetite and in very many cases, prolong life. Read what it accomplished in this case:

Catherine Ave. and Ascot Place, Queen's Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty cough and went to several doctors, including a specialist. Their medicines failed. I then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.

My brother then recommended Eckman's Alternative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped. In any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I dare say that I would not have survived long ago if it had not been for Eckman's Alternative. I wish to thank you for the goodness to me. Wherever I go I highly recommend the Alternative to my friends. I give my life to it." (Sworn Affidavit) J. O. S. TROESCHER.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa. for more evidence. For sale by all leading druggists

AMENDMENT TO CURRENCY BILL

Caucus Agrees to Paper Based on Farm Products.

DISPOSES OF LAST BIG ISSUE

Opposition to Original Measure Continues They Have Won All They Were Fighting for—Chairman Glass Asserts That Amendment Embodies None of Their "Wild and Absurd Suggestions."

Washington, Aug. 26.—An agricultural currency amendment to the administration currency bill was introduced in the house Democratic caucus.

After several preliminary skirmishes, in which other amendments were beaten, the caucus, without a dissenting vote, adopted an amendment, sponsored both by the "insurgent" contingent and the Banking and currency committee, to put paper based on agricultural products on the same basis as commercial paper for banking purposes.

It also would extend the maturity of notes and bills admitted to discount under the amendment to ninety days, instead of the originally proposed forty-five days.

This action disposed of the last of the big controversial issues in the administration currency bill.

"We have won all we contended for," was the comment of Representative Neely of Kansas, in charge of the opposition to the bill.

"The Glass amendment," added Representative Henry of Texas, "comes practically to the amendment I had advocated during the last three months."

"The rediscout section, as thus amended," replied Chairman Glass, "does not combine a single thing of the wild and absurd suggestions which had been proposed. Mr. Henry surrendered solely and simply because he was beaten. He jumped after the boat left the wharf."

Other members of the committee made similar statements.

BILL MAY PASS NEXT WEEK

Senate Making Rapid Strides on Tariff Measure.

Washington, Aug. 26.—Ratification of the free list in the tariff bill, with reservation of a few commodities for later consideration; agreement by Democrats of the finance committee to consider an amendment by Senator Kenyon which would automatically transfer trust controlled articles to the free list and discussion of the print paper and the paper schedule enlivened the tariff debate in the senate.

So rapid was the progress in consideration of the free list that Democratic leaders were led to predict a passage of the bill by the middle of next week.

Free raw wool was among the proposals in the free list approved by the senate in "committee of the whole," but this will come up again on substitutes offered in the senate proper.

Free meat, cattle, sheep, swine and wheat were passed over at the request of Senator McCumber of North Dakota.

OFFICERS LOSE FREE RIDES

Great Northern and Northern Pacific Revoke Passes.

Helena, Mont., Aug. 26.—The Great Northern and the Northern Pacific Railroad companies have revoked all passes issued to Montana state officials and their deputies, numbering about 600, and it is expected that all other roads operating through the state will take like action.

A decision of the interstate commerce commission, with reference to Colorado, gave the railroads to understand that applications to advance rates would be disallowed whenever it appeared that the carrier was wasting revenue by issuing free transportation.

CONSULAR AGENT STABBED

Spanish Madman Attacks American Official.

Huelva, Spain, Aug. 26.—While working at his desk the American consular agent at Huelva, William J. Alcock, was stabbed in the back by a madman.

Mr. Alcock's assailant was a Spaniard named Bejarano, who apparently is suffering from the delusion that Americans have stolen patents of an important invention belonging to him. The consular agent will recover. Bejarano was arrested.

THE DIARY OF DEATH.

By ADRIENNE CODY, aged sixteen, of Central park school, Topeka.

I am a fly. I'm not very old and am just learning where to find the best things to eat. My favorite places are in the spittoon in the sitting room and the uncovered garbage can on the back porch. Of course some flies would be bothered about having to go out of doors to get to that can. But it doesn't worry me. In the house where I live there aren't any screens, so I can fly from the garbage can to the spittoon in perfect safety. I often stop on the way, though, to get in the sugar bowl or crawl over any eatables that are handy.

There's a baby in this house who annoys me very much. Every time I leave the spittoon and crawl into that baby's mouth it cries and spits me out. Of course I leave a few tuberculosis germs in its mouth, but it doesn't seem like that would hurt the baby.

It seems to me like people don't know what is good to eat. At least the people in this house don't. Why, they throw away all the good things, they put them in the garbage pail. I am endeavoring to show them what good things are, however, for I get my feet all sticky in the garbage can and then go and wipe them on the bread. About a hundred of my companions are doing the same thing. I really believe that the people are beginning to like it, for they never trouble us any more. We wipe our feet on the bread in peace and quiet.

I heard the woman across the way say that she believed flies had something to do with the man in this house having consumption. I wonder if he got it from the bread.

The woman across the way is losing all her flies. They're all coming over to our house. She won't give them anything to eat. She covers up her garbage pail, has tight screens on all her doors and is a terror to flies in general. Her children are such happy, hearty youngsters, while the children in this house are always cross. They never get any afternoon nap. The flies won't let them.

There's a very great deal of illness in this house. Two of the boys have malaria and the father is never well. I heard the mother say to the woman across the way: "I really do not know what to do for all this sickness. It drives me distracted." What do you think that woman said? Why, "Swat the fly," of course, at which I ducked. Oh, yes! The baby has the typhoid.

THE FIRST CEMENT ROAD IN IOWA.

Iowa has one stretch of cement road that has been in use for two years and was one of the first built in this part of the country. This stretch of road is just out of Eddyville and was particularly bad quarter mile of deep sand.

For fifty years the people of the community had fought through the sand with from a quarter to a half load and never succeeded in bettering conditions in any way until the summer of 1911 when a request was sent to the state highway commission for an engineer to make a survey of the road and give his opinion as to the best method of remedying the trouble.

From this survey complete plans and specifications were prepared by the commission, ready for submission to contractors.

The method of financing shows the real spirit of co-operation. The

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

SECTION 3.—That a special road fund tax of Five (5) Mills on the Dollar be and the same hereby is levied and assessed on all agricultural and horticultural tracts of over ten acres, and also upon all personal property thereon.

SECTION 4.—That this Ordinance shall take effect and be in force from and after its publication in the Howard County Times and the Cresco Plain Dealer, newspapers published in said City of Cresco.

Approved, August 18th, 1913.

E. L. DAVENPORT, Mayor.
[Attest:] A. W. GILLET, City Clerk.

TEN THOUSAND DOLLARS GOVERNMENT AID FOR BOONE AND STORY COUNTIES.

E. J. Jones, agent of the U. S. Office of Public Roads, completed a contract June first with Boone and Story counties which makes the \$10,000 government aid apportioned to the state of Iowa available for the work on the Trans-Continental Highway through those two counties. Boone gets \$4,000 of this fund and Story \$6,000, each putting up twice the amount received making a total of \$30,000 to be expended on fifty miles of highway. In addition to this sum \$7,000 has been donated for the work. Iowa is the seventh state to secure the \$10,000 offered to each state on condition that they use it with \$20,000 of their own money for improving fifty consecutive miles of post roads. The other states which have closed contracts are Alabama, Maryland, Oregon, Maine, Vermont and Connecticut.
